The Wolves are Coming Back Rebecca Pates,Julia Leser,2020 The wolves are returning to Germany, while German politics are shifting to the right. The rising nationalist Alternative for Germany (AfD) draw much of their support from places that have been referred to as the 'post-traumatic places' in East Germany, structured by realities of disownment, disenfranchisement, and a lack of democratic infrastructure. While nationalist parties are on the rise everywhere in Europe, this is a case study of East German fringe political movements, splinter parties, and agitation against both migrants and wolves. The authors move beyond easy stereotypes and strive to unravel the deep story of why East German politics is shifting to the right. The returning wolves serve both as metaphor and analytical tool to further an understanding of the logics and sentiments that underlie the rise of the right in East German politics.

Wolfs Coming! Joe Kulka,2014-01-01 As a distant howl echoes through the forest, animals quickly stop what they're doing and run for home. Look out—Wolf's coming! As the shadowy figure gets closer and closer and the day draws to a close, the animals shut the door, pull the shades, and turn out the lights. Soon the wolf's glowing eyes appear at the window and the front door opens . . . But things are not as they seem in this suspenseful, clever story, and it's the reader who's in for the biggest surprise of all!

Help! The Wolf is Coming! Cédric Ramadier,2015-05 Offers young readers advice on how to get rid of a wolf who keeps getting closer and closer.

Throw Me to the Wolves Lindy Ryan,Christopher Brooks,2022-05-24 Some evil wants to live forever. Ten years ago a witch sacrificed Britta Orchid's family and turned her into a werewolf. Selena Stone's spell failed, and she was never seen again. Until now. Officer Aaron Labaye has discovered Selena's remains in the house where Britta's family died, and dragged Britta back to Louisiana to aid the investigation, hoping her past will break the case. Britta has a hard time resisting the handsome rookie, especially when he shows her a new drawing by her murdered little brother: Britta in her wolf-form. As an unseen hand sets events in motion, Britta has to help Labaye dig into the murders old and new. The bloodthirsty ghost of her brother, a jealous member from her pack, and a former friend with a serious prejudice against wolves all stand to stop Britta as she fights to finally get the truth about that night ten years ago. But, as she looks harder than ever into her own dark past, Britta will confront more than just her own demons as she fights for peace for herself and for her family. She can't hide anymore, but must find her place in a world she's avoided—and discover what it truly means to be a wolf.

"HELP! The Wolf Is Coming " Sigal Adler,2017-11-25 The High Price Of Telling Lies ***** The three older brothers had flocks of their own, But the youngest one still had to wait till he'd grown, He wished to grow big like his brothers, so strong So he'd have his own sheep before very ***** About Aesop's Fables Who was Aesop, and why are his fables famous all over the world? In fact, very little is known about this mysterious Ancient Greek figure. He is thought to have been a slave originally from Africa, but even that isn't known for certain. But his stories, with their talking animals and simple moral lessons, have been popular for thousands of years. They have been translated into almost every language and were among the first books to be printed when the printing press was invented in the 1400s. The most famous Aesop's Fable is probably the story of The Hare and the Tortoise, with its message that slow and steady wins the race. Children everywhere have grown up loving these delightful short tales, learning and growing through their bond with these timeless classics. I grew up enjoying many of Aesop's fables and I'm excited to share them with you here in my own style, a little more contemporary and told in rhymes to make them fun to read and listen to. I hope you and your kids will love sharing these stories and learning from their messages just as much as I always have.

Wolves Sara Swan Miller,2008-01-01 Describes the physical characteristics, habitat, diet, behavior, and life cycle of wolves, as well as the dangers that they face.

