*Shake Strain Done* J. M. Hirsch,2020-11-03 Revolutionize the way you drink at home with simple recipes and common ingredients -- no obscure liquors or fussy techniques needed -- from the editorial director of Milk Street, J.M. Hirsch. Are you done with generic gin and tonics, mediocre Manhattans and basic martinis? You can use pantry staples and basic liquors to produce more than 200 game-changing craft cocktails worthy of a seat at the bar. Many cocktail books call for hard-to-find ingredients and complicated techniques that can frustrate home cocktail makers. Shake Strain Done shows a better way: If you can shake, strain, stir and turn on a blender, you can make great cocktails. No tedious secondary recipes hidden between the lines. No mysteries. You'll know what each drink will taste like before you pick up a bottle. No fancy equipment needed. A shaker, strainer and spoon are as exotic as it gets. The ingredients are mostly pantry and bar staples--things you already have on hand. Every drink is rated by its characteristics -- Warm, Refreshing, Sweet, Sour, Bitter, Fruity, Herbal, Creamy, Spicy, Strong and Smoky -- to help expand your horizons and find more drinks to love. These are drinks with the sophistication of a high-end speakeasy, minus the fuss, like: The Sazerac 2.0 - a spice cabinet update that takes the classic back to its origins A new White Russian that lightens the load with coconut water instead of cream A grownup Singapore Sling that's fruity without tasting like fruit punch A Scorched Margarita that uses the broiler to char those lemons and limes A feisty new Gin and Tonic in which black pepper is the star ingredient And plenty of originals, like the Pooh Bear. Butter, honey and bourbon? Yes, please! And Mistakes Were Made, for tiki time

**Abandoned Vehicles of New Hampshire** Jerry Lofaro,2021-02-22 In Abandoned Vehicles of New Hampshire: Rust in Peace, renowned illustrator and photographer, Jerry LoFaro, takes us on an inspiring photographic journey through the wilds of New Hampshire as he uncovers the automotive relics of a not-too-distant past. It's a breathtaking, peaceful, and sometimes sobering look at the remains of a wide variety of cars, trucks and buses that are both enhanced and softened by nature's blanket. What began for the author as purely an exploration of color and dramatic abstract compositions slowly and unexpectedly evolved into a very personal odyssey as he shares stories and humor about his own history and family. To take it a step further, music, art and cinematic references abound enrich the photos in a surprising and entertaining fashion. This approach is further accented by the words of many notable musicians, artists, and others who were invited to contribute captions to the images in the author's added bonus approach to the subject matter. An unusual and creatively imagined book on rusty stuff, readers will enjoy finding a few extra thrills and shocks. Step inside!

**Brayden Speaks Up** Brayden Harrington,2021-08-10 Brayden Harrington, a thirteen-year-old boy who stutters, gives an incredible speech that electrifies the nation in this timely and extraordinary nonfiction picture book that celebrates the importance of speaking up and using your voice—for everyone deserves to be heard. When Brayden talks, his words get caught in his mouth. He has bumpy speech—and that’s okay! Sometimes, though, he doesn’t feel anyone really understands what it feels like to be a person who stutters. Then Brayden meets Joe Biden, who knows exactly how he feels and inspires him to be more confident. But when Mr. Biden asks Brayden to give a big speech in front of the whole nation, will Brayden be brave enough to speak up and speak out? Brayden Speaks Up is the incredible true story of one extraordinary boy’s perseverance and the importance of celebrating yourself just as you are. For after all, your biggest challenge just might be your greatest gift.

**A Deep Presence** Robert Goodby,2021-10-11 Almost 13,000 years ago, small groups of Paleoindians endured frigid winters on the edge of a river in what would become Keene, New Hampshire. This begins the remarkable story of Native Americans in the Monadnock region of southwestern New Hampshire, part of the traditional homeland of the Abenaki people. Typically neglected or denied by conventional history, the long presence of Native people in southwestern New Hampshire is revealed by archaeological evidence for their deep, enduring connections to the land and the complex social worlds they inhabited. From the Tenant Swamp Site in Keene, with the remains of the oldest known dwellings in New England, to the 4,000-year-old Swanzey Fish Dam still visible in the Ashuelot River, A Deep Presence tells their story in a narrative fashion, drawing on the author's thirty years of fieldwork and presenting compelling evidence from archaeology, written history, and the living traditions of today's Abenaki people.

