How Money Got Free Brian Patrick Eha,2017-04-06 In the space of a few years, Bitcoin has gone from an idea ignored or maligned by almost everyone to an asset with a market cap of more than \$12 billion. Venture capital firms, Goldman Sachs, the New York Stock Exchange, and billionaires such as Richard Branson and Peter Thiel have invested more than \$1 billion in companies built on this groundbreaking technology. Bill Gates has even declared it ‘better than currency’. The pioneers of Bitcoin were twenty-first-century outlaws – cryptographers, hackers, Free Staters, ex-cons and drug dealers, teenage futurists and self-taught entrepreneurs – armed with a renegade ideology and a grudge against big government and big banks. Now those same institutions are threatening to co-opt or curtail the impact of digital currency. But the pioneers, some of whom have become millionaires themselves, aren’t going down without a fight. Sweeping and provocative, *How Money Got Free* reveals how this disruptive technology is shaping the debate around competing ideas of money and liberty, and what that means for our future.

Worry-Free Money Shannon Lee Simmons,2017-12-19 NATIONAL BESTSELLER A fresh way to think about your money. David Chilton, author of *The Wealthy Barber* Stop budgeting. Start living. Managing your money can be frustrating and confusing. Life is expensive. Whether you make \$30,000 or \$130,000 a year, it can feel like you’re constantly broke. Can you afford that new car, that vacation, that night out? You think so, but it feels impossible to know. And rigid budgets that force you to spend your money in unrealistic ways (like \$9.50 per week for pants) don’t make things any clearer. But what if there was a new way to manage your money? One that left you certain you had your bases covered—both for your monthly bills and your future retirement—and then let you enjoy your money by spending it. (Yes, really.) Enter Shannon Lee Simmons, a fresh voice in the world of personal finance, one who understands the new and very real pressures to survive modern life and keep up in the age of social media. Shannon doesn’t lecture, judge or patronize. The founder of the wildly popular New School of Finance, Shannon recognized that most of her thousands of financial planning clients felt broke, no matter what their income. And feeling broke can be as bad as actually being broke, because it leads to overspending and misery. So she came up with a new plan: Worry-Free Money. Worry-Free Money takes a fresh approach to finances, looking at the root cause of the pressure to spend and showing why traditional budgets don’t work. It is a deeply practical book that will help you break the cycle of guilt, understand why you overspend, banish unhappy spending from your life, learn to recognize your f*ck it moments and find hope—and fun—in getting your money under control.

My Money My Way Kumiko Love,2022-02-01 Does fear and insecurity keep you from looking at your bank account? Is your financial anxiety holding you captive? You don’t have to stress about money anymore. YOU can take back control. As a newly divorced single mom making \$24,000 per year and facing down \$77,000 in debt, Kumiko Love worried constantly about money. She saw what other moms had—vacations, birthday parties, a house full of furniture—and felt ashamed that she and her son lived in a small apartment and ate dinner on the floor. Worse, when her feelings began to exhaust her, she binge-shopped, reasoning that she’d feel better after a trip to the mall. On the day she needed to pay for a McDonald’s ice cream cone without her credit card, she had an epiphany: Money is not the problem. Self-Doubt is the problem. Shame is the problem. Guilt is the problem. Society’s expectations for her are the problem. She is the solution. Once she reversed the negative thinking patterns pushing her toward decisions that didn’t serve her values or goals, her financial plan wrote itself. Now, she’s not only living debt-free in her dream home, which she paid for in cash, but she has spread her teachings around the world and helped countless women envision better lives for themselves and their families. Now, building on the lessons she’s taught millions as the founder of *The Budget Mom*, she shares a step by step plan for taking control back over your financial life—regardless of your level of income or your credit card balance. Through stories from navigating divorce to helping clients thrive through recessions, depression, eviction, layoffs and so much more, you will learn foundational practices such as: How to use your emotions to your financial advantage, instead of letting them control you How to create a budget based on your real life, not a life of self-denial How to create a motivating debt pay-off plan that makes you excited about your future, instead of fearing it My Money My Way will give you the tools to align your emotional health with your financial health—to let go of deprivation and embrace desire. Love’s paradigm-shifting system will teach you how to honor your unique personal values, driving emotions, and particular needs so that you can stop worrying about money and start living a financially fulfilled life.
