**Move: How to Rebuild and Reinvent America's Infrastructure** Rosabeth Moss Kanter,2015-05-11 Americans are stuck. Americans are stuck. We live with travel delays on congested roads, shipping delays on clogged railways, and delays on repairs and project approvals due to gridlocked leadership. And when we can't move, when goods are delayed, and when information networks can't connect, then economic opportunity deteriorates and social inequity grows. We don't have to take it anymore! In Move, Harvard Business School professor and bestselling author Rosabeth Moss Kanter visits the business leaders, mayors, transportation advocates, and entrepreneurs across the country tackling these challenges through underwater tunnels, instant bridges, road sensors, parking apps, bike-sharing programs, seamless wifi, and much more. It all adds up to a new vision for American mobility, where local leaders and public-private partnerships lead the way. With unique insight and unrivaled expertise, Kanter gives us a sweeping look at the innovative projects, vital leaders, and bold solutions that are moving our transportation infrastructure toward a cleaner, faster, and more prosperous future.

*Alaska by RV* Jan Young, 2009-02-20 My wife and I had long dreamed of traveling to Alaska. I retired in 2006, we purchased a motor home in 2007, and in 2008 we made our dream come true. You can too! This book recounts our 5-month long, 8,700-mile trip from Milwaukee to Fairbanks and back in day-by-day detail. It tells of the amazing sights we saw and the surprises we found, both positive and negative. It includes several humorous tales of the road and describes some mistakes we made and things we wish we had done better. It is, in summary, the book I wish I had been able to read before we left home. The book provides maps that show where we went and includes over 230 photographs of our journey. It discusses the preparations we made and discloses not only our budget for the trip, but the amounts we actually spent and what we spent them on. And at the back, it lists the places we went and the campgrounds we used together with available addresses, phone numbers, websites and geo coordinates.
