Advanced Learner's Dictionary Martin H. Manser,Nigel D. Turton,1998 This work of fiction is a tale of pirates and villains, maps, treasure and shipwreck. When young Jim Hawkins finds a package in Captain Flint's sea chest, he could not know that the map inside it would lead him to unimaginable treasure. Mutiny and mayhem ensue.

Without Saying a Word Kasia Wezowski,Patryk Wezowski,2018-07-24 One wrong move can undercut your message. Believe it or not, our bodies speak louder than our words. Postures, gestures, and expressions convey reams of information—and often not what you'd expect. A smile, for example, is usually considered welcoming. However, crook one corner of your mouth higher and you project superiority, subconsciously chasing other people away. This book explains how even the subtlest motions have meaning. Distilling decades of research, Without Saying a Word deciphers these unspoken signals: facial expressions, fleeting micro expressions, positive body language, negative body language, And much more! Discover which postures and gestures indicate confidence and build rapport—and which reveal disinterest, arrogance, or even aggression. Learn to end off-putting habits, accentuate good ones, and become an authentic and effective communicator. Exhibiting body language that is open, honest, and self-assured increases your social influence and enhances your skill as a negotiator while the ability to read the emotions and intentions of others is equally indispensable. Whether you're making a presentation, pitching a project, or closing a deal, the right body language can be your best ally.

Word Master J. G. Barton,2003-06-24 Crossword lovers, logophiles, writers, educators, students, and word snobs -- the ultimate word challenge has arrived! Word Master! features seventy-six unique and challenging quizzes and twenty-one chapters, of increasing difficulty, that cover rare, unusual, and misunderstood words.

SAT Wordmaster, Level 2 George Ehrenhaft,2009-09-01 Revised and updated with new words that reflect vocabulary requirements for success in the current SAT's Critical Reading and Writing sections, this card pack presents 300 words on 50 vocabulary recognition cards plus a handy six-card index. The card case is designed with a viewing window. Users slide cards past the window, first to see the word and its part of speech; second, to see the word's definition; third, to see it used in an example sentence; and fourth, to see and learn other words with related meanings. The words presented are among those most frequently found in recent SAT exams. This Level II set presents 300 advanced words for students to learn after they are comfortable with the Level I vocabulary selections, available as a separate set from Barron's. Students who master all 600 words can approach the verbal sections of the SAT and all other college-entrance exams with confidence.

English Language Word Builder Bob Jackman,2012-08-23 The English Language Word Builder organizes English words in a way that is beneficial to anyone wishing to improve their vocabulary, from those learning the English language through to those wishing to excel at word games such as Scrabble. The book contains the basic form of some 82,500 words from two to nine letters in length, and is organized in chapters depending on the word length. Within each chapter, words are designated as either familiar or less familiar, with the familiar words deemed to be those of most use when communicating in English. With the exception of less familiar nine-letter words, each word is assigned a part of speech which is evident from formatting applied. For example, underlining indicates verbs while bold type indicates adjectives and other words that cannot be pluralized. Symbols are used to indicate additional forms of each basic word, with a special symbol being used to designate irregular verbs. Within sections of familiar words in each chapter, words are grouped in accordance with their part of speech. Within sections of less familiar words, words are grouped firstly into those which are built from shorter words, and then into all other words with various groupings depending on the word length. Available single letter extensions of basic words are shown by a lower case letter at the end of each capitalized main word. This enables users of the book to build on their existing vocabulary to make new words, either for use in word games or in communicating in English.

Anompolichi Phillip Carroll Morgan, 2014 Fourteenth-century Scottish sailing master Robert Williams leaves port for a short, but profitable voyage around the British Isles, his ship laden with cargo including the king's goat. A sudden and powerful storm erupts, sending his ship farther off course than he or any of his seasoned crew have journeyed before, driving them into astonishing discovery and relentless tragedy, and flinging Robert into a world unlike any he has imagined. In that new world, he meets a remarkable Native American man who recognizes him from a dream Iskifa Ahalopa, known by his people as an anompolichi, a wordmaster. Robert and his new friend soon find themselves caught up in unforeseen depths of intrigue and danger, brought before astounding spectacle, and plunged into perilous adventure in the New World long before history recorded its discovery. -- Amazon.com.

Microsoft Word for Publishing Professionals Jack M. Lyon, 2008-07 Still working the hard way? Make your life easier with this compilation of articles from Editorium Update, a nitty-gritty electronic newsletter for publishing professionals. Here's the scoop on Microsoft Word's macros, styles, templates, wildcards, customization features, and much, much more. Full of specific, step-by-step examples that will take you far beyond the basics, this is a rich and detailed guide for anyone who wants to master Microsoft Word. Some of the sharpest, most useful tidbits about Microsoft Word I've

ever seen. Jack Lyon does a superb job of presenting expert-level instruction at a level almost any Word user can manage. -Dan A. Wilson, The Editor's Desktop This is not your usual 'Ctrl+B will make characters bold' stuff. This is serious information for people who regularly use Word to edit serious material. -Tom Anderson, Word Help for Professional Editors, Sacra Blue. Jack Lyon is quite simply the Microsoft Word Jedi Master: Obi-Jack. He automates tasks in Word that would be hard to do 'by hand'-and in some cases, just flat out wouldn't be possible to do. If you use Word to do your job, like me, and have wished that Word 'could only do this or only do that' . . . check it out. -Doug Clapp, PocketPCPress Jack M. Lyon is a book editor who got tired of working the hard way and started creating programs to automate editing tasks in Microsoft Word. He's been working in publishing since 1978 and editing on the computer since 1985. In 1996 he founded the Editorium (www.editorium.com), which provides Microsoft Word add-ins for publishing professionals. Formerly managing editor at Deseret Book Company, he now owns and operates Waking Lion Press (www.wakinglionpress.com). He is also the coauthor of a business book, Managing the Obvious, and a contributor to Word Hacks from O'Reilly.

30 Days to a More Powerful Vocabulary Dan Strutzel,2015-12-01 A Bigger Vocabulary = A Brighter Future Words. They're the foundation of nearly everything of value in our world. They have the power to create and the power to destroy. The power to inspire and to terrify. The power to enlighten and also to obscure. And, more specifically for you, they have the power to attract wealth and success and guarantee your brighter future. This is not hyperbole - it is based on rock-solid research. Studies show that those people with large vocabularies are smarter, wealthier, and happier than the average person - and substantially so. And here's the best news of all: a large vocabulary is not tied to your social status, your genes, or even your education level. It is a skill that can be learned - and it takes only 30 days. In this cutting-edge program, 30 Days to a More Powerful Vocabulary, personal development expert and English enthusiast Dan Strutzel will instruct, enlighten, and inspire you with a concentrated 30-day program that will teach you over 500 words. But, more than teaching you these words, the uniquely designed program will ensure that these words become a habit-knit part of your life - and with minimal effort on your part. Best of all, research shows that learning new words has an exponential effect on the size of your vocabulary - since learning one word naturally produces an association between two to three more words. In short, after reading and applying the system in this 30-day program, you will not only have a bigger vocabulary - you will have a brighter future! Here's just a sampling of what you'll learn: The 10 myths about building a dynamic vocabulary The secret behind the exponential effect of vocabulary building A 30-day program designed to maximize learning and comprehension of over 500 words The words you need to know about money and financial issues The words you need to know about persuading others The words you need to know about marriage, parenting, and other relationships The words you need to know about science The words you need to know to be a great conversationalist Why building a large, dynamic vocabulary is even more valuable in the digital age And much more!