**Haunted Hikes of New Hampshire, 2nd Edition** Marianne O'Connor,2019 Are ghosts real? Have aliens visited New Hampshire? Is there such thing as Big Foot? These questions and more are covered in Marianne O'Connor's extraordinary program Haunted Hikes of New Hampshire based on her popular book. Marianne O'Connor is the author of Haunted Hikes of New Hampshire, 2nd Edition. First published in 2008, the new edition features six new spooky hikes! Marianne has been presenting her engaging program for nine years. The program is a slide show which includes spooky sound effects, ghostly specters and mysterious stories. The program is appropriate for young and old. O'Connor has appeared on WMUR's New Hampshire Chronicle and NHPTV Windows to the Wild with Willem Lange. O'Connor has also been featured in New Hampshire Magazine as well as numerous publications over the years. The hour-long program presents ghost stories from the book. The program includes slide photos of some of the many hikes. The presentation is geared to engage listeners such that they might want to get outside and hike. (Ghosts not guaranteed.) The program is perfect for Halloween, and those looking for something different this fall--

**Stormy Weather** D. Scala,2003-12-04 In the coming presidential primaries, no state is as important in setting the stage - or affecting the odds - as New Hampshire. This small, mountainous, proudly distinctive state holds the first primary and the results, both real and in comparison to expectations, can greatly influence the competition for the highest office in the land. Candidates who do well can create momentum and gain support, while those who do worse than expected can be counted out. Scala explains the distinctiveness of New Hampshire politics and how the candidates create strategies to appeal to the state's voters. New Hampshire's sympathy for reformist candidates has the paradoxical affect of jumpstarting the campaigns of those candidates least representative of Democratic voters nationally. The implications for Democratic chances to win the presidency in 2004 are discussed.

**121 Days: The Corbin Raymond Story of Fighting for Life and Surviving a Traumatic Brain Injury** Sadie Raymond,2021-02-02

*Riot. Strike. Riot* Joshua Clover,2019-06-11 Award winning poet Joshua Clover theorises the riot as the form of the coming insurrection Baltimore. Ferguson.

Tottenham. Clichy-sous-Bois. Oakland. Ours has become an “age of riots” as the struggle of people versus state and capital has taken to the streets. Award-winning poet and scholar Joshua Clover offers a new understanding of this present moment and its history. Rioting was the central form of protest in the seventeenth and eighteenth centuries, and was supplanted by the strike in the early nineteenth century. It returned to prominence in the 1970s, profoundly changed along with the coordinates of race and class. From early wage demands to recent social justice campaigns pursued through occupations and blockades, Clover connects these protests to the upheavals of a sclerotic economy in a state of moral collapse. Historical events such as the global economic crisis of 1973 and the decline of organized labor, viewed from the perspective of vast social transformations, are the proper context for understanding these eruptions of discontent. As social unrest against an unsustainable order continues to grow, this valuable history will help guide future antagonists in their struggles toward a revolutionary horizon.

The SAGE Encyclopedia of Journalism Gregory A. Borchard,2022-01-28 Journalism permeates our lives and shapes our thoughts in ways that we have long taken for granted. Whether it is National Public Radio in the morning or the lead story on the Today show, the morning newspaper headlines, up-to-the-minute Internet news, grocery store tabloids, Time magazine in our mailbox, or the nightly news on television, journalism pervades our lives. The Encyclopedia of Journalism covers all significant dimensions of journalism, such as print, broadcast, and Internet journalism; U.S. and international perspectives; and history, technology, legal issues and court cases, ownership, and economics. The encyclopedia will consist of approximately 500 signed entries from scholars, experts, and journalists, under the direction of lead editor Gregory Borchard of University of Nevada, Las Vegas.

**Different Roots, Common Dreams** Becky Field,2015 For three years, photographer Becky Field has been welcomed into the lives of New Hampshire's immigrants and refugees. In a state known for low diversity, she has been served traditional food, experienced cultural celebrations and witnessed sacred ceremonies. This book of her photographs with stories by immigrants shows that, while we are different in many ways, we all have the same dreams to have safe homes, supportive jobs, education for our children, and freedom to practice cultural and religious traditions.

**Where You'll Find Me** Ty Gagne,2017-08-25 On Feb. 15, 2015, Kate Matrosova, an avid mountaineer, set off before sunrise for a traverse of the Northern Presidential Range in New Hampshire's White Mountains. Late the following day, rescuers carried her frozen body out of the mountains. What went wrong? Where You'll Find Me offers possible answers to that question.