Recovery of Gray Wolves in the Great Lakes Region of the United States Adrian P. Wydeven,Timothy R. van Deelen,Edward Heske,2009-02-27 In this book, we document and evaluate the recovery of gray wolves (Canis lupus) in the Great Lakes region of the United States. The Great Lakes region is unique in that it was the only portion of the lower 48 states where wolves were never c- pletely extirpated. This region also contains the area where many of the first m- ern concepts of wolf conservation and research where developed. Early proponents of wolf conservation such as Aldo Leopold, Sigurd Olson, and Durward Allen lived and worked in the region. The longest ongoing research on wolf–prey relations (see Vucetich and Peterson, Chap. 3) and the first use of radio telemetry for studying wolves (see Mech, Chap. 2) occurred in the Great Lakes region. The Great Lakes region is the first place in the United States where “Endangered” wolf populations recovered. All three states (Minnesota, Wisconsin, and Michigan) developed ecologically and socially sound wolf conservation plans, and the federal government delisted the population of wolves in these states from the United States list of endangered and threatened species on March 12, 2007 (see Refsnider, Chap. 21). Wolf management reverted to the individual states at that time. Although this delisting has since been challenged, we believe that biological recovery of wolves has occurred and anticipate the delisting will be restored. This will be the first case of wolf conservation reverting from the federal government to the state conser- tion agencies in the United States.

Den Of Sorrows Quinn Loftis,2016-03-25 The Romanian and Serbian Canis lupus rest in an uneasy peace. One of their own, Sally Miklos, the young and powerful gypsy healer, aids Perizada in her quest to defeat Volcan, a long forgotten nightmare returned to our world. These two packs watch as their brothers across the world, wolves from Spain, Ireland, and America, join their own forces in the battle against the evil dark fae. At the same time, the packs hope against hope that their presence might reveal a mate bond between a pack member and one of the five recently discovered gypsy healers. While Jacque and Jen miss Sally, their longtime best friend, they have bided their time dealing with their own domestic issues. Jacque and Fane are anticipating the birth of their first child and Jen and Decebel face the challenges of caring for an infant. Both girls are eagerly awaiting Sally’s return, and have Perizada’s word that she will be back in time for the birth of Jacque’s baby. Vasile and Alina, the Alpha pair of the Romanian pack, are enjoying this time of peace. But Vasile did not become the most powerful Alpha in centuries by being a fool. He has lived long enough to know that there is always another battle on the horizon. As long as evil exists in this world, his race must step forward and stand in the gap, shielding those who cannot protect themselves. But the battle he is anticipating is bigger than he could have ever imagined. As Perizada has recently discovered, creatures of the night that have for so long remained hidden from the human realm, have slithered from their underground lairs and begun preying on the young and innocent. The high fae has declared war, and she expects Vasile and his wolves to be the ones to carry out the attack. The Alpha is more than happy to oblige. But with his first grandchild on the

way, and the gift of five vulnerable healers coming under the wolves’ protection, he understands that he must be very careful not to place any of them in harm’s way. Such is the job of the Alpha, protector, and provider. He and those he leads must stand as sentinels and warriors to safeguard those they love, and the humans who know nothing of the supernatural world. It will be their job to destroy the creatures that threaten to expose them all. And if they fail, the world as they know it, both human and supernatural, will never be the same.

The Burning Claw Quinn Loftis,2016-09-10 Jacque’s mind wandered as she hovered somewhere between life and death. Her body longed to let go, to sink into the peaceful abyss, to the place where she didn’t have to worry about rabid, child-snatching vampires and the carnage they’d caused to so many innocent families. But something kept her here, tethered to this world, something she couldn’t quite remember hovered just on the edge of her consciousness, something vital. It wasn’t Fane, he would be with her on the other side, she knew that. If she died, he died too and he wouldn’t have it any other way. She could feel Peri’s presence in her body. The fae was fighting, expending every ounce of her energy to keep her and Fane alive and the strain was taking its toll on the fae. But why? Why was the fae fighting as if her own life depended upon Jacque’s survival? Jacque was starting to remember someone else—someone that depended on her. A brand new life, precious and perfect...her son. Costin’s best friend lay as if sleeping, clinging to life by a mere thread, held at the other end by the powerful fae. But the thread holding Costin to his own sanity was just as feeble. Sally, his world, his light, his brown-eyes, the only thing that keeps the darkness at bay, was gone. Simply vanished. Costin didn’t know how or where, and it was tearing him up inside. The young boy, Titus, his adopted son, was the only thing that kept his wolf from taking over completely. Costin would be strong for the boy for as long as he could, but he wasn’t sure how long he could keep the feral would at bay. Bethany, the brave young girl that had been rescued from the clutches of the vampire coven to which she’d served as food for the past seven years, was now sharing a room with her true mate, with absolutely no understanding of what that meant. Though the girl had proven to be resilient, she had no idea how to handle her the huge dominating werewolf that had staked his claim on her. Drake was past the point of feral when he’d found her, and that kind of darkness doesn’t let go without a fight. The strongest of alpha females, raised with a full understanding of pack law and the power of the mate bond, would have had a tough time dealing with the wolf. Bethany, a dormant, who had no idea who or what she was, didn’t stand a chance.

