W. Wilmshurst

**The Meaning of Masonry** Walter Leslie Wilmschurst,1922 The five essays contained in this book are offered in the best spirit of fraternity and goodwill and with the wish to render to the Order some small return for the profit the author has received from his association with it extending over thirty-two years. They have been written with a view to promoting the deeper understanding of the meaning of Masonry; to providing the explanation of it that one constantly hears called for and that becomes all the more necessary in view of the unprecedented increase of interest in, and membership of, the Order at the present day.

**The Meaning of Masonry** W. L. Wilmschurst,2021-01-01 This is a set of essays which discuss the esoteric side of Masonry. The author attempts to demonstrate that Masonry has a deeper meaning, specifically the striving for human perfection, and that the teachings of the Freemasons are firmly in the mainstream of traditional mystery teachings. Chapters include; The Position And Possibilities Of The Masonic Order; The Deeper Symbolism Of Freemasonry; Masonry As A Philosophy; Further Notes On Craft Symbolism; The Holy Royal Arch Of Jerusalem; and Freemasonry In Relation To The Ancient Mysteries.

**Wilmschurst's the Meaning of Masonry** W. L. Wilmschurst,2013-01-15 What is the point of Freemasonry? Why do we have degrees and what is this path Masons are supposed to be on? W.L. Wilmschurst gives us a clear understanding of these and other aspects of the Masonic spiritual path of initiation. This classic work has been recommended for new and experienced Masons since its 1922 original publication. Retypeset 2013 Cornerstone edition.

**The Meaning Of Masonry (Annotated Edition)** W. L. Wilmschurst,2013-10-17 This most interesting and illuminative work is worthy a place on every Mason's bookshelf. " It seems taken for granted, says the author, that reception into the Order will automatically be accompanied by an ability to appreciate forthwith and at its full value all that one there finds. The contrary is the case, for Masonry is a veiled and cryptic expression of the difficult science of spiritual life, and the understanding of it calls for special and informed guidance on the one hand, and on the other a genuine and earnest desire for knowledge and no small capacity for spiritual perception on the part of those seeking to be instructed. In Freemasonry, as in all phases of life, many are called but few are chosen. Masonry is not a mere formalism but a life to be lived. If you do not live the life you cannot know the doctrine. Masonry is an effort to perpetuate the essential doctrines of the Ancient Mysteries, but, alas, it does so in a very perfunctory manner. So veiled are its allegories and symbols that it is almost impossible to penetrate into the Holy of Holies.

**The Meaning of Masonry** Walter L. Wilmschurst,2016-07-28 THE papers here collected are written solely for members of the Masonic Order, constituted under the United Grand Lodge of England. (...) They have been written with a view to promoting the deeper understanding of the meaning of Masonry

**The Meaning of Masonry, Revised Edition** W. L. Wilmschurst,2007-11 W. L. Wilmschurst's powerful vision of the rites and rituals of Freemasonry as a spiritual philosophy begins with this book. Here, Masonry is presented as a sacramental system, represented not only by the ceremonies as experienced in the initiations, but also by an internal and mystical side, hidden behind the visible symbolism, available only to the Mason who has learned to use his spiritual imagination and who can appreciate the reality that lies behind the veil. This new, revised edition features a more readable modern typeface, and is enriched with extensive notes to make many of its points more accessible for both British and American students of Freemasonry. Prominent Masonic author Robert G. Davis calls this book An easy-to-read and gratifying work which affirms Wilmschurst's interpretation: that the progressive lessons of Craft Masonry are nothing less than the spiritual journey of the psyche toward full realization.

*The Meaning of Masonry* Walter Leslie Wilmschurst,2020-02-18 This book stresses the original purpose of Freemasonry as a spiritual science, a specialised form of mysticism, an exposition of Freemasonry's true raison d'être. Masonic symbols and biblical allegories are explained and linked to masonry's roots in the ancient mystical philosophies. Recommended for those seeking enlightenment.

Is it True What They Say About Freemasonry? S. Brent Morris,Arturo de Hoyos,2010-03-16 For as long as there have been Freemasons, there has been a calculated effort to disparage and their practices. In this insightful text, masons de Hoyos and Morris explore the origins of the anti-Masonic mindset and delve into the falsehoods on which critics have based these perennial sentiments. Confronting opponents one at a time, the authors methodically debunk the myths that have surrounded Freemasonry since its establishment, investigating the motives and misconceptions that derive antagonists to spread deceit about Masonic traditions.

**The Meaning of Masonry** Walter L. Wilmschurst,2021-01-26 Candidate proposing to enter Freemasonry has seldom formed any definite idea of the nature of what he is engaging in. Even after his admission he usually remains quite at a loss to explain satisfactorily what Masonry is and for what purpose his Order exists. He finds, indeed, that it is a system of morality veiled in allegory and illustrated by symbols, but that explanation, whilst true, is but partial and does not carry him very far. The papers here collected have been written with a view to promoting the deeper understanding of the meaning of Masonry; to providing the explanation of it that one constantly hears called for and that becomes all the more necessary in view of the unprecedented increase of interest in, and membership of, the Order at the present day.
