Notes From An Accidental Band Geek Erin Dionne, 2011-09-01 From the author of *Models Don't Eat Chocolate Cookies* comes a middle grade novel hailed by Linda Urban as "A perfect blend of laugh out loud funny and real-world heart." Elsie Wyatt wants to be an orchestra superstar, like her dad and grandfather. The first step? Get into a super-selective summer music camp. In order to qualify, Elsie must "expand her musical horizons" by joining her high school's marching band. Not only does this mean wearing a plumed hat and polyester pants, but it also means she can't play her own instrument, can't sit down, and can't seem to say the right thing to anyone...let alone Jake, the cute trumpet player she meets on the first day. Plus, everything she does seems to cause a disaster. Surviving marching band is going to be way harder than Elsie thought. For fans of funny, realistic, every-girl novels like Wendy Mass's *13 Gifts* and Lisa Greenwald's *My Life in Pink & Green*. "It has humor, heart, and a touch of romance that will provide ample fodder for booktalks."—School Library Journal "Marching-band kids everywhere will enjoy this believable celebration of a life-changing, musical rite of passage."—Kirkus

The Anarchists in the Spanish Civil War Robert Jackson Alexander, 1999 Re-examines the role of the anarchists in the Spanish Civil War, from their participation in the military to the management of substantial segments of the Spanish economy.

Dispatches from the Cosmic Cobra Breeding Farm Jeremy Bagott, 2019-12 The author, a cog in a profession sputtering and wheezing under decades of chaotic regulation, discovers his nemesis,

the head of an obscure Beltway foundation that has managed to have its copyrighted code of conduct enshrined in federal and state law. All 50 states and many territories, even the tiny U.S. territories of Guam and the Mariana Islands, now must heed the foundation's continually changing standards and criteria. The nonprofit, known as the Appraisal Foundation, acts as a U.S. taxpayer-subsidized standard-setting body but it holds a unique government franchise. Hoisting the ensign of waste and abuse, the author, Jeremy Bagott, delivers a clarion call. He takes the reader (and taxpayer) on a whirlwind tour of the grand salons of Europe and Asia as trustees and officers in this congressionally authorized and taxpayer-funded organization travel the world and make badinage with the likes of a former British Labour Party chancellor of the exchequer and other notables at droll receptions in places like Paris, London, Singapore and Dubai. The foundation's winter retreats in places like West Palm Beach, Scottsdale and Pasadena host top officials of the equally obscure U.S. federal agency that provides the nonprofit its public grant. The author, a former newspaper editor, interweaves skillful scene-setting and thoughtful analysis with the surprising comments of stone-honest civil servants, double-talking careerists and anonymous fixers found deep in the plumbing of state and federal government. On his journey, the author discovers a far greater potential menace: the growing and largely unexamined reliance on a practice called incorporation by reference. Coupled with evidence of rogue regulating, abdication and routine corner-cutting in state and federal rulemaking, it is slowly creating a fourth branch of government.

Fee Appraisers, 1987

Absolutely Almost Lisa Graff, 2015-05-05 From the author of the National Book Award nominee *A TANGLE OF KNOTS* comes an inspiring novel about figuring out who you are and doing what you love. Albie has never been the smartest kid in his class. He has never been the tallest. Or the best at gym. Or the greatest artist. Or the most musical. In fact, Albie has a long list of the things he's not very good at. But then Albie gets a new babysitter, Calista, who helps him figure out all of the things he is good at and how he can take pride in himself. A perfect companion to Lisa Graff's National Book Award-nominated *A Tangle of Knots*, this novel explores a similar theme in a realistic contemporary

world where kids will easily be able to relate their own struggles to Albie's. Great for fans of Rebecca Stead's *Liar and Spy*, RJ Palacio's *Wonder* and Cynthia Lord's *Rules*. Praise for Lisa Graff's novels *Tangle of Knots* (nominated for a National Book Award) * Combining the literary sensibility of E. B. White with the insouciance of Louis Sachar, Graff has written a tangle that should satisfy readers for years to come.--Booklist, starred review *Double Dog Dare* Graff's...story is lighthearted and humorous, but honestly addresses the emotions associated with divorce. Her characters' voices, interactions, and hangups are relatable, as they battle each other and adjust to their families' reconfigurations.--Publishers Weekly

The Ichthyologist's Guide to the Subprime Meltdown Jeremy Bagott, 2020-11-15 The financial crisis of 2007 - 2008 was cataclysmic. Its bitter legacy will be felt for decades. The author, a former newspaper editor, walks the reader through the smoldering wreckage of a crisis that took the global financial system to the edge of the abyss. He delivers a well-crafted narrative, including two useful chronologies. The prologue and epilogue have a wry quality, despite the carnage they describe, and provide more than a few ah-hah moments. *The Ichthyologist's Guide to the Subprime Meltdown* is no fusty treatise. Like a modern-day Jacques Cousteau, the author, grasping to explain the collectively suicidal behavior leading up to the debacle, looks at so-called biological markets -- strange commodity exchanges among fish. He concludes the Subprime Meltdown was too brutal and distorted for even the take-no-prisoners exchanges from the deep.

Race and Real Estate Adrienne Brown, Valerie Smith, 2015-09-30 Race and Real Estate brings together new work by architects, sociologists, legal scholars, and literary critics that qualifies and complicates traditional narratives of race, property, and citizenship in the United States. Rather than simply rehearsing the standard account of how blacks were historically excluded from homeownership, the authors of these essays explore how the raced history of property affects understandings of home and citizenship. While the narrative of race and real estate in America has usually been relayed in terms of institutional subjugation, dispossession, and forced segregation, the essays collected in this volume acknowledge the validity of these histories while presenting new perspectives on this story.

Laughing in the Hills Bill Barich, 2015-10-20 Bill Barich burst onto the literary scene more than twenty-five years ago with this remarkable account of racetrack life. Holed up in a cheap motel in Albany, California, only a few miles from Golden Gate Fields, he looked to the track to help him make sense of his life during a dark period of loss and challenge. With rare sensitivity, he captured the gritty world of the backstretch, and also its poetry, as few other writers have done. *Laughing in the Hills*, which was first serialized in the *New Yorker*, has become a classic of sporting literature and a must for anyone who loves horses and the world they create. "It is a lovely, valuable book, introspective without being self-servingly so, affectionate but never saccharine in its evocation of racetrack life, witty and perceptive throughout." —Jonathan Yardley, *Sports Illustrated* Skyhorse Publishing, as well as our Sports Publishing imprint, is proud to publish a broad range of books for readers interested in sports—books about baseball, pro football, college football, pro and college basketball, hockey, or soccer, we have a book about your sport or your team.
