The Bluegrass Conspiracy Sally Denton,2001 When Kentucky Blueblood Drew Thornton parachuted to his death in September 1985—carrying thousands in cash and 150 pounds of cocaine—the gruesome end of his startling life blew open a scandal that reached to the most secret circles of the U.S. government. The story of Thornton and “The Company” he served, and the lone heroic fight of State Policeman Ralph Ross against an international web of corruption is one of the most portentous tales of the 20th century.

American Criminal Law Paul H. Robinson,Sarah M. Robinson,2022-08-12 This coursebook offers an exciting new approach to teaching criminal law to graduate and undergraduate students, and indeed to the general public. Each well-organized and student-friendly chapter offers historical context, tells the story of a principal historic case, provides a modern case that contrasts with the historic, explains the legal issue at the heart of both cases, includes a unique mapping feature describing the range of positions on the issue among the states today, examines a key policy question on the topic, and provides an aftermath that reports the final chapter to the historic and modern case stories. By embedding sophisticated legal doctrine and analysis in real-world storytelling, the book provides a uniquely effective approach to teaching American criminal law in programs on criminal justice, political science, public policy, history, philosophy, and a range of other fields.

Media Market Fouad Sabry,2024-04-07 What is Media Market A market, also known as a media market, broadcast market, media region, designated market area (DMA), television market area, or simply market, is a region in which the population has access to the same (or comparable) television and radio station offerings. Markets may also include other forms of media, such as newspapers and content from the internet. It is possible for them to correspond with or overlap with one or more metropolitan areas; however, rural regions that have a limited number of large population centers can also be recognized as markets. The opposite is also true: extremely big metropolitan areas can occasionally be divided into a number of different pieces. It is possible for market regions to overlap, which means that individuals who live on the periphery of one media market may be able to get information from other markets that are conveniently located nearby. These measurements are compiled in the United States by Nielsen Media Research, and they are utilized extensively in the process of audience measurement. Since the completion of its acquisition of Arbitron in September 2013, Nielsen has been doing audience measurements for both radio and television. How you will benefit (I) Insights, and validations about the following topics: Chapter 1: Media market Chapter 2: Nielsen Audio Chapter 3: WDBB Chapter 4: WNPT (TV) Chapter 5: Audience measurement Chapter 6: Market failure Chapter 7: WYMT-TV Chapter 8: WDTV Chapter 9: Media in New York's Capital District Chapter 10: The CW Plus Chapter 11: WVTT-CD Chapter 12: WJMX (AM) Chapter 13: Media in the Tampa Bay area Chapter 14: WNKI Chapter 15: Digital television transition in the United States Chapter 16: KLIR Chapter 17: Nielsen Media Research Chapter 18: Regulated market Chapter 19: Significantly viewed out-of-market television stations in the United States Chapter 20: Media in Jacksonville, Florida Chapter 21: WTOP-FM (II) Answering the public top questions about media market. Doctors and Friends Kimmerly Martin,2022-10-04 Three doctors’ lives are transformed on the front lines of a new pandemic in this heart-wrenching yet ultimately inspiring novel by acclaimed author Kimmerly Martin. Hannah, Compton, and Kira have been close friends since medical school, reuniting once a year for a much-needed vacation. Just as they gather to travel in Spain, an outbreak of a fast-spreading virus throws the world into chaos. When Compton Winfield returns to her job as an ER doctor in New York City, she finds a city changed beyond recognition—and a personal loss so gutting it reshapes every aspect of her life. Hannah Geier’s career as an ob-gyn in San Diego is fulfilling, but she’s always longed for a child of her own. After years of trying, Hannah discovers she’s expecting a baby just as the disease engulfs her city. Kira Marchand, an infectious disease doctor at the CDC in Atlanta, finds herself at the center of the American response to the terrifying new illness. Her professional battle turns personal when she must decide which of her children will receive an experimental but potentially lifesaving treatment. Written prior to COVID-19 by a former emergency medicine physician, *Doctors and Friends* incorporates unexpected wit, razor-edged poignancy, and a deeply relatable cast of characters who provoke both laughter and tears. Martin provides a unique insider’s perspective into the world of medical professionals working to save lives during the most difficult situations of their careers.

A New Guide to Federal Cable Television Regulations Steven R. Rivkin,1978 A New Guide to Federal Cable Television Regulations revisits and updates Rivkin's *Cable Television: A Guide to Federal Regulations* from 1972, now that some five years of elaboration and fine-tuning in government controls have elapsed. Rivkin examines how these rules and regulations have fared in actual practice and details the subsequent changes that have been made in them as a result of citizen and industry feedback over the period. This text makes full use of the thousands of certifications granted by the FCC and a like number of interpretive proceedings it has held to resolve and refine disputed and ambiguous points. A significant feature of the new book is the material it contains on the expected impact of the new copyright law pertinent to cable television that becomes effective January 1, 1978.

Sole Survivor Holly Dunn,2017-11-07 A memoir of hope, healing, and survival, sure to resonate with fans of Jaycee Dugard’s *A Stolen Life* and Elizabeth Smart’s *My Story*. On August 28, 1997, just as she was starting her junior year at the University of Kentucky, Holly Dunn and her boyfriend, Chris Maier, were walking along railroad tracks on their way home from a party when they were attacked by notorious serial killer Angel Maturino Reséndiz, aka The Railroad Killer. After her boyfriend is beaten to death in front of her, Holly is stabbed, raped, and left for dead. In this memoir of survival and healing from a horrific true crime, Holly recounts how she lived through the vicious assault, helped bring her assailant to justice, and ultimately found meaning and purpose through service to victims of sexual assault and other violent crimes. She has worked as a motivational speaker and activist and founded Holly's House, a safe and nurturing space in her hometown of Evansville, Indiana.
