Tanith Hobson, John Collins

Wineries of the Cape Lindie McGregor, Erica Moodie, 2013-09-30 Cape Town in South Africa is one of the great wine capitals of the world and gateway to the internationally renowned Cape winelands with its breathtaking scenery and legendary wines. From historic gabled manor houses to contemporary wineries, quirky family-run farms to iconic estates, country picnics to world-class fine dining restaurants, the Cape winelands offer a wide diversity of visitor experiences, all within an easy hour's drive of the city. But how do you choose where to go, what to taste and what to do in the winelands when time is limited and options are vast? *Wineries of the Cape* is an informative and richly photographed guidebook, complete with handy regional maps, which shares a wealth of practical information ensuring that you experience the very best of the winelands, whether you are a local or first-time visitor. Lindsay McGregor - a long-time contributor to 14 editions of Platter's South African Wine Guide and a regular writer in the world of wine - simplifies this choice by sharing her intimate industry knowledge, profiling 56 of the Cape's must-visit wineries.

Wines of the New South Africa Tim James, 2013-07-18 Sought after by European aristocrats and a favorite of Napoleon Bonaparte, the sweet wines of Constantia in the Cape Colony were considered to be among the world's best during the eighteenth and nineteenth centuries. During the first democratic elections in 1994, South Africa began to re-emerge onto the international wine scene. Tim James, an expert on South African wines, takes the reader on an information-packed tour of the region, showing us how and why the unique combination of terroir and climate, together with dramatic improvements

in winemaking techniques, result in wines that are once again winning accolades. James describes important grape varieties and wine styles—from delicate sparkling, to rich fortified, and everything in between—including the varietal blends that produce some of the finest Cape wines. Anchoring his narrative in a rich historical context, James discusses all the major wine regions, from Cederberg to Walker Bay, complete with profiles of more than 150 of the country's finest producers.

The Wines of South Africa CLARKE, Jim Clarke Domaines Ott* International Feature Writer of the Year 2020, 2024-02-06 - Most up-to-date analysis of South African wine - Author is an industry insider and acknowledged expert on the wines of South Africa - Author was named Domaines Ott* International Feature Writer Of The Year 2020 at the Louis Roederer Awards South Africa is the eighth largest wine-producer in the world and its wine industry is among the oldest of the New World. Today it is one of the globe's most dynamic industries, compact but diverse. In the past decade a new generation of winemakers has breathed life into centuries-old estates and new, boutique brands alike. *The Wines of South Africa* begins by introducing readers to the history of South African wine, starting with the arrival of the Dutch and the establishment of what would become Cape Town. Clarke then analyses South Africa's industry today including the geological, geographical, and climatic conditions that create the parameters and potential of South African wine. He describes the major grape varieties and wine styles and outlines the broad range of wines being produced. The book the current infrastructure of the industry paying particular attention to the role of Black and coloured people in the wine industry

since the end of apartheid. Key challenges facing the industry are explored, including profitability and the loss of vineyards as farmers switch to higher-margin orchards; environmental concerns, the effects of climate change, and water conservation; and the legacy of apartheid and continued imbalances in the socioeconomic structure of the Western Cape. The major growing areas of South Africa are described in turn, including an explanation of the Wine of Origin scheme, and the most important producers operating in each one.

Toward a Sustainable Wine Industry Luann Preston-Wilsey,2015-05-06 This title includes a number of Open Access chapters. **Toward a Sustainable Wine Industry: Green Enology in Practice** takes a broad look at the emerging trend of using sustainable wine production methods and business practices. It covers a multitude of aspects of the sustainable wine industry, including production methods, recycling efforts, customer behavior, sustainable business practices, and more. The wine sector, which plays a big role in the agricultural industry around the world, has been facing increasing pressure to fulfill legal environmental requirements while maintaining a competitive position in a global market. Concern for the environment and rising costs have led to an increased interest in sustainable wine production practices. This valuable compendium addresses this trend and looks at different sectors within the wine industry. In all, the book provides a multi-faceted examination of the important aspects of the increasingly necessary and growing sustainable movement. The book aims to shed valuable light on how to build an integrated sustainable business and development system in the wine industry.

Sustainable Tourism in Southern Africa Jarkko Saarinen,2009 The book

represents the first accessible examination of the complex connections between tourism and sustainability in southern African context. The edited book introduces relationships between tourism, sustainability and development with a range of case studies from the region, focusing especially on natural resource dependent communities in processes of transition.
