An Alternative Approach in Police Patrol James M. Tien,James W. Simon,Richard C. Larson,1978

New Castle County Police Department New Castle County Police Department,2013

The New Castle County Police Department has provided over a century of service to a county that continues to grow. In February 1913, two men were duly appointed and became the driving force of the New Castle County Rural Police. By the early 1930s, this

small team evolved into an efficient police force. Today, the department has grown to be one of the top law enforcement agencies in the country and is comprised of approximately 350 law enforcement officers. Members of the New Castle County Police Department have displayed tremendous courage and sacrifice in the line of duty. The dedicated men and women of the force continue to provide a positive and invaluable service to the diverse communities of New Castle County.

Delaware State Police John R. Alstadt Jr.,2010-12-06 April 28, 1923, marks the birth of the Delaware State Police. Discussions occurred as early as 1906 for a statewide police organization to cope with speeding automobiles, roving bands of troublemakers, and the ever-present bootleggers. Prohibition and the 18th Amendment brought the discussion to the forefront. With the hiring of Charles J. McGarigle and Joseph A. McVey, the Delaware Highway Police Department came to fruition on January 1, 1920. Using many never-before-published photographs from the Delaware State Police Museum archive, Images of America: Delaware State Police illustrates the storied past of the Delaware State Police from 1920 to 1985.

Wicked Wilmington, Delaware Kevin McGonegal,2021-07-26 Take a journey through crime and vice in twentieth-century Wilmington, from a Tatnall Street bawdy house to the corporate boardrooms of the DuPont Company. Visit the old New Castle County Workhouse, scene of a break-in by a lynch mob and the daring escape of a notorious murderer. A police chief trying to keep his corrupt practices under wraps, agents raiding political headquarters and a detective murdered on the street were all part of city life in the early twentieth century. In later years, stories of a professional killer pleading self-defense, hiding his

connections to a mobbed-up Teamsters boss, and runaway lovers caught up in an international extortion scheme show the city's darker side. Local historian Kevin McGonegal chronicles tales of Wilmington's infamous past.

An Evaluation Report of an Alternative Approach in Police Patrol James M. Tien, James W. Simon, Richard C. Larson, 1977 An 18-month test of the split-force patrol concept, based on separation of the call-for-service response and the crime prevention function, found that routine calls were handled more efficiently and arrests improved. The Wilmington, Delaware, split-force patrol experiment was formally conducted from December 1, 1975, through November 30, 1976, with a 6-month design period. The police department was so pleased with the results that it continued split patrols past the test period. In general, each of the two patrol forces handles its own functions but is available to assist the other in emergency situations. The call-response group handled 20.6 percent more calls per officer. Since many of these calls were routine, it was possible to reduce the number of two-person patrols. This increased the need for backup cars 2.6 percent. Overall there was an 18 percent increase in manpower efficiency. The structured crime prevention patrols had a 105.5 percent increase in crime clearances, and arrests were of higher quality. This is due to immediate followup after a felony. However, this increase came at the expense of a 61.4 percent drop in clearances for the detective bureau. Lack of communication and cooperation also resulted. It is suggested this can be mitigated by a more function-oriented work structure and by better management of the detective workload. A benefit was better accountability to management and better direction. The design of the experiment, the design of the evaluation, time statistics, basic workload statistics, arrest-related statistics,

and basic patrol procedures are included in this report. Disadvantages of the experiment have been that, while delay time has decreased, travel time has increased: overall response time has not changed. There is also a lack of sector identity. It is suggested that the dispatcher hold noncritical calls until the car in that sector is not busy. It is a matter of policy to inform the caller that there may be a 30-minute delay on noncritical calls when all units are busy.

Charlotte and Mecklenburg County Police Ryan L. Sumner,2010 For nearly a century and a half, police in Charlotte and Mecklenburg County have displayed tremendous courage and sacrifice in the execution of their duty, adapted to social and cultural changes within the American South, and increasingly embraced sophisticated methods and revolutionary advances in technology to meet the challenges posed by criminals and a violent culture. *Images of America: Charlotte and Mecklenburg County Police* highlights the rich history of two departments that consolidated in 1993 as the Charlotte-Mecklenburg Police Department.

The Pepper Way Dawn Brown,2008-05 Diana Pepper is a detective with the Special Investigations Division of the Wilmington Police Department, the latest brainchild of Homeland Security. After working solo for years, she is notified that she will now be saddled

with a new, young detective, JD Bradley. On the same day she receives that less than good news, she is tossed a case that is filled with accidents, suspicious deaths, and one suicide. It becomes obviously clear to Pepper and Bradley that this case is more than it seems. Along the way, she receives aid from an unexpected source: a PI out of Virginia, Donovan McEntyre. She starts to feel something developing with McEntyre and then she is blindsided by a major health crisis. When all is said and done, Pepperas life will change, but will it be for the better, or the worse?

Chicago Street Cop Pat McCarthy, 2016-04-26 Surviving a career in law enforcement involves a considerable amount of natural instinct, skill, luck, and intellect. Fortunately for Pat McCarthy, he possessed all of these, some more than others, at different times.

Providence Police Department Paul Campbell, John Glancy, George Pearson, 2014-07-14 The Providence Police Department has served New England's second-largest city from its beginnings in 1651 with the appointment of a town sergeant to today's

force of nearly 500 men and women. Officially established in 1864, policing in Providence has changed considerably from the days of night watchmen armed with handheld rattle alarms and nightsticks. Whether quelling the violent street riots of 1914, enforcing Prohibition, or fighting the New England mob, the PPD has evolved to meet the complex challenges posed by the city. It also boasts a history of leadership among the nation's law enforcement agencies, being among the first to incorporate women into the department's ranks, create innovative campaigns to reduce traffic fatalities, and pioneer the use of trained canines to aid in police work. Today, cutting-edge telecommunications and forensic analysis in crime fighting continue to protect the city of nearly 178,000.
