Napa Wine Charles L. Sullivan,2008-10-01 Charles Sullivan's Napa Wine: A History, is the engaging story of the rise to prominence of what many believe to be the greatest winegrowing area in the Western hemisphere. This new edition completes that picture, bringing to light more than a decade of dramatic changes and shifted norms visited upon the valley, from pholoxera-wasted vineyards to High Court-officiated territorial battles, told in a rousing, transportive narrative. Beginning in 1817 with the movement of Spanish missions into the San Francisco Bay area, Sullivan winds his way through the great wine boom of the late 19th-century, the crippling effect of Prohibition, and Napa's rise out of its havoc to its eventual rivaling of Bordeaux in the judgments of 1976 and 2006. Published in cooperation with the Napa Valley Wine Library, the book includes historic maps, charts of vineyard ownership, and vintages from the 1880s to present.

A Vineyard in Napa Doug Shafer,2012-11-12 At the age of 47, when he a successful publishing executive and living with his wife and four children in an affluent Chicago suburb, John Shafer made the surprise announcement that he had purchased a vineyard in the Napa Valley. In 1973, he moved his family to California and, with no knowledge of winemaking, began the journey that would lead him, thirty years later, to own and operate what distinguished wine critic Robert M. Parker, Jr. called “one of the world’s greatest wineries.” This book, narrated by Shafer’s son Doug, is a personal account of how his father turned his midlife dream into a remarkable success story. Set against the backdrop of Napa Valley’s transformation from a rural backwater in the 1970s through its emergence today as one of the top wine regions in the world, the book begins with the winery’s shaky start and takes the reader through the father and son’s ongoing battles against killer bugs, cellar disasters, local politics, changing consumer tastes, and the volatility of nature itself. Doug Shafer tells the story of his own education, as well as Shafer Vineyards’ innovative efforts to be environmentally sustainable, its role in spearheading the designation of a Stags Leap American Viticultural Area, and how the wine industry has changed in the contemporary era of custom-crushing and hobbyist winery investors.
