Call of the Vine Liz Thach,Tim Mondavi,2014-08-28 Call of the Vine takes you on a tour of ten famous vineyards in the legendary California wine regions of Napa and Sonoma. Sit back and relax as author, Dr. Liz Thach, first female Master of Wine from California, introduces you to the men and women who are guardians of some of the most sacred plots of land on earth for wine lovers. Written in the first person with close and intimate conversations with vineyard managers and winemakers, this non-fiction book will not only inspire you with the meticulous care and environmental practices being used in these vineyards, but will explain how viticulture decisions such as canopy management and clonal selection impact wine quality. Most importantly this book taps into the soul of the vineyard and describes how working amongst the vines provides insights into a balanced life and respect for the graces of nature. Inspired to write this book when visiting La Tache and Romanee Conti vineyards in France and witnessing the respect and admiration carloads of tourists had for these famous vineyards, Liz decided to begin an exploration of the famous vineyards of her own homeland, California. Armed with the help and guidance of the Napa Valley Vintners and the Sonoma County Vintners, she was able to identify a list of ten Napa and Sonoma County vineyards that fit the criteria of being a historic vineyard, unique in some special way such as location or varietal, and/or consistently producing a high number of award winning wines.

Ohio's Lake Erie Wineries Claudia J. Taller,2011 Ohio's Lake Erie wineries and vineyards are rooted in tradition. European immigrants settled on the Lake Erie islands and nearby shoreline in the mid-1800s, and the grape industry flourished in Ohio into the early 20th century. Industrialization from Cleveland to Toledo swallowed up prime growing property along the lakeshore, but many farms continued to grow grapes. During Prohibition, wine making went underground. When it ended, restaurant owners bottled their own fortified wines and some of the wineries started mass producing wine with new equipment. The wines of Ohio, like those all over the eastern United States, were mostly sweet and made from native labrusca grapes. In the 1960s, Ohio's serious winemakers learned how to cultivate European-style vinifera grapes along Lake Erie's shore and on the islands. Chardonnay and cabernet sauvignon grapes now grow alongside Concord and Catawba. Today, more than 40 wineries stretch across northern Ohio.

Wine is one of the rare businesses in which this level of international fame and internal family politics plays out over centuries--unless you consider royalty a business. So, it makes for an unusual sociological study and compelling prose. - Joshua Greene, *Wine & Spirits*
