The iPhone Book Scott Kelby, Terry White, 2012-12-19 If you're looking for a book that focuses on just the most important, most useful, and most fun stuff about your iPhone 5, 4S, or 4—you've found it. There are basically two types of iPhone books out there: (1) The tell-me-all-about-it kind, which includes in-depth discussions on everything from wireless network protocols to advanced compression codes. (2) Then there's this book, which instead is a show-me-how-to-do-it book that skips all the confusing techno-jargon and just tells you, in plain, simple English, exactly how to use the iPhone features you want to use most. The iPhone Book is from Scott Kelby, the award-winning author of the smash bestseller, The iPod Book, who takes that same highly acclaimed, casual, straight-to-the-point concept and layout and brings it to learning Apple's amazing iPhone. Scott teams up once again with gadget guru and leading iPhone authority Terry White to put together a book that is an awful lot like the iPhone itself—simple to use and fun to learn. The book's layout is brilliant, with each page covering just one single topic, so finding the information you need is quick and easy, with a large full-color photo on each page so you can see exactly how it works. Scott and Terry added

even more tips and tricks than the previous editions, and made it even easier by focusing on just the most useful and most requested iPhone 5 features, so you can start really using your iPhone today!

The iPhone Photography Book Scott Kelby, 2011-02-05 **Learn to take great**

photos with your iPhone—the camera you always have with you!

Imagine if someone took the same photographic techniques, principles, and tools used by high-end and professional photographers, but applied them to shooting with an iPhone. Imagine the type of images you'd be able to create using those same ideas. Well, finally, somebody has.

The world's #1 best-selling photography techniques author is about to break all the rules as he shows you how to apply the same techniques today's top pro photographers use to make stunning images. You're going to learn exactly how to use these techniques to create images that people will just not believe you could actually take with a phone (but with the quality of the iPhone's camera, you absolutely can!).

Scott leaves all the techno-speak behind and, instead, treats the whole book as if it were just you and he out on a shoot with your iPhones, using his trademark casual, plain-English writing style to help you unlock the power of your iPhone to make the type of pictures you never thought could be done with a phone. You'll learn:

- Which tools to use to make pro-quality portraits in any lighting situation.

- How to create stunning landscape shots that people will swear you took with an expensive DSLR or mirrorless camera.
- Proven posing techniques that flatter your subject and make anyone you photograph look their very best in every shot.
- How to organize and edit your photos like a pro!
- The pros' top tips for making amazing shots of everything from flowers to product shots, from food photography to travel shots, and everything in between.

Each page covers a single concept, a single tool, or a trick to take your iPhone photography from snapshots to shots that will make your friends and family say, "Wait...you took this?!"
