Microsoft Word 2017: An Easy Guide for Begginers Michael

Galeso,2017-01-15 The Microsoft enterprise began in the early 1970s by childhood friends Bill Gates and Paul Allen. From this concept grew the conglomerate that is known today as the birthplace of household software such as Microsoft Word and Microsoft Excel. They form part of what is now known as the Microsoft Office. The Office was created and Launched by the Microsoft Corporation and designed to offer convenience in the completion of everyday calculating and organizing to users of the Windows, macOS, iOS and Android systems. Microsoft Word is accompanied by Microsoft Excel, Microsoft PowerPoint and Microsoft Outlook in the group of products offered in the Office collection. Microsoft Word was first birthed in October 1983 as W1.0 and was later followed by revised and improved versions. What pertains today is the latest version; Microsoft Word 2017.

Microsoft Word 2018: Made Easy Mark Dascano, The Microsoft company started in the 1970's by two friends Paul Allen and Bill Gates. This small idea grew into the large conglomerate that is recognized as the largest software and IT services provider in the world. This further lead to the establishment of the widely used Microsoft Office Suite which contains the highly popular Microsoft Word software. Word was first established in October 1983 and has been continuously improved since then. The latest version has seen many upgrades since then and it now meets many of the customer requirements. There are many new features

such as the ability to restore changes that are made in the files that are shared, a training function, icon Library and many other improved tools.

Microsoft Word In 30 Minutes Angela Rose,2016 How good are your Microsoft Word skills? In 30 minutes, author Angela Rose will show you how to become a power user of Word 2016 for Windows and macOS.
