Crap Wendy A. Woloson,2020-10-05 Crap. We all have it. Filling drawers. Overflowing bins and baskets. Proudly displayed or stuffed in boxes in basements and garages. Big and small. Metal, fabric, and a whole lot of plastic. So much crap. Abundant cheap stuff is about as American as it gets. And it turns out these seemingly unimportant consumer goods offer unique insights into ourselves—our values and our desires. In *Crap: A History of Cheap Stuff in America*, Wendy A. Woloson takes seriously the history of objects that are often cynically-made and easy to dismiss: things not made to last; things we don't really need; things we often don't even really want. Woloson does not mock these ordinary, everyday possessions but seeks to understand them as a way to understand aspects of ourselves, socially, culturally, and economically: Why do we—as individuals and as a culture—possess these things? Where do they come from? Why do we want them? And what is the true cost of owning them? Woloson tells the history of crap from the late eighteenth century up through today, exploring its many categories: gadgets, knickknacks, novelty goods, mass-produced collectibles, giftware, variety store merchandise. As Woloson shows, not all crap is crappy in the same way—bric-a-brac is crappy in a different way from, say, advertising giveaways, which are differently crappy from commemorative plates. Taking on the full brilliant and depressing array of crappy material goods, the book explores the overlooked corners of the American market and mindset, revealing the complexity of our relationship with commodity culture over time. By studying crap rather than finely made material objects, Woloson shows us a new way to truly understand ourselves, our national character, and our collective psyche. For all its problems, and despite its disposability, our crap is us.

My Teacher Dances on the Desk Eugene Gagliano,2013-09-20 Former teacher Eugene Gagliano had a front-row seat to the everyday trials of school life. In honor of all students who have ever grappled with show-and-tell missteps and problematic classmates, he's penned a clever poetry collection, *My Teacher Dances on the Desk*. Episodes from every aspect of school life, from visiting the school nurse to sitting next to the wrong student, are told through humorous verse. Move Me Soon I don't like sitting next to Rose. She's always picking at her nose, And chews her fingernails way down, And always wears a pouty frown. Black-and-white line drawings punctuate these school-year reflections. Students young and old will fondly recall their own school daze in *My Teacher Dances on the Desk*. Eugene Gagliano is known as the teacher who dances on his desk. The recipient of the IRA's 2004 Wyoming State Literacy Award, Gene travels to schools and conferences with presentations as entertaining as they are informative. Tatjana Mai-Wyss was born in Switzerland. Her black-and-white work is usually done in India ink with a dip pen. Tatjana lives in South Carolina.

Liberalism Is a Mental Disorder Michael Savage,2006-03-05 Liberalism Is a Mental Disorder- Michael Savage has the cure. With grit, guts, and gusto, talk radio sensation Michael Savage leaves no political turn unstoned as he savages today's most rabid liberalism. In this paperback edition of his third New York Times bestseller, Savage strikes at the root of today's most pressing issues, including: Homeland security: We need more Patton and less patent leather . . . Real homeland security begins when we arrest, interrogate, jail, or deport known operatives within our own borders . . . One dirty bomb can ruin your whole day. Illegal immigration: I envision an Oil for Illegals program . . . The president should demand one barrel of oil from Mexico for every illegal that sneaks into our country. Lawsuit abuse: Lawyers are like red wine. Everything in moderation. Today we have far too many lawyers, and we're suffering from cirrhosis of the economy. Pure Savage. Very effective, very timely, very hot. American Compass Book Club

New Perspectives on Native North America Sergei Kan,Pauline Turner Strong,Raymond Fogelson,2006-01-01 In this volume some of the leading scholars working in Native North America explore contemporary perspectives on Native culture, history, and representation. Written in honor of the anthropologist Raymond D. Fogelson, the volume charts the currents of contemporary scholarship while offering an invigorating challenge to researchers in the field. The essays employ a variety of theoretical and methodological approaches and range widely across time and space. The introduction and first section consider the origins and legacies of various strands of interpretation, while the second part examines the relationship among culture, power, and creativity. The third part focuses on the cultural construction and experience of history, and the volume closes with essays on identity, difference, and appropriation in several historical and cultural contexts. Aimed at a broad interdisciplinary audience, the volume offers an excellent overview of contemporary perspectives on Native peoples.

