WordPress for Libraries Chad Haefele,2015-08-13 This hands-on, practical book walks the reader through the entire process of setting up a WordPress website for their library, provides tips and best practices for using themes and library-oriented plug-ins, and contains information on how to use WordPress to create non-traditional library websites.

WordPress Top Plugins Brandon Corbin,2010-09-21 Annotation Bloggers, authors, coders, photographers, moms, dads, big companies, small companies, and even kids use WordPress to manifest their personas online. WordPress is used in every market, in every country, and continues to grow everyday. This explosive growth and international open source love affair was ignited the day WordPress announced the simple idea of a 'plugin' A WordPress plugin is a collection of files (PHP, javascript, css) that creates a small feature or modification to your WordPress blog. WordPress Top Plugins will teach you to add these plugins to an already built base WordPress site, and customize them where applicable. This book will walk you through finding and installing the best plugins for generating and sharing content, for building communities and reader base, and for generating real advertising revenue. There is literally a plugin for almost anything you want to achieve in WordPress. This book will show you how plugins work, and more importantly, how to install and activate them on your blog without you having to touch a single line of code, unless of course, you want to. Content is king, and it's pretty hard to generate. This book will cover some of the best plugins available on WordPress to generate unique and dynamic content. Once you have your blog loaded chock full of juicy content, you will learn how to turn your blog in to an overnight sensation by helping your readers to share it, using tools to retweet, post on Facebook, and so on. This book will teach you how to build a community with one single killer plugin, namely, BuddyPress_the best community building plugin available for WordPress. Once you are through with plugin basics, content, and building a community, this book will show you how to generate revenue! It will cover the top plugins for turning your blog into a money making machine! This book will also cover plugins focused on tweaking and perfecting your blog's overall look and feel, and functionality. Nothing helps build a powerful online blog brand than a horde of talented writers to contribute their ideas and content _ as well as their social network. This book will cover a bunch of plugins that will make working with multiple authors easy, efficient, and effective. Last but not the least, it will cover the best plugins for ensuring that your blog is secure, the database is running optimally, and in the case of an emergency, you have a full backup copy of your blog. While most plugins in this book are focused on a blog's frontend, this book will also cover some great 'non-public' facing plugins that make our lives so much easier and make your WordPress site a productive powerhouse. Find and install the best plugins for generating and sharing content, building communities and generating revenue.

WordPress 5 Complete Karol Król, 2019-02-28 An in-depth and comprehensive take on WordPress, covering everything about the platform such as WordPress posts, pages, themes, plugins, and more. Key Features Get up to date with the latest WordPress 5.0 (Bebo) and all its new features Beginner-friendly layout and advice you can apply from day one with loads of screenshots and examples Enrich your development experience with the new block-based editor Gutenberg Book Description Back in the day, when you wanted to launch a new website, you either had to learn web programming yourself or hire a professional who would take care of the whole process for you. Nowadays, with WordPress, anyone can build an optimized site with the least amount of effort possible and then make it available to the world in no time. Here, in the seventh edition of the book, we are going to show you how to build great looking and functional websites using WordPress. The new version of WordPress – 5.0 – comes with a few important changes, and we tell you all about how to use them effectively. From crafting content pages using the block editor, and customizing the design of your site, through to making sure it's secure, we go through it all. The book starts by introducing WordPress and teaching you how to set it up. You are then shown how to create a blog site, start writing content, and even use plugins and themes to customize the design of the site and add some unique elements to set it apart. If you want to get more in-depth, we also show you how to get started creating your own themes and plugins. Finally, we teach you how to use WordPress for building non-blog websites. By the end of the book, you will be sufficiently skilled to design high-quality websites and will be fully familiar with the ins and outs of WordPress. What you will learn Learn to adapt your plugin with the Gutenberg editor Create content that is optimized for publication on the web Craft great looking pages and posts with the use of block editor Structure your web pages in an accessible and clear way Install and work with plugins and themes Customize the design of your website Upload multimedia content, such as images, audio, and video easily and effectively Develop your own WordPress plugins and themes Use WordPress to build websites that serve purposes other than blogs Who this book is for The ideal target audience for this book would be PHP developers who have some basic knowledge of working with WordPress and who want to get a comprehensive practical understanding of working with WordPress and create production-ready websites with it.

Easy WP Guide WordPress Manual Anthony Hortin, 2015-07-30 It might be easier to say what this guide isn't, rather than what it is. It isn't an in depth look at every single function available within the WordPress dashboard. Nor is it a guide to help you develop or modify WordPress themes. It's an easy to follow WordPress manual that will help you to get an overall understanding of how you use the various features within the WordPress Dashboard to keep your website or blog updated. The official WordPress Codex is great if you want to get really involved in developing your own WordPress theme or modifying your site with plugins, but it can be a bit daunting for those users who just want a simple guide to using the Content Management side of WordPress or just need to update their site pages every so often. The Easy WP Guide will teach you how to add content to your website and keep it updated, simply and easily. This version has been completely updated for use with WordPress 4.2.
