Holistic Neurorehabilitation Pamela S. Klonoff, 2024-01-03 Highly practical and comprehensive, this book provides a multimodal framework for helping patients with acquired brain injuries to identify and achieve meaningful functional goals in the home and community. In a convenient large-size format, the volume features rich case examples and interdisciplinary tools and strategies. Post-acute cognitive, physical, communication, emotional, vocational, interpersonal, family, and quality-of-life domains are all addressed, using state-of-the-art restorative and compensatory approaches. Coverage includes both individual and group therapies. Fifty reproducible forms and handouts can be photocopied from the book or downloaded from the companion website. The website also features a supplemental chapter on efficacy and outcomes research in neurorehabilitation, appendices with helpful resources, color versions of selected figures, and more.

My One Word Mike Ashcraft, Rachel Olsen, 2012-12-18 The concept of My One Word is simple. Lose the long list of resolutions—all your sweeping promises to change—and do something about one thing this year instead of nothing about everything. Choose just one word that represents what you most hope God will do in you, and focus on it for an entire year. This single act will force clarity and concentrate your efforts. As you focus on your word over an extended period of time, you position yourself for God to form your character at a deep, sustainable level. Growth and change will result. Author Mike Ashcraft, who has led his megachurch through this My One Word project for more than five years, and Proverbs 31 Ministries author and speaker Rachel Olsen, who has lived it, are encouraging, insightful, good-humored, yet realistic in this enjoyable read. Their stories of

growth and change through My One Word will keep you motivated. Throughout the book you'll also find words and stories of people just like you who have joined the My One Word movement and discovered the power of just one word. Includes discussion questions for use with the small-group video curriculum, My One Word: A DVD Study (sold separately).

This book will help you to focus on the essential aspects of your role by

automating mundane tasks in Excel and other Office applications. With comprehensive coverage of VBA delivered in the form of practice problems and bite-sized recipes, this book will help you to hit the ground running. Unlike most books that assume prior programming experience, this book starts with the fundamentals and gradually progresses to solving bigger problems. You'll start by becoming familiar with VBA so that you can start recording macros right away. With this foundation in place, you'll advance to using the full capabilities of the language as you apply loops, functions, and custom dialog boxes to design your own automation programs. You'll also get to grips with embedded macros and other advanced tools to enhance productivity and explore topics relating to app performance and security. Throughout this VBA book, you'll cover multiple practice projects in Excel, Word, and PowerPoint while exploring tips and best practices to hone your skills. By the end of this book, you'll have developed the skills you need to use VBA to create your own programs that control MS Office applications. What you will learn

Understand the VBA programming language's role in the context of the MS Office suite
Discover various aspects of VBA programming such as its terminology, syntax, procedures, functions, and forms
Investigate the elements, features, and characteristics of the VBA Editor to write and edit custom scripts
Automate Excel sheets with the help of ranges
Explore error handling and debugging techniques to catch bugs in your programs
Create and use custom dialog boxes to collect data from users
Customize and extend Office apps such as Excel, PowerPoint, and Word

Who this book is for This book is for experienced Excel users, business analysts, finance professionals, and business users looking to boost their productivity by learning VBA programming to automate repetitive,

tedious, or complex tasks. No prior programming experience is required to get started with this book.

One Green Apple Eve Bunting, 2006-06-12 Farah feels alone, even when surrounded by her classmates. She listens and nods but doesn't speak. It's hard being the new kid in school, especially when you're from another country and don't know the language. Then, on a field trip to an apple orchard, Farah discovers there are lots of things that sound the same as they did at home, from dogs crunching their food to the ripple of friendly laughter. As she helps the class make apple cider, Farah connects with the other students and begins to feel that she belongs. Ted Lewin's gorgeous sun-drenched paintings and Eve Bunting's sensitive text immediately put the reader into another child's shoes in this timely story of a young Muslim immigrant.
