King Lear Jeffrey Kahan,2008-04-18 Is King Lear an autonomous text, or a rewrite of the earlier and anonymous play King Leir? Should we refer to Shakespeare's original quarto when discussing the play, the revised folio text, or the popular composite version, stitched together by Alexander Pope in 1725? What of its stage variations? When turning from page to stage, the critical view on King Lear is skewed by the fact that for almost half of the four hundred years the play has been performed, audiences preferred Naham Tate's optimistic adaptation, in which Lear and Cordelia live happily ever after. When discussing King Lear, the question of what comprises 'the play' is both complex and fragmentary. These issues of identity and authenticity across time and across mediums are outlined, debated, and considered critically by the contributors to this volume. Using a variety of approaches, from postcolonialism and New Historicism to psychoanalysis and gender studies, the leading international contributors to King Lear: New Critical Essays offer major new interpretations on the conception and writing, editing, and cultural productions of King Lear. This book is an up-to-date and comprehensive anthology of textual scholarship, performance research, and critical writing on one of Shakespeare's most important and perplexing tragedies. Contributors Include: R.A. Foakes, Richard Knowles, Tom Clayton, Cynthia Clegg, Edward L. Rocklin, Christy Desmet, Paul Cantor, Robert V. Young, Stanley Stewart and Jean R. Brink

Lead Inside the Box Victor Prince,Mike Figliuolo,2015-07-20 "In times when leaders have to do more with less, this book gives you the tools to elevate your people to new levels of success." –Andrea Procaccino, Chief Learning Officer, New York-Presbyterian Hospital Every employee is different, but unfortunately many leaders use a one-size-fits-all approach to leading. In doing so, these otherwise well-intentioned leaders are working harder than they should while not getting all they could out of their teams. Lead Inside the Box gives managers way to get the best out of their teams by focusing their energy where it will make the biggest difference. It teaches leaders how to: Figure out where they are currently investing their time and energy across their teams Identify the unique leadership needs of each team member Make smarter decisions about how and where to invest their time and energy to get the best results out of everyone Through simple frameworks brought to life with stories from the trenches, leaders will be able to see their own teams—and themselves—from a new perspective. Paradoxically these methods will enable leaders to improve their team's performance exponentially while expending half the effort. "Lead Inside the Box provides cogent advice about exactly how to lead from the middle (as well as the top) in ways that enable managers to make good things happen and help the organization prosper." –John Baldoni, Leadership expert and author of Moxie: The Secret to Bold and Gutsy Leadership "A great fundamental read for every leader no matter what level you are at." –Rob Miller, Divisional VP, R&D and Scientific & Medical Affairs, Abbott Nutrition
