Where Am I Going? Michelle Cromer,2011-09-01 If we are lucky, there are moments in life when all of a sudden, we can take a step away from whatever it is that consumes our days-whether it's shuttling the kids to soccer, punching in at work, or picking up the dry cleaning-and we see a bigger picture. In these ah-ha moments, some of us have taken a hard look at our lives and wondered, this can't really be it, can it? And once we wake up and ask this question, we begin to have an inkling that there is something more, something deeper, more spiritual-that our lives can have meaning. This inspiring story of Michelle's own quest for meaning in her life is a welcome departure from the typical preachy self-help book. Always spiritual, sometimes dangerous, often exotic, her search is a powerful lesson for anyone who also finally asks the Big Questions and begins their own spiritual journey.

Where Am I Going? T.M.Sparks,2014-03-05 "Where Am I Going" is about awareness in the human sense, it's about being aware of our everyday existence here and now. Why we do the things we do, day in and day out? Is what we are doing day to day really profitable, and if so, in what way is it profitable? Does it profit our further meaning here in this life? Or is it all together a waste of our time? Have we considered the God factor? Are we considering the hereafter, and if not, why not? Are we surrounded by spirits, some good and some bad? If so, how does that come into play in our earthly agenda? Why does one exist, and where is our thoughts on this matter?Some of us go on living daily without regarding our immediate future. Our immediate future is after death. Eternity cannot be compared to our short lived time here in this existence. Just as one prepares for life by going to college, should we not much more prepare for our hereafter? If we are not, why are we not?Answers to these thoughts of question and much more will be found in the chapters ahead. I believe the information found here can inspire you for a more meaningful existence and a more profitable life.

Who Am I and Where Am I Going? Helena Steiner-Hornsteyn,Martha W. Nichols,2007-12-01 Everything was fine in the Land of the Big Heart--that is, until one voice dared to disagree, and its owner was cast out. Who Am I? Why Am I Here? Where Am I Going? Robert Zue,2013-02-01 God is awesome. His love is one to one and very personal. He has revealed himself to His creation in many different ways. The evidence of our creator is overwhelming. Do you know that your life is not by chance, but, by design? Every life has a plan and a purpose without exception. You are unique and one of a kind in the entire universe. Your DNA code defines who you are and your cells are held together by LAMANIN, the adhesion molecule. The compilation of evidence within this book is intended for both the believer and for those who still have questions about: Who Am I? Why Am I Here? Where Am I Going? It is my sincere hope and prayer that you know and receive all God has for you.

Where Did I Come From? – Where Am I Going? Gabriele,2023-06-28 This book conveys knowledge about very basic spiritual correlations. It contains incisive questions and answers to the topic of "life after death." For example: How does death take place? What does the soul experience, once it leaves its body? What does karma and reincarnation mean? What help can be given to a person who is dying? Is death already programmed with birth? What is the purpose of our life on the Earth? Excerpt from the book: Most people fear this transition, that is, they are afraid of dying. What can one do about this? The process of dying is similar to that of birth. To be born into a material life is a very natural event. The soul changes spheres. To die is to be born into the spiritual worlds. While on earth as a human being, the very best preparation for our transition into the fine-material form of existence is to align with the light-filled spiritual spheres. This happens by constantly turning to the Spirit within, to God, our Father, and by living a life according to His laws.

I Am Not Going To Get Up Today! Dr. Seuss,1987-10-12 Dr. Seuss's hilarious Beginner Book about a boy who refuses to get out of bed! NOTHING is getting the young hero of this easy-reader out of bed—not an alarm clock, roosters, barking dogs, the police, the news media, or the United States Marines! With illustrations by beloved New Yorker cartoonist James Stevenson—and a plot that children and adults can relate to—this is a funny fantasy that the whole family can enjoy together! Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning. A rhyming story that is full of laughs. 'The alarm can ring. The birds can peep....Today's the day I'm going to sleep,' says a lazy boy one morning, and despite a pail of icy water, television coverage, and the arrival of the Marines, he vows to stay in bed--and he does! The repetition of concepts and words will keep children turning the pages, as will the energetic drawings. A sure draw for early readers.--Booklist.

Where Did I Come From? Where Am I Going? How Do I Get There? Charles E. Rice, Theresa Farnan, 2017-06-30 Where Did I Come From? Where Am I Going? How Do I Get There? is a complete course on Catholicism, featuring concise, reader-friendly, relevant prose. Straight answers are tailored for today's generation. Topics addressed include: Can I know anything? Can I know what God is like? How am I really in the image and likeness of God? What about my conscience? Am I a gift to others? What about my freedom? Is any sexual activity OK before marriage? Do we have to keep Grandma on a feeding tube forever? This book adapts a wildly successful high-school curriculum developed by Charles E. Rice, who taught for years at an Indiana high school in addition to his storied career at Notre Dame Law School. This classroom-tested curriculum has had life-changing effects. Rice's students, who took the course in the late 1970s and early 1980s, credit this course for keeping them Catholic, while their peers turned to Zen, politics, or drugs in their search for ultimate meaning. Rice, with the valuable assistance of co-author and philosopher Theresa Farnan, updates this curriculum by incorporating the Catechism and the personalist philosophy of John Paul II into the timeless wisdom of the Church. Today's young Catholics admire the faith more than ever, but need clear answers about what it is and who they are. The straight answers found in this book are a sure antidote to the confusion of the culture of death. Book jacket.

This Time I Am Going to Get It Right Louise Childs, 2011-03-21 No one is entitled to success; you have to work hard at it. Reflecting back on my life, I must say that providing your children with a definitive plan and giving them the tools to succeed in life by doing something positively constructive in life is relevant. My thoughts for writing this book have been culminating over the years and even though I never thought that I would write a book, I always had something to say. I figured writing a book would be the perfect platform to talk about what I have experienced about being disconnected and not knowing really what I wanted to do, so I did a little bit of everything. For some, they might think that doing a whole lot of things is interesting and audacious and other hand, some may view it pessimistically as being discombobulated. However, from my very own personal perspective, I view it as growth. Are you familiar with the story about the caterpillar that turned into a butterfly and was gradually leaving its cocoon? If you interfere with the process of trying to free the butterfly from its cocoon, the interference becomes injurious to the butterfly and it will never fly. The lessons and the experiences of life can be bittersweet, but they make us who we are and eventually we become that butterfly who is ready to spread its beautiful wings and fly.

I Am Going to Be Your Grandfather Reynaldo Pareja, 2022-09-30 The experience of becoming a grandfather is sufficiently different from becoming a father for the first time that it merits to capture the feelings and emotions that one would experience before the arrival of the first grandchild. The experience acquired after the first child is born gives a more mature perspective on life that is worthwhile sharing with the grandchild to be born. May this diary contribute to enhance, enrich, and support the experience of all those that might have the golden opportunity of becoming grandparents. It is a thrilling and invigorating moment of life that feels like one's life experience of having become a father is rewarded because one can re-live that moment without having to deal with the immediate responsibilities of first-time fatherhood.

Honey, If You Leave Me, I Am Going with You Daniel O. Abreo, 2012-09 This book is three in one: a love story, a marriage guide, and a way to maintain a healthy physical, mental, and spiritual life. It will help you in all areas of your life, especially your marriage, keeping your family together. How important is that for you? This is a God-inspired book. I don't take credit. I am just the messenger.
