Women's Suffrage Memorabilia Kenneth Florey, 2013-06-05 While historians have long recognized the importance of memorabilia to the Woman Suffrage movement, the subject has not been explored apart from a few restricted, albeit excellent, studies. Part of the problem is that such objects are scattered about in various collections and museums and can be difficult to access. Another is that most scholars do not have ready knowledge of the general nature and history of the type of objects (postcards, badges, sashes, toys, ceramics, sheet music, etc.) that suffragists produced. Then-new techniques in both printing and manufacturing created numerous possibilities for supporters to develop campaigns of visual rhetoric. This work analyzes 70 different categories of suffrage memorabilia, while providing numerous images of relevant objects along the way and discussing these innovative production methods. Most important, this study looks at period accounts, often fascinating, of how, why when, and where the memorabilia were used in both America and England.

Selected Letters of Margaret Laurence and Adele Wiseman Margaret Laurence, Adele Wiseman, 1997-01-01 The correspondence between Margaret Laurence and Adele Wiseman covers a period of 40 years, from 1947-1986, and encompasses the professional and personal developments, accomplishments, disappointments, and satisfactions of that period.

Women Writing Crime Fiction, 1860-1880 Kate Watson, 2012-05-07 Arthur Conan Doyle has long been considered the greatest writer of crime fiction, and the gender bias of the genre has foregrounded William Godwin, Edgar Allan Poe, Wilkie Collins, Émile Gaboriau and Fergus Hume. But earlier and significant contributions were being made by women in Britain, the United States and Australia between 1860 and 1880, a period that was central to the development of the genre. This work focuses on women writers of this genre and these years, including Catherine Crowe, Caroline Clive, Elizabeth Cleghorn Gaskell, Mary Elizabeth Braddon, Mrs. Henry (Ellen) Wood, Harriet Prescott Spofford, Louisa May Alcott, Metta Victoria Fuller Victor, Anna Katharine Green, Céleste de Chabrillan, "Oliné Keese" (Caroline Woolmer Leakey), Eliza Winstanley, Ellen Davitt, and Mary Helena Fortune—innovators who set a high standard for women writers to follow.

Pueblo Gods and Myths Hamilton A. Tyler, 1964 Here is a thorough, and long-needed, presentation of the nature of the Pueblo gods and myths. The Pueblo Indians, which include the Hopi, Zuni, and Keres groups, and their ancestors are closely bound to the Plateau region of the United States, comprising much of the area in Utah, Colorado, and—especially in recent years—New Mexico and Arizona. The principal god of the Hopi tribe was and is Masau'u, the god of death. Masau'u is also a god of life in many of its essentials. There is an unmistakable analogy between Masau'u and the Christian Devil, and between Masau'u and the Greek god Hermes, who guided dead souls on their journey to the nether world. Mr. Tyler has drawn many useful comparisons between the religions of the Pueblos and the Greeks. Because there is a widespread knowledge of the Greek gods and their ways, the author writes, many people will thus be at ease with the Pueblo gods and myths. Of utmost importance is the final chapter of the book, which relates Pueblo cosmology to contemporary Western thought. The Pueblos are men and women who have faced, and are facing, problems common to all mankind. The response of the Pueblos to their challenges has been tempered by the role of religion in their lives. This account of their epic struggle to accommodate themselves and their society to the cosmic order is must reading for historians, ethnologists, students of comparative religion, and for all who take an interest in the role of

religious devotion in their own lives.

This six volumes edition covers the women's suffrage movement from 1848 to 1922. Originally envisioned as a modest publication that would take only four months to write, it evolved into a work of more than 5700

pages written over a period of 41 years and was completed in 1922, long after the deaths of its visionary authors and editors, Elizabeth Cady Stanton and Susan B. Anthony. However, realizing that the project was unlikely to make a profit, Anthony had already bought the rights from the other authors. As a sole owner, she published the books herself and donated many copies to libraries and people of influence. Elizabeth Cady Stanton (1815–1902) was an American suffragist, social activist, abolitionist, and leading figure of the early women's rights movement. Susan B. Anthony (1820–1906) was an American suffragist, social reformer and women's rights activist. Harriot Stanton Blatch (1856–1940) was a suffragist and daughter of Elizabeth Stanton. Matilda Gage (1826–1898) was a suffragist, a Native American rights activist and an abolitionist. Ida H. Harper (1851–1931) was a prominent figure in the United States women's suffrage movement. She was an American author, journalist and biographer of Susan B. Anthony.

Jewish Musical Traditions Amnon Shiloah, 1995 Shiloah (musicology, Hebrew U. of Jerusalem) discusses the manner in which the 2,000-year-old Jewish musical heritage meshes with the complex web of Jewish history by way of central themes such as the relation of music to religion, music and the world of the Kabbalah, and music in communal life. He considers technical and theoretical approaches, as well as art music, folk music, and performance practices of poets, vocalists, instrumentalists and dancers. Contemporary Maya Spirituality Jean Molesky-Poz, 2006-06-01 Since the mid-1980s, when Guatemala returned to civilian rule and achieved relative peace and stability, the Maya have begun openly expressing their spiritual beliefs and practices. Jean Molesky-Poz draws on in-depth dialogues with Maya Ajq'ijab' (keepers of the ritual calendar), her own participant observation, and inter-disciplinary resources to offer a comprehensive, innovative, and well-grounded understanding of contemporary Maya spirituality and its theological underpinnings. She reveals significant continuities between contemporary and ancient Maya worldviews and spiritual practices. Molesky-Poz opens with a discussion of how the public emergence of Maya spirituality is situated within the religious political history of the Guatemalan highlands,

particularly the recent pan-Maya movement. She investigates Maya cosmovision and its foundational principles, as expressed by Ajq'ijab'. At the heart of this work, Ajq'ijab' interpret their obligation, lives, and spiritual work. In subsequent chapters, Molesky-Poz explores aspects of Maya spirituality? sacred geography (the reciprocal relationship between the earth and humans, sacred places, and the significance of the cross or quatrefoil map), sacred time (how the 260-day sacred calendar is the heart of the wisdom of the Maya, the matrix of Maya culture), and ritual practice (the distinct way and method of ancestral study, with special attention to fire ceremonialism). She confirms contemporary Maya spirituality as a faith tradition with elaborate historical roots that has significance for individual, collective, and historical lives, reaffirming its own public space and legal right to be practiced.

War, Women, and Poetry, 1914-1945 Joan Montgomery Byles,1995 War, Women, and Poetry examines the experience of European women, especially British and German women, in World Wars I and II and the literature they wrote in reaction to those wars. Author Joan Montgomery Byles asks what the impact of war was upon women's lives, and she focuses on how women writers of both poetry and prose represented these wars in their writing. The study is both literary and historical and seeks to interweave the historical circumstances of these wars with women's and men's literary response, particularly the

poetic response. In comparing the war poetry of men and women, the reader can see important differences and important similarities. The book then examines how the social-historical situation of war manifests itself in artistic expression: but of necessity, it also looks at the actual historical events themselves.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
