99 Bottles André Hueston Mack,2019-10-29 A highly opinionated, vibrantly illustrated wine guide from one of the country's most celebrated—and unorthodox—sommeliers and winemakers. In this entertaining, informative, and thoroughly unconventional wine guide, award-winning sommelier, winemaker, and wine educator Andre Mack presents readers with the 99 bottles that have most impacted his life. Instead of just pairing wines with foods, Mack pairs practical information with personal stories, offering up recommendations alongside reflections on being one of the only African-Americans to ever work at the top level of the American wine industry. Mack's 99 bottles range from highly accessible commercial wines to the most rarefied Bordeaux on the wine list at The French Laundry, and each bottle offers readers something to learn about wine. This window into Mack's life combines a maverick's perspective on the wine industry with an insider's advice on navigating wine lists, purchasing wine, and drinking more diverse and interesting selections at home. 99 Bottles is a one-of-a-kind exploration of wine culture today from a true trailblazer.

X Rated Wines Darryl Roberts,Stewart Dorman,2000 The first book from Wine-X Magazine is for a new generation of people who love wine but have no taste for the pretension and elitism that have too often surrounded it. Includes reviews of more than 1,500 wines, plus sidebars with celebrity interviews about fine wine.

Tangled Vines Frances Dinkelspiel,2015-10-06 On October 12, 2005, a massive fire broke out in the Wines Central wine warehouse in Vallejo, California. Within hours, the flames had destroyed 4.5 million bottles of California's finest wine worth more than \$250 million, making it the largest destruction of wine in history. The fire had been deliberately set by a passionate oenophile named Mark Anderson, a skilled con man and thief with storage space at the warehouse who needed to cover his tracks. With a propane torch and a bucket of gasoline-soaked rags, Anderson annihilated entire California vineyard libraries as well as bottles of some of the most sought-after wines in the world. Among the priceless bottles destroyed were 175 bottles of Port and Angelica from one of the oldest vineyards in California made by Frances Dinkelspiel's great-great grandfather, Isaias Hellman, in 1875. Sadly, Mark Anderson was not the first to harm the industry. The history of the California wine trade, dating back to the 19th Century, is a story of vineyards with dark and bloody pasts, tales of rich men, strangling monopolies, the brutal enslavement of vineyard workers and murder. Five of the wine trade murders were associated with Isaias Hellman's vineyard in Rancho Cucamonga beginning with the killing of John Rains who owned the land at the time. He was shot several times, dragged from a wagon and left off the main road for the coyotes to feed on. In her new book, Frances Dinkelspiel looks beneath the casually elegant veneer of California's wine regions to find the obsession, greed and violence lying in wait. Few people sipping a fine California Cabernet can even guess at the Tangled Vines where its life began.

Reading between the Wines Terry Theise,2011-09-19 Acclaimed importer and wine guru Terry Theise, long known for his top-notch portfolio and his illustrious writing, now offers this opinionated, idiosyncratic, and beautifully written testament to wine. What constitutes beauty in wine, and how do we appreciate it? What role does wine play in a soulful, sensual life? Can wines of place survive in a world of globalized styles and 100-point scoring systems? In his highly approachable style, Theise describes how wine can be a

portal to aesthetic, emotional, even mystical experience—and he frankly asserts that these experiences are most likely to be inspired by wines from artisan producers.

Marilyn Merlot and the Naked Grape Peter F. May, 2006-04-01 A Peculiar Collection of Uncommon Wines Within these pages are more than 100 of the oddest wines ever produced. Some have unusual names, like Fat Bastard Chardonnay and Lazy Lizard Shiraz. Others feature curious artwork of singing frogs and UFO invasions. Still others boast unique production features, such as Braille typography, heat-sensitive ink, and lenticular art. Along with full-color reproductions of the original labels, author Peter F. May shares stories about the origins of the wines and provides helpful tasting notes. Readers will learn about unusual vineyards (like Cleavage Creek, which donates its proceeds to breast cancer research) as well as the most innovative artists working in the wine label medium. Finally, there's an appendix of resources that will help you locate these wines—so you can savor them yourself.

Uncorked Marco Pasanella, 2012 Chronicles the author's journey through the world of wine when, at the age of forty-three, he decided to open a wine shop at New York's South Street Seaport.

