*Happy Puppy Adventures* Wendy Baron,2021-01-18  
Wouldn't it be great if you could turn your love of dogs into a full-time job? You can. But, just as taking on a dog is a major commitment, setting up a dog walking/home boarding business can be fraught with pitfalls too. In this book, Wendy Baron, who runs a fully licensed and insured animal welfare business, helps you decide whether this is the profession for you. It guides you step by step, providing practical advice on legalities and procedures, and warnings about what could go wrong. The book is also packed with plenty of real-life anecdotes.

*The Funny Life of Pets* James Campbell,2019-05-02 A hilarious book from bestselling author and stand-up comic James Campbell, who has visited over 3,000 primary schools to tell stories and encourage children to write their own. Uncover the sidesplitting life of cucumber scaredy-cats, non-stop pooping hamsters, exploding fish and everything in-between (and some things that have nothing to do with pets but are still ridiculously funny). This hilarious book answers all the big questions, like: do sausage dogs

eat sausages? Why has my cat done a poo behind my wardrobe? And how can I persuade my parents to get me a pet? For real-life pet facts, imaginary stories, and a generally laugh-so-hard-snot-comes-out-your-nose read, this is the only pet book you'll ever need! Written by the outstanding children's comedian James Campbell, prepare yourself for *The Funny Life of Pets*! But be WARNED – this IS NOT a normal book...You read a normal book by starting on page one and reading to the end (BORING). You can read this book forwards, backwards, sideways, and in approximately 861,000 different ways in-between. This is a book with outrageous facts, hilarious jokes, insanely funny online videos and brilliant stories all about pets, the author, and all sorts of other things. WARNING: Anything you think you might have learned from this book might not be very accurate so should not be used in a school project or as part of homework. Unless of course, you are made of stardust and are as brave as sunshine.

*Poo Knew?* Emma Royde, 2023-02-14 A plethora of interesting, astonishing, and amusing facts and trivia about poo. Did you know that blue whales do the biggest poos on the planet? Their daily deposits can reach up to several meters in length and are often pink in color thanks to a diet of shrimp. Or that when a dog needs to go it will align itself with the north-south axis of the Earth's magnetic poles? And did you know that the average person spends around three years on the toilet over the course of a lifetime? With so much time spent "on the job", it's about time you learned something about the process you are going through. *Poo Knew* will tell you amazing facts and trivia about your deposits, such as how the average human produces about 2 pounds of the good stuff every single day, or that the longest dump ever recorded was 26 feet, roughly the same height as a two-storey building. After

digesting this collection of over 100 fascinating facts, you'll never look at your poo in the same way ever again.
