**The F Word** David Paul Eich, 2008-03 In The 'F' Word: Good Words for Great Leaders, the leadership lexicon of freedom, focus, fidelity, fortitude, forbearance, forgiveness, and faith represent seven tenets for those who wish to inspire others. David Paul Eich shares what he learned from several teachers whose stories set the bar for those who strive to become outstanding leaders. Readers will meet the teenager whose freedom to smile in the face of death, gives new meaning to a positive attitude; an advertising director who taught the author how to focus on what is, and what is not, a bad day; a marketing executive whose unusual approach to fidelity inspired an entire sales force; a father whose face the wind philosophy represents an antidote for adversity; a crippled wife and mother that claims her life has been perfect; an unbelievable testimonial by a patient who personally gave three hundred health care executives the gift of forgiveness; and the Peace Corps volunteer, who found God in the smiles of two starving children. These role models join several others as they provide the lessons and principles necessary for good men and women to become great leaders. As keynote presenter and workshop leader, David has touched many people who have found his storytelling both heartfelt and inspirational. His gifts of leadership---Change, Truth, Language, Service, and Happiness---represent the core of his motivational message. On a personal note, David and Cindy have three children and three grandchildren.

JSL Vol 26-N2 JOURNAL OF SCHOOL LEADERSHIP, 2016-04-13 JSL invites the submission of manuscripts that contribute to the exchange of ideas and scholarship about schools and leadership. All theoretical and methodological approaches are welcome. We do not advocate or practice a bias toward any mode of inquiry (e.g., qualitative vs. quantitative; empirical vs. conceptual; discipline-based vs. interdisciplinary) and instead operate from the assumption that all careful and methodologically sound research has the potential to contribute to our understanding of school leadership. We strongly encourage authors to consider both the local and global implications of their work. The journal's goal is to clearly communicate with a diverse audience including both school-based and university-based educators. The journal embraces a broad conception of school leadership and welcomes manuscripts that reflect the diversity of ways in which this term is understood. The journal is interested not only in manuscripts that focus on administrative leadership in schools and school districts, but also in manuscripts that inquire about teacher, student, parent, and community leadership.

Chris explains in The Blank Leader that no matter one's title or position, we are always leading. The average of these words determines where a leader falls on what he has calls the Leadership Spectrum. Our goal is to increase that grade with every action we take. This is a fun, challenging, and practical book for leaders of any position. No matter what background each individual brings, they will leave with practical steps to become a more dynamic, strategic, and effective leader. In this The Blank Leader readers will: Assess their Leadership Grade (using Chris' Leadership Spectrum) Discover the Individual Characteristics Needed to Become a Thriving Leader Deep Dive Into 10 Key Qualities of a Thriving Leader Create an Action Plan for Becoming a More Effective Leader Problem Solve Leadership Challenges

*The Leader as a Mensch* Bruna Martinuzzi, 2009-01-01 Offering a Glimpse Into the Strength, Wisdom, and Self-Mastery of Exceptional Leadership This insightful and engaging book speaks volumes on ways in which all of us, at any level, can improve our leadership impact and develop the humility, integrity, and honor that instills hope and confidence in others. Drawing on over 25 years of leadership experience, Bruna Martinuzzi brilliantly conveys the essential guidelines for the emotionally intelligent leadership needed for enduring success.
