*The Course of History* Struan Stevenson, Tony Singh, 2019-04-02 An entertaining seat at the table of ten power meals that shaped history—including the menus and recreated recipes! Some of the most consequential decisions in history were decided at the dinner table, accompanied—and perhaps influenced—by copious amounts of food and drink. This fascinating book explores ten of those pivotal meals, presenting the contexts, key participants, table talk, and outcomes of each. It offers unique insight into the minds and appetites of some of history's most famous and notorious characters, including Bonnie Prince Charlie, George Washington, Alexander Hamilton, Thomas Jefferson, Adolf Hitler, Winston Churchill, Joseph Stalin, Mao Zedong, and Richard Nixon. Feasting on leg of lamb, Bonnie Prince Charlie doomed the Jacobite Army at Culloden. A uniquely American menu served with French wine lubricated the conversation between rivals Jefferson and Hamilton that led to the founding of the US financial system and the location of the nation's capital in Washington. After schweinwurst and sauerkraut with Adolf Hitler at his Berghof residence, Austrian chancellor Kurt von Schuschnigg agreed to the complete integration of Austria into the Third Reich. Celebrity chef Tony Singh has researched the menus and recipes for all ten dinners down to the last detail and recreates them here. The book contains fifty-five recipes from soup to desert and lists the spirits as well.

American Rhone Patrick J. Comiskey,2016-10-11 Thoughtfully conceived and very well written, this is essential somm reading.—The Somm Journal This is the most important wine book of the year, perhaps in many years.—The Seattle Times Crisply written, impeccably researched, balanced if fundamentally enthusiastic, scholarly but accessible, and full of unexpected details and characters.—The World of Fine Wine No wine category has seen more dramatic growth in recent years than American Rhône-variety wines. Winemakers are devoting more energy, more acreage, and more bottlings to Rhône varieties than ever before. The flagship Rhône red, Syrah, is routinely touted as one of California's most promising varieties, capable of tremendous adaptability as a vine, wonderfully variable in style, and highly expressive of place. There has never been a better time for American Rhône wine producers. American Rhône is the untold history of the American Rhône wine movement. The popularity of these wines has been hard fought; this is a story of fringe players, unknown varieties, and longshot efforts finding their way to the mainstream. It's the story of winemakers gathering sufficient strength in numbers to forge a triumph of the obscure and the brash. But, more than this, it is the story of the maturation of the American palate and a new republic of wine lovers whose restless tastes and curiosity led them to Rhône wines just as those wines were reaching a critical mass in the marketplace. Patrick J. Comiskey's history of the American Rhône wine movement is both a compelling underdog success story and an essential reference for the wine professional.

*Inventing Wine: A New History of One of the World's Most Ancient Pleasures* Paul Lukacs,2013-10-21 Meticulously researched history...look[s] at how wine and Western civilization grew up together. —Dave McIntyre, Washington Post Because science and technology have opened new avenues for vintners, our taste in wine has grown ever more diverse. Wine is now the subject of careful chemistry and global demand. Paul Lukacs recounts the journey of wine through history—how wine acquired its social cachet, how vintners discovered the twin importance of place and grape, and how a basic need evolved into a realm of choice.
