Allan Aubrey Boesak

Remix Lawrence Lessig,2008 The author of *Free Culture* shows how the current copyright system harms anyone who creates, enjoys, or sells any art form. Lessig, the reigning authority on intellectual property, argues that artistic resources should be shared openly rather than a commodity to be hoarded.

Ideology and International Relations in the Modern World Alan Cassels,2002-11-01 Cassels offers a novel perspective on the part played by ideology in international relations over the past two centuries. His treatment is not restricted to the familiar totalitarian ideologies of communism and nazism, but also includes conservatism, liberalism and nationalism. The focus and emphasis given to ideology in an historical survey of such broad scope make this book unusual, and even controversial.

The Facts on File Dictionary of Proverbs Martin H. Manser,Rosalind Fergusson,2007 Lists the meaning and origin of more than 1,700 traditional and contemporary English proverbs.

Black and Reformed Allan Aubrey Boesak,2015-07-14 These essays represent a forceful, relentless engagement with the political, social, economic, and theological pillars upon which South African apartheid rested. In the renewed struggles against global apartheid, Boesak's writings, in their theological grounding and with their social and political challenge, come across as alive, relevant, and powerful as they were in the struggle against South African apartheid, offering valuable insights and lessons for ongoing justice struggles today.

The Weaver's Studio: Doubleweave Jennifer

Moore,2013-02-15 Doubleweave is the art of weaving two layers of cloth at the same time, one above the other on the loom, creating beautiful cloth that is reversible yet unique on each side. Using pick-up techniques and clever color mixing, patterns emerge that are different but complementary on each side. The Weaver's Studio: Doubleweave begins with a brief history of doubleweave and how it has evolved into the contemporary weaving pieces seen today. Next, you will learn all the basics of doubleweave techniques, as well as tips and tricks of setting up the warp, and a variety of doubleweave specialty techniques all shown through detailed process photography and a wealth of swatches demonstrating different effects. Specialty techniques are shown

for 4-shaft and 8-shaft looms. The weaving effects covered include lace, tubular weave, pick-up, color mixing, and more. And since doubleweave showcases color and pattern in unique ways, you will learn how to use these to great effect in your cloth designs. Throughout the book, you will find a wealth of inspiration with many examples of finished cloth and projects, from wall hangings and table runners to scarves and pillows.
