2016: the Campaign Chronicles JD Foster,2019-10-08 The 2016 campaign ended with Donald J. Trump as president-elect of the United States,

astounding just about everyone. More than two dozen candidates had vied for the two parties' nominations, leaving Trump and former Secretary of State Hillary Clinton. Her flaws standing in rough proportion to her strengths, Clinton had been the presumed Democratic nominee, though Bernie Sanders had nearly upended her run. In contrast, Trump's capturing the Republican nomination seemed preposterous before and after the fact. The campaign overall was far more than the result. It was a long, tumultuous, outrageous frolic of American politics. The Campaign Chronicles was written contemporaneously with events as they happened so as to capture the sense of each amazing if horrific moment. Even weeks after the election, the country remained stunned by the outcome, which as we learned foretold of a presidency unlike any before it. But, before the presidency, there was a campaign, about which many histories will be written. But before the histories must come the chronicling, history stripped of faded memories and coherent perspective. Herewith, such a chronicling written from a determinedly neutral posture, presenting the good with the bad for all concerned.

This collection also discusses methods for reading children's literature, from social justice critiques of popular stories to Black critical theory in the context of children's literary analysis.

The Great Witchy Cake Off Jeannie Wycherley, 2019-06-28 When a soggy bottom is the least of your worries...The producers of Witchflix TV favourite *The Great Witchy Cake Off* are searching for somewhere new to base the filming of their next series. Naturally, Alfhild Daemonne, a long time fan of all things cakey, invites them to Whittle Inn. Alf can't believe her rotten luck. But it's not all bad news. The producers need a fresh contestant and Florence the ghost - Alf's long-dead housekeeper - is in the right place at the right time. Mercy Watson Kate DiCamillo, 2011-02-08 Some may find it wonky to take a pig to the drive-in. But not the Watsons, who think the movie's title, *When Pigs Fly*, is inspirational. And not their beloved Mercy, who is inspired by the scent of real butter from the theaters Bottomless Buckets of

Grumpy Trumpy Stacey Russo, 2019-12-27 If you were walking down the road and saw Donald Trump, what would you notice? Follow the missteps of our phony baloney, wishy-washy, frumpy dumpy president with a cleverly illustrated and worded picture book. Inspired by the beloved *Wonky Donkey*, but not written by or endorsed by its author, this parody is aimed at an adult audience (though parents who have chosen to read these books to their children have enjoyed them as well). A portion of the proceeds is being donated to the International Rescue Committee, to help refugees get supplies, girls attend school, etc. This author is exercising her first amendment right to criticize the current administration and using her voice to do something and help others. This book is not an attempt to 'brainwash' or teach hatred and the author has been sure to avoid some of 45's more offensive terminology. Trump fans will not find this amusing at all; mostly everyone else will. Sometimes the truth hurts. Life's too short and the political climate has been too tense. Laughter is the best medicine.

Invented Religions Carole M. Cusack, 2016-05-06 Utilizing contemporary scholarship on secularization, individualism, and consumer capitalism, this book explores religious movements founded in the West which are intentionally fictional: Discordianism, the Church of All Worlds, the Church of the SubGenius, and Jediism. Their continued appeal and success, principally in America but gaining wider audience through the 1980s and 1990s, is chiefly as a result of underground publishing and the internet. This book deals with immensely popular subject matter: Jediism developed from George Lucas' *Star Wars* films; the Church of the Flying Spaghetti Monster, founded by 26-year-old student Bobby Henderson in 2005 as a protest against the teaching of Intelligent Design in schools; Discordianism and the Church of the SubGenius which retain strong followings and participation rates among college students. The Church of All Worlds' focus on Gaia theology and environmental issues makes it a popular focus of attention. The continued success of these groups of Invented Religions provide a unique opportunity to explore the nature of late/post-modern religious forms, including the use of fiction as part of a bricolage for spirituality, identity-formation, and personal orientation.
