World Beats Jimmy Fazzino, 2016-04-05 This fascinating book explores Beat Generation writing from a transnational perspective, using the concept of worlding to place Beat literature in conversation with a far-reaching network of cultural and political formations. Countering the charge that the Beats abroad were at best naïve tourists seeking exoticism for exoticism's sake, World Beats finds that these writers propelled a highly politicized agenda that sought to use the tools of the earlier avant-garde to undermine Cold War and postcolonial ideologies and offer a new vision of engaged literature. With fresh interpretations of central Beat authors Jack Kerouac, Allen Ginsberg, and William Burroughs - as well as usually marginalized writers like Philip Lamantia, Ted Joans, and Brion Gysin - World Beats moves beyond national, continental, or hemispheric frames to show that embedded within Beat writing is an essential universality that brought America to the world and the world to American literature. This book presents an original treatment that will attract a broad spectrum of scholars.

Complete Modern Drum Set FRANK BRIGGS, 2015-07-10 This book offers challenging material for the intermediate to advanced drummer. Addressing a multitude of styles, author Frank Briggs helps guide your playing to a higher plane while improving your technique and raising your awareness of cutting edge concepts such as metric modulation, displaced beats, polyrhythms, and more. Briggs states, He believes the more you know about different styles and the inner workings of time and phrasing, the better your ability to contribute to the music at hand. The clearer you see the parallels or the common threads that tie these concepts together, the more freedom you will have to express yourself. The music is challenging and suitable for the advanced drummer. Styles include odd meters, metric modulation, triplets, funk, Latin, mid and up-tempo swing, and fusion. This set includes access to online audio, which is a play-along for drums with full stereo versions of the music charts included in the book. Sketch, Electric, Red Moon, Home, Funky Track, Jazz Swing, and 32 Bar are recorded with drums and without drums (the tracks without drums include a click track) so that the student can listen and play-along. Solo sections are included on most of the tracks. Instrumentation is drums, bass, keyboards and sax. The companion video online: Re-edited from the original masters, this video offers challenging material for the intermediate to advanced drummer. All special effects have been removed and the sound track has been encoded in Dolby Digital stereo. Twenty-one play-along tracks, CueLink(tm) and a metronome make this video the most valuable cutting edge educational

A Tribe Called Quest's People's Instinctive Travels and the Paths of Rhythm Shawn Taylor, 2007-04-20 One of the finest hip-hop albums ever made, A Tribe Called Quest's debut record (featuring stone-cold classics like Can I Kick It? and Bonita Applebum) took the idea of the boasting hip-hop male and turned it on its head. For many listeners, when this non-traditional, surprisingly feminine album was released, it was like hearing an entirely new form of music. In this book, Shawn Taylor explores the creation of the album as well as the impact it had on him at the time - a 17-year-old high-school geek who was equally into hip-hop, punk, new wave, skateboarding, and Dungeons & Dragons: all of a sudden, with this one album, the world made more sense. He has spent many years investigating this album, from the packaging to the song placement to each and every sample - Shawn Taylor knows this record like he knows his tattoos, and he's finally been able to write a fascinating and highly entertaining book about it.

Spirituality for Peace and Justice Elizabeth Padillo Olesen, 2014 Book on Christian Spirituality This is a book of poems on Christian spirituality as response to personal crises in life, woes and struggles of women, natural calamities, violence and terror. This book expresses poetic sensitivity to some events in our history that reflect conflicts in culture, religion and ideologies. This is spirituality from the eyes of faith, attempting to read the signs of our time in the light of the source of love and life that has called us to be responsible stewards as we commit ourselves to acts of love, compassion, peace and justice. These poems were written during my time as a student, teacher, pastor, ecumenical and community worker in the Philippines, as a missionary in Nepal, teacher, wife, mother, and as a cultural worker in Denmark, stretching a period of more than twenty years. I offer this book of poems to those who seek life, to those who despair, and to those who want to be inspired. Christian spirituality is in the human heart in its encounter with the wounded and resurrected Christ. In celebrating beauty and human creativity, I have illustrated some poems with my own paintings done during my integration process as a foreigner in Denmark. (EPO)

Gaming Rhythms Tom Apperley, 2011-06-16 Global gaming networks are heterogenous collectives of localized practices, not unified commercial products. Shifting the analysis of digital games to local specificities that build and perform the global and general, Gaming Rhythms employs ethnographic work conducted in Venezuela and Australia to account for the material experiences of actual game players. This book explores the materiality of digital play across diverse locations and argues that the dynamic relation between the everyday life of the player and the experience of digital game play can only be understood by examining play-practices in their specific situations. -- Website.
