Richard Laurence

The Warrior who Killed Custer Joseph White Bull, 1969 Fifty-five years after the Battle of the Little Big Horn, Chief Joseph White Bull (Pte-san-hunka) of the Miniconjou sub-band of the Teton Sioux drew and annotated a pictographic account of his personal exploits in which he claimed to have killed General Custer. White Bull depicted hunts, horse-stealing expeditions, intertribal battles, and other tribal activities in which he took part as a youth.

**Beyond Canon** Meron Gebreananaye, Francis Watson, Logan Williams, 2020-12-24 This book highlights the significance of a group of five texts excluded from the standard Christian Bible and preserved only in Ge'ez, the classical language of Ethiopia. These texts are crucial for modern scholars due to their significance for a wide range of early readers, as extant fragments of other early translations confirm in most cases. Yet they are also noted for their eventual marginalization and abandonment, as a more restrictive understanding of the biblical canon prevailed – everywhere except in Ethiopia, with its distinctive Christian tradition in which the concept of a “closed canon” is alien. In focusing upon 1 Enoch, Jubilees, the Ascension of Isaiah, the Epistula Apostolorum, and the Apocalypse of Peter, the contributors to this volume group them together as representatives of a time in early Christian history when sacred texts were not limited by a sharply defined canonical boundary. In doing so, this book also highlights the unique and under-appreciated contribution of the Ethiopic Christian Tradition to the study of early Christianity.

**Literature 1983, Part 1** S. Böhme, Prof. Dr. Walter Fricke, H. Hefele, I. Heinrich, W. Hofmann, D. Krahn, V. R. Matas, Dr. Lutz D. Schmadel, G. Zech, 2013-11-11 Astronomy and Astrophysics Abstracts aims to present a comprehensive documentation of the literature concerning all aspects of astronomy, astrophysics, and their border fields. It is devoted to the recording, summarizing, and indexing of the relevant publications throughout the world. Astronomy and Astrophysics Abstracts is prepared by a special department of the Astronomisches Rechen-Institut under the auspices of the International Astronomical Union. Volume 33 records literature published in 1983 and received before August 1, 1983. Some older documents which we received late and which are not surveyed in earlier volumes are included too. We acknowledge with thanks contributions of our colleagues all over the world. We also express our gratitude to all organizations, observatories, and publishers which provide us with complimentary copies of their publications. Starting with Volume 33, all the recording, correction, and data processing work was done by means of computers. The recording was done by our technical staff members Ms. Helga Ballmann, Ms. Mona El-Choura, Ms. Monika Kohl, and Ms. Sylvia Matyssek. Mr. Martin Schlotelburg and Mr. Ulrich Uberall supported our task by careful proofreading. It is a pleasure to thank them all for their encouragement. 30 named Sioux and Cheyenne warriors who were present that day, and for their parts in the battle. The fruit of many years' study by one of today's most internationally respected interpreters and illustrators of Native American material culture, it offers biographical notes and meticulously researched color reconstructions, together with rare photographs and pictographs.

*The Nonviolent Messiah* Simon J. Joseph,2014-06-02 When scholars have set Jesus against various conceptions of the “messiah” and other redemptive figures in early Jewish expectation, those questions have been bound up with the problem of violence, whether the political violence of a militant messiah or the divine violence carried out by a heavenly or angelic figure. Missing from those discussions, Simon J. Joseph contends, are the unique conceptions of an Adamic redeemer figure in the Enochic material—conceptions that informed the Q tradition and, he argues, Jesus’ own self-understanding.

**Fallen Angels and the Origins of Evil** Elizabeth Clare Prophet,2009-05-15 Did rebel angels take on human bodies to fulfill their lust for the “daughters of men”? Did these fallen angels teach men to build weapons of war? That is the premise of the Book of Enoch, a text cherished by the Essenes, early Jews, and Christians but later condemned by both rabbis and Church Fathers. Elizabeth Clare Prophet examines the controversy surrounding this book and sheds new light on Enoch’s forbidden mysteries. She demonstrates that Jesus and the apostles studied the Book of Enoch and tells why Church Fathers suppressed its teaching that angels could incarnate in human bodies. *Fallen Angels and the Origins of Evil* takes you back to the primordial drama of Good and Evil, when the first hint of corruption entered a pristine world—earth. Contains Richard Laurence’s translation of the Book of Enoch, all the other Enoch texts (including the Book of the Secrets of Enoch) and biblical parallels.
