Fair Play Eve Rodsky, 2021-01-05 AN INSTANT NEW YORK TIMES BESTSELLER • A REESE'S BOOK CLUB PICK Tired, stressed, and in need of more help from your partner? Imagine running your household (and life!) in a new way... It started with the Sh*t I Do List. Tired of being the “shefault” parent responsible for all aspects of her busy household, Eve Rodsky counted up all the unpaid, invisible work she was doing for her family—and then sent that list to her husband, asking for things to change. His response was...underwhelming. Rodsky realized that simply identifying the issue of unequal labor on the home front wasn't enough: She needed a solution to this universal problem. Her sanity, identity, career, and marriage depended on it. The result is *Fair Play*: a time- and anxiety-saving system that offers couples a completely new way to divvy up domestic responsibilities. Rodsky interviewed more than five hundred men and women from all walks of life to figure out what the invisible work in a family actually entails and how to get it all done efficiently. With 4 easy-to-follow rules, 100 household tasks, and a series of conversation starters for you and your partner, *Fair Play* helps you prioritize what's important to your family and who should take the lead on every chore, from laundry to homework to dinner. “Winning” this game means rebalancing your home life, reigniting your relationship with your significant other, and reclaiming your Unicorn Space—the time to develop the skills and passions that keep you interested and interesting. Stop drowning in to-dos and lose some of that invisible workload that's pulling you down. Are you ready to try *Fair Play*? Let's deal you in.

Rolling Warrior Judith Heumann, Kristen Joiner, 2021-06-15 As featured in the Oscar-nominated documentary Crip Camp, and for readers of I Am Malala, one of the most influential disability rights activists in US history tells her story of fighting to belong. "If I didn't fight, who would?" Judy Heumann was only 5 years old when she was first denied her right to attend school. Paralyzed from polio and raised by her Holocaust-surviving parents in New York City, Judy had a drive for equality that was instilled early in life. In this young readers' edition of her acclaimed memoir, Being Heumann, Judy shares her journey of battling for equal access in an unequal world—from fighting to attend grade school after being described as a "fire hazard" because of her wheelchair, to suing the New York City school system for denying her a teacher's license because of her disability. Judy went on to lead 150 disabled people in the longest sit-in protest in US history at the San Francisco Federal Building. Cut off from the outside world, the group slept on office floors, faced down bomb threats, and risked their lives to win the world's attention and the first civil rights legislation for disabled people. Judy's bravery, persistence, and signature rebellious streak will speak to every person fighting to belong and fighting for social justice.

World Economic Outlook, April 2020 International Monetary Fund. Research Dept.,2020-04-14 The COVID-19 pandemic is inflicting high and rising human costs worldwide, and the necessary protection measures are severely impacting economic activity. As a result of the pandemic, the global economy is projected to contract sharply by –3 percent in 2020, much worse than during the 2008–09 financial crisis. In a baseline scenario--which assumes that the pandemic fades in the second half of 2020 and containment efforts can be gradually unwound--the global economy is projected to grow by 5.8 percent in 2021 as economic activity normalizes, helped by policy support. The risks for even more severe outcomes, however, are substantial. Effective policies are essential to forestall the possibility of worse outcomes, and the necessary measures to reduce contagion and protect lives are an important investment in long-term human and economic health. Because the economic fallout is acute in specific sectors, policymakers will need to implement substantial targeted fiscal, monetary, and financial market measures to support affected households and businesses domestically. And internationally, strong multilateral cooperation is essential to overcome the effects of the pandemic, including to help financially constrained countries facing twin health and funding shocks, and for channeling aid to countries with weak health care systems.