The Boy Who Loved Batman Michael E. Uslan,2011-07-22 The Batman movie producer reveals how his childhood love of comic books became a lifelong passion and dream job in this illustrated memoir. Is any superhero cooler than Batman? He's a crime-fighting vigilante with a tragic past, a lawless attitude, and a seemingly endless supply of high-tech gadgetry. In this fully illustrated memoir, author Michael Uslan recalls his journey from early childhood fandom through to the decades he spent on a caped crusade of his own: to bring Batman to the silver screen as the dark, serious character he was at heart. Uslan's story traces his path from the wilds of New Jersey to the limelight of Hollywood, following his work as Executive Producer on every Batman film from Tim Burton's 1989 re-envisioning to 2012's *The Dark Knight Rises*. Through it all, he helped to create one of the most successful pop culture franchises of all time. "Don't miss this spellbinding tale of one man who saw what Batman was—and realized what he could become." —Stan Lee

Shouting Down the Silence David C Dougherty,2010-10-01 *Shouting Down the Silence* presents the first complete biography of Stanley Elkin, a preeminent novelist who consistently won high marks from critics but whose complexities of style seemed destined to elude the popular acclaim he hoped to attain. From the publication of his second novel, *A Bad Man*, in 1967 to his death in 1995, Elkin was tormented by the desire for both material and artistic success. Elkin's novels were taught in colleges and universities, his fiction received high praise from critics and reviewers (two of his novels won National Book Critics Circle Awards), and his short stories were widely anthologized--and yet he was unable to achieve renown beyond the avant-garde, or to escape the stigma of being an academic writer. He wanted to be Faulkner, but he had trouble being Elkin. Drawing on personal interviews and an intimate knowledge of Elkin's life and works, David C. Dougherty captures Elkin's early life as the son of a charismatic, intimidating, and remarkably successful Jewish immigrant from Russia, as well as his later career at Washington University in St. Louis. A frequent participant at the annual Bread Loaf Writers' conference, he was the friend--and sometime antagonist--of other important writers, particularly Saul Bellow, William Gass, Howard Nemerov, and Robert Coover. Despite failed attempts to bridge the gap from his academic post to wide popular success, Elkin continued to write essays, stories, and novels that garnered unerring praise. His was a classic dilemma of an intellectual aesthete loath to make use of the common devices of popular appeal. The book details the ambition, the success, the friction, and the foibles of a writer who won fame, but not the fame he wanted.

Profiles in Ignorance Andy Borowitz,2022-09-13 Named One of 7 Best Nonfiction Books of the Fall by Kirkus Reviews Andy Borowitz, "one of

the funniest people in America” (CBS Sunday Morning), brilliantly examines the intellectual deterioration of American politics, from Ronald Reagan to Dan Quayle, from George W. Bush to Sarah Palin, to its apotheosis in Donald J. Trump. The winner of the first-ever National Press Club award for humor, Andy Borowitz has been called a “Swiftian satirist” (The Wall Street Journal) and “one of the country’s finest satirists” (The New York Times). Millions of fans and New Yorker readers enjoy his satirical news column “The Borowitz Report.” Now, in Profiles in Ignorance, he offers a witty, spot-on diagnosis of our country’s political troubles by showing how ignorant leaders are degrading, embarrassing, and endangering our nation. Borowitz argues that over the past fifty years, American politicians have grown increasingly allergic to knowledge, and mass media have encouraged the election of ignoramus by elevating candidates who are better at performing than thinking. Starting with Ronald Reagan’s first campaign for governor of California in 1966 and culminating with the election of Donald J. Trump to the White House, Borowitz shows how, during the age of twenty-four-hour news and social media, the US has elected politicians to positions of great power whose lack of the most basic information is terrifying. In addition to Reagan, Quayle, Bush, Palin, and Trump, Borowitz covers a host of congresspersons, senators, and governors who have helped lower the bar over the past five decades. Profiles in Ignorance aims to make us both laugh and cry: laugh at the idiotic antics of these public figures, and cry at the cataclysms these icons of ignorance have caused. But most importantly, the book delivers a call to action and a cause for optimism: History doesn’t move in a straight line, and we can change course if we act now.