Prince of Wolves Quinn Loftis,2011-06-29 Jaque Pierce was an ordinary 17-year-old girl getting ready to start her senior year in high school in Coldspring, TX when a mysterious foreign exchange student from Romania moves in across the street. Jacque and her two best friends Sally and Jen don’t realize the last two weeks of their summer are going to get a lot more interesting. From the moment Jacque sets eyes on Fane, she feels an instant connection, a pull like a moth to a flame. Little does she know that the flame she is drawn too is actually a Canis Lupus, werewolf, and she just happens to be his mate, the other half of his soul. The problem is Fane is not the only wolf in Coldspring. Just as Fane and Jacque are getting to know each other, another wolf steps out to try and claim Jacque as his mate. Fane will now have to fight for the right to complete the mating bond, something that is his right by birth but is being denied him by a crazed Alpha. Will the love Fane has for Jacque be enough to give him the strength to defeat his enemy and will Jacque accept she is Fane’s mate and complete the bond between them?

The Redemption of Wolf 302 Rick McIntyre,2021-10-19 From the renowned wolf researcher and author of *The Rise of Wolf 8* and *The Reign of Wolf 21* comes a stunning account of an unconventional alpha male. A lover, not a fighter. That was wolf 302. A renegade with an eye for the ladies, 302 was anything but Yellowstone’s perfect alpha male. For starters, he fled from danger. He begged for food from other wolves, ditched females he’d gotten pregnant, and even napped during a heated battle with a rival pack! But this is not the story of 302’s failures. This is the story of his dramatic transformation. And legendary wolf writer Rick McIntyre witnessed it all from the sidelines. As McIntyre closely observed with his spotting scope, wolf 302 began to mature, and, much to McIntyre’s surprise, became the leader of a new pack in his old age. But in a year when game was scarce, could the aging wolf provide for his family? Had he changed enough to live up to the legacies of the great alpha males before him? Recounted in McIntyre’s captivating storytelling voice and peppered with fascinating insights into wolf behavior, *The Redemption of Wolf 302* is a powerful coming-of-age tale that will strike a chord with anyone who has struggled to make a change, big or small. “With this third installment of Rick McIntyre’s magnum opus, the scope and ambition of the project becomes clear: nothing less than a grand serialization of the first twenty years of wolves in Yellowstone, a kind of lupine *Great Expectations*.”—Nate Blakeslee, New York Times-bestselling author of *American Wolf*

Once There Were Wolves Charlotte McConaghy,2021-08-03 INSTANT NEW YORK TIMES BESTSELLER Blazing...Visceral (Los Angeles Times) · Exceptional (Newsweek) · Bold...Heartfelt (New York Times Book Review) · Thought-provoking and thrilling (GMA) · Suspenseful and poignant (Scientific American) · Gripping (The Sydney Morning Herald) From the author of the beloved national bestseller *Migrations*, a pulse-pounding new novel set in the wild Scottish Highlands. Inti Flynn arrives in Scotland with her twin sister, Aggie, to lead a team of biologists tasked with reintroducing fourteen gray wolves into the remote Highlands. She hopes to heal not only the dying landscape, but Aggie, too, unmade by the terrible secrets that drove the sisters out of Alaska. Inti is not the woman she once was, either, changed by the harm she’s witnessed—inflicted by humans on both the wild and each other. Yet as the wolves surprise everyone by thriving, Inti begins to let her guard down, even opening herself up to the possibility of love. But when a farmer is found dead, Inti knows where the town will lay blame. Unable to accept her wolves could be responsible, Inti makes a reckless decision to protect them. But if the wolves didn’t make the kill, then who did? And what will Inti do when the man she is falling for seems to be the prime suspect? Propulsive and spell-binding, Charlotte McConaghy's *Once There Were Wolves* is the unforgettable story of a woman desperate to save the creatures she loves—if she isn’t consumed by a wild that was once her refuge.
