The Whiteboard Daily Book of Cues Karl Eagleman,2022-07-26 There is no such thing as a “golden cue” that works for everyone 100% of the time. Therefore, the more cues a coach has in their toolbox, the more likely they will be able to effectively communicate with their athletes. Coaches use cues—short, easy-to-remember phrases—to help athletes perform movements correctly as well as to convey useful sports psychology perspectives. Athletes commonly hear movement cues like “Crush the Can” and “Grip the Ground” along with motivational cues like “Consistency is King.” A passionate coach, lifelong athlete, and advanced degree holder in kinesiology, Karl Eagleman, creator of the popular Whiteboard Daily Instagram, has put together a valuable resource for coaches, athletes, and anyone who wants to improve their own movement. The Whiteboard Daily Book of Cues contains a comprehensive collection of illustrations drawn on a whiteboard—a medium that virtually all coaches are familiar with. It boasts the largest list of cues ever compiled, covering Olympic weightlifting, powerlifting, gymnastics, kettlebell exercises, and monostructural movements (running, rowing, jumping rope, etc.). Each illustration is hand drawn in a simple, stylized way to make the cues easy to retain and to utilize during training. No two athletes are the same; we all learn in our own unique ways. By providing hundreds of cues, this book will help coaches and athletes learn a new way to understand movement for themselves and/or to communicate safe, effective movement to others.

The Big Orange Basketball Playbook Yellow Pad Books,2020-09-17 Every coach needs a big orange playbook. This Big Orange Basketball Playbook is a blank book of court sketches, both full court and half court, a tool for coaches and parents to develop strategies and teach the game. Basketball is a game of skill and strategy. The difference between winning and losing is the players' conditioning and their ability to score and defend. But a team also needs a game plan--and a coach who can teach it. Few casual fans understand the myriad schemes and techniques useful to winning in this sport: screening, posting, making space, the many zone defenses, gap position, denial position, full court press, up tempo, pick-and-roll, continuity offense, motion offense, small ball, double team, four corners, triangle-and-two, etc. This notebook is an excellent way to sketch and teach such concepts. It can also be a stats book to record the team's (or the opponents') strengths and weaknesses, hits and misses. For those coaching younger players, this book is also helpful in teaching the fundamentals of the game (crayons may work best in that scenario). Of course, you can always use an electronic tablet or a white board, but nothing seems to beat paper and pen, especially when batteries die or when the dry erase pens dry out. The solution? This Big Orange Basketball Playbook--a notebook we think is as strategic and stimulating as the game itself.
