Alison Green

Ask a Manager Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

Tamed Alice Roberts, 2017-10-19 ***A masterpiece of evocative scientific storytelling.' BRIAN COX** ***Will appeal to fans of Yuval Noah Harari's *Sapiens*'. Mail on Sunday ** The extraordinary story of the species that became our allies. Dogs became our companions Wheat fed a booming population Cattle gave us meat and milk Maize fuelled the growth of empires Potatoes brought us feast and famine Chickens led us to wonder about tomorrow Rice promised us a golden future Horses gave us strength and speed Apples travelled with us HUMANS TAMED THEM ALL For hundreds of thousands of years, our ancestors depended on wild plants and animals to stay alive – until they began to tame them. Combining archaeology and cutting-edge genetics, *Tamed* tells the story of the greatest revolution in human history and reveals the fascinating origins of ten crucial domesticated species; and how they, in turn, transformed us. In a world creaking under the strain of human activity, Alice Roberts urges us to look again at our relationship with the natural world – and our huge influence upon it. Bleakwarrior Alistair Rennie, 2016-06-05 Praise for Alistair Rennie and *BleakWarrior* Transgressive and hard-edged - Jeff VanderMeer, Nebula award winning author of the *Southern Reach* trilogy Flabbergasting Black Metal New Weird - Edward Morris, author of the *Blackguard* series Death, violence, and inappropriate sex - Neil Williamson, author of *The Moon King* For eons, the ancient and powerful Meta-Warriors have betrayed, despoiled, and slain each other in a relentless pursuit of total mutual destruction. Who they are, what they are, what purposes they serve—none can tell. As they exact their dismal retributions against one another, with whatever skulduggery proves necessary for achieving those ends, they do not care to wonder why. Except for one. And he will kill all who stand in the way of him discovering who—and what—he is. Or die trying. They call him *BleakWarrior*. Descend into a world of dark metaphysics, ultra-violence, senseless mayhem, and transgressive sex with a simultaneously brutal and brilliant fantasy novel unlike any other.

Heroic Poets, Poetic Heroes Dwight F. Reynolds, 2018-03-15 An astonishingly rich oral epic that chronicles the early history of a Bedouin tribe, the *Sirat Bani Hilal* has been performed for almost a thousand years. In this ethnography of a contemporary community of professional poet-singers, Dwight F. Reynolds reveals how the epic tradition continues to provide a context for social interaction and commentary. Reynolds's account is based on performances in the northern Egyptian village in which he studied as an apprentice to a master epic-singer. Reynolds explains in detail the narrative structure of the *Sirat Bani Hilal* as well as the tradition of epic singing. He sees both living epic poets and fictional epic heroes as figures engaged in an ongoing dialogue with audiences concerning such vital issues as ethnicity, religious orientation, codes of behavior, gender roles, and social hierarchies.
