Handy Guide to Virginia Wineries Donna R. Gough, 2013-03 Handy Guide to Virginia Wineries introduces readers to Virginia's wine regions and wineries in one easy-to-read and accessible package. By providing a description of the wineries, detailing the wines they offer, and including prices that specify the tasting fee as well as the cost of the wine, it offers all the basic information potential visitors will need. The guide also covers special occasions sponsored by the wineries, such as live music, festivals, and charity events, as well as whether children and pets are welcome to the winery or if the winery is available to rent for parties or weddings. More than fifty maps show the precise location of the wineries, which is particularly useful for those located in regions where GPS coverage is often spotty or selects a route of unpaved and narrow mountain roads. An up-to-date directory, tour guide, and excellent source of reference, this book is geared to adults with an interest in wine and in exploring Virginia. With the fifth largest number of wineries in the U.S., Virginia's wine country is being discovered by more and more tourists and wine lovers from all over America.

The New Architecture of Wine Heather Hebert, 2019-12-17 Celebrate the sophisticated blend of agriculture and style that defines California wine country. With well-told stories and stunning photography, author Heather Hebert features the architecture of 25 California wineries in her alluring new book, *The New Architecture of Wine*. As wine tourism has increased, California vintners have embraced the call to create splendid spaces where visitors can taste their unique varieties and enjoy conversation about wine. In place of imitating old-world European estates, grand architectural statements or quirky forays into bohemianism, the new architecture of wine has evolved into a celebration of California's topography, agricultural heritage, historic architectural vernacular, and forward-thinking passion for sustainability and design. The 25 wineries featured in *The New Architecture of Wine*, all built within the last ten years, include buildings designed by top architects Juan Carlos Fernandez and Howard Backen, among others. Together, these wineries form an authentic expression of the winemakers' passion for the land and its heritage—an homage to California. Heather Hebert, formerly the director of marketing for a San Francisco-based architecture firm with an international practice, spent 25+ years guiding the firm's marketing, brand identity, and positioning on a global scale. She works directly with clients to develop their brand strategy and design stories for their hotel, resort, winery, multi-family residential and urban mixed-use projects. Heather lives in Marin County, California, with her husband and four children. *The New Architecture of Wine* is her first book.

Washington Wines and Wineries Paul Gregutt, 2007-10-19 Unquestionably the most comprehensive book on the topic, Washington Wines and Wineries is a new benchmark in learning about this exciting wine region.—Evan Goldstein, author of Perfect Pairings I never miss a chance for lunch or a tasting with Paul Gregutt. He is an eclectic student of wine and an astute taster who never takes himself too seriously. But his Washington Wines & Wineries is a serious publication. The number of Washington wineries has exploded since the turn of the millennium. There are several important new AVAs. Many wonderful wines are being made. So there was an urgent need for this splendid new guide, written with passion and authority. No one who loves Washington wines—in fact, no one serious about wine—should fail to get a copy.—Oz Clarke

Napa County Wineries Thomas Maxwell-Long, 2002 Situated in one of the most beautiful valleys in the state, the Napa Valley Wine Country is home to many of California's premiere wineries. As the Native California population of the area declined, more and more of the land was transformed into an agricultural community, with viticulture quickly winning out. One of the unique features that has been defining California's wine history from the earliest days of its Spanish heritage has been both the variation of the vintages and the vintners. One need only to read the names of these visionaries and wineries to gain a sense of the diversity: Beringer, Far Niente, Beaulieu, Charles Krug, and Inglenook. The picturesque setting of the roaming vineyards, along with the attractive quality of the estates and tasting rooms, has made the Napa Valley wineries one of the most popular and fast-growing tourist destinations in the state of California. In this new book, America's most celebrated wine-producing region is presented for visitors and wine connoisseurs alike, using over 200 vintage images to

showcase the area's heritage, Golden Age, and incredible expansion. Alongside these photographs are collages of the famous wine labels and illustrated maps.
