Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . .

Transforming the Workforce for Children Birth Through Age 8 National Research Council, Institute of Medicine, Board on Children, Youth, and Families, Committee on the Science of Children Birth to Age 8: Deepening and Broadening the Foundation for Success, 2015-07-23 Children are already learning at birth, and they develop and learn at a rapid pace in their early years. This provides a critical foundation for lifelong progress, and the adults who provide for the care and the education of young children bear a great responsibility for their health, development, and learning. Despite the fact that they share the same objective - to nurture young children and secure their future success - the various practitioners who contribute to the care and the education of children from birth through age 8 are not acknowledged as a workforce unified by the common knowledge and competencies needed to do their jobs well. *Transforming the Workforce for Children Birth Through Age 8* explores the science of child development, particularly looking at implications for the professionals who work with children. This report examines the current capacities and practices of the workforce, the settings in which they work, the policies and infrastructure that set qualifications and provide professional learning, and the government agencies and other funders who support and oversee these systems. This book then makes recommendations to improve the quality of professional practice and the practice environment for care and education professionals. These detailed recommendations create a blueprint for action that builds on a unifying foundation of child development and early learning, shared knowledge and competencies for care and education professionals, and principles for effective professional learning. Young children thrive and learn best when they have secure, positive relationships with adults who are knowledgeable about how to support their development and learning and are responsive to their individual progress. *Transforming the Workforce for Children Birth Through Age 8* offers guidance on system changes to improve the quality of professional practice, specific actions to improve professional learning systems and workforce development, and research to continue to build the knowledge base in ways that will directly advance and inform future actions. The recommendations of this book provide an opportunity to improve the quality of the care and the education that children receive, and ultimately

improve outcomes for children.

Verity Colleen Hoover, 2021-09-27 Mais um romance de sucesso. Verity é perturbador, arrepiante e inesperado. Uma experiência inesquecível. Lowen Ashleigh é uma escritora que se debate com grandes dificuldades financeiras, até que aceita uma oferta de trabalho irrecusável: terminar os três últimos volumes da série de sucesso de Verity Crawford, uma autora de renome que ficou incapacitada depois de um terrível acidente. Para poder entrar na cabeça de Verity e estudar as anotações e ideias reunidas ao longo de anos de trabalho, Lowen aceita o convite de Jeremy Crawford, marido da autora, e muda-se temporariamente para a casa deles. Mas o que ela não esperava encontrar no caótico escritório de Verity era a autobiografia inacabada da autora. Ao lê-la, percebe que esta não se destinava a ser partilhada com ninguém. São páginas e páginas de confissões arrepiantes, incluindo as memórias de Verity relativas ao dia da morte da filha. Lowen decide ocultar de Jeremy a existência do manuscrito, sabendo que o seu conteúdo destroçaria aquele pai, já em tão grande sofrimento. Mas, à medida que os sentimentos de Lowen por Jeremy se intensificam, ela apercebe-se de que talvez seja melhor ele ler as palavras escritas por Verity. Afinal de contas, por mais dedicado que Jeremy seja à sua mulher doente, uma verdade tão horrenda faria com que fosse impossível ele continuar a amá-la. Os elogios da crítica: «Aviso: Verity não vai derreter-lhe o coração... Vai incendiar-lhe a alma.» - Kindle Crack Book Reviews «Isto não é um livro, é uma experiência visceral!» - B. B.
