Advances in Wood Composites Antonios N. Papadopoulos,2020-04-17 Wood composites have shown very good performance, and substantial service lives when correctly specified for the exposure risks present. Selection of an appropriate product for the job should be accompanied by decisions about the appropriate protection, whether this is by design, by preservative treatment or by wood modification techniques. This Special Issue, *Advances in Wood Composites* presents recent progress in enhancing and refining the performance and properties of wood composites by chemical and thermal modification and the application of smart nanomaterials, which have made them a particular area of interest for researchers. In addition, it reviews some important aspects in the field of wood composites, with particular focus on their materials, applications, and engineering and scientific advances, including solutions inspired biomimetrically by the structure of wood and wood composites. This Special Issue, with a collection of 13 original contributions, provides selected examples of recent *Advances in Wood Composites*

A Military History of South Africa Timothy J. Stapleton,2010-04-09 This work offers the first one-volume comprehensive military history of modern South Africa. *A Military History of South Africa: From the Dutch-Khoi Wars to the End of Apartheid* represents the first comprehensive military history of South Africa from the beginning of European colonization in the Cape during the 1650s to the current postapartheid republic. With particular emphasis on the last 200 years, this balanced analysis stresses the historical importance of warfare and military structures in the shaping of modern South African society. Important themes include military adaptation during the process of colonial conquest and African resistance, the growth of South Africa as a regional military power from the early 20th century, and South African involvement in conflicts of the decolonization era. Organized chronologically, each chapter reviews the major conflicts, policies, and military issues of a specific period in South African history. Coverage includes the wars of colonial conquest (1830-69), the diamond wars (1869-81), the gold wars (1886-1910), World Wars I and II (1910-45), and the apartheid wars (1948-94).