Reflections of a Vintner Tor Kenward, 2022-04-26 A compendium for wine lovers: a prominent vintner shares a lifetime of great wines, famous friends, deep knowledge, and insider insights Reflections of a Vintner recounts the lessons learned, relationships forged, and observations made from an insider's nearly fifty-year journey through the burgeoning wine industry in Napa Valley. From the mid-seventies, when there were less than fifty wineries, to the present, with over eight hundred, Tor Kenward shares his recollections as the region became a world-class wine destination. Following the calendar year, each chapter opens with the challenges and opportunities a winemaker faces that month—in the vineyard, winery, tasting room, and out on the road. In addition to the wine knowledge Kenward imparts, the vintner shares stories of his friendships with legends of the modern American food and wine scene, including Julia Child, André Tchelistcheff, Andy Beckstoffer, and Robert Mondavi, among others. Kenward's hard work as a vintner was recently acknowledged and celebrated. In the October 2021 Judgment of Napa, held forty-five years after the historic Judgement of Paris, TOR Cabernet was judged to be #1, outscoring legendary Bordeaux châteaux, Napa Valley, and international peers by leading critics and sommeliers. TOR wines, coveted by connoisseurs worldwide, received seven perfect 100-point ratings from leading critics for their 2018 Napa Valley wines. An iconic winemaker, Kenward has written, taught, and lectured on wine most of his adult life. What he is most often asked about are not facts or numbers about his wines, but the stories behind them. These are stories of inspiration and wisdom that shaped his journey. With Kenward's impressive connection to Napa Valley and his legacy of creating inimitable wines, Reflections of a Vintner offers entertaining insights into an often intimidating and complex but highly enjoyable world.

Soils for Fine Wines Robert E. White, 2003-07-31 In recent years, viticulture has seen phenomenal growth, particularly in such countries as Australia, New Zealand, the United States, Chile, and South Africa. The surge in production of quality wines in these countries has been built largely on the practice of good enology and investment in high technology in the winery, enabling vintners to produce consistently good, even fine wines. Yet less attention has been paid to the influence of vineyard conditions on wines and their distinctiveness—an influence that is embodied in the French concept of *terroir*. An essential component of *terroir* is soil and the interaction between it, local climate, vineyard practices, and grape variety on the quality of grapes and distinctiveness of their flavor. This book considers that component, providing basic information on soil properties and behavior in the context of site selection for new vineyards and on the demands placed on soils for grape growth and production of wines. *Soils for Fine Wines* will be of interest to professors and upper-level students in enology, viticulture, soils and agronomy as well as wine enthusiasts and professionals in the wine industry.

A Perfect Score Kathryn Hall, Craig Hall, 2016-09-13 A lively husband and wife team recounts their twenty-year climb from amateur winemakers to recipients of an almost unheard-of perfect score from Robert Parker's Wine Advocate. What Makes a Wine Worth Drinking Terry Theise, 2018-11-06 A paean to authentic wines and a New York Times Best Wine Book of the Year from the James Beard Award-winning author of *Reading Between the Wines*. What makes a wine worth drinking? As celebrated wine writer Terry Theise explains in this gem of a book, answering that seemingly simple question requires us to look beyond what's in our glass to consider much bigger questions about beauty, harmony, soulfulness, and the values we hold dear. Most

of all, Theise shows, what makes a wine worth drinking is its authenticity. When we choose small-scale, family-produced wine over the industrially produced stuff, or when we opt for subtle, companionable wines over noisy, vulgar ones, we not only experience their origins with the greatest possible clarity and detail—we also gain a new perspective on ourselves and the world we inhabit. In this way, artisanal wine is not only the key to good drinking; it is also the key to a good life. An unforgettable literary journey into the heart and soul of wine, *What Makes a Wine Worth Drinking* is a gift to be cherished from a writer “whose id is directly connected to his mouth” (Eric Asimov, *The New York Times*). Winner of the Louis Roederer International Wine Writers’ Awards Chairman’s Award A “Best Wine Gift” by WineSpeed “Grown-up wine writing, full of emotion . . . and, in these dangerously cynical times, exactly what we wine enthusiasts—we human beings—need.”—*The World of Fine Wine* “Theise’s fans, as well as those just meeting him for the first time, will revel as he leads us on an existential tour of wine.”—Dave McIntyre, *The Washington Post*
