Becoming World Class Clive Morton,2016-07-27 This book addresses the issues concerned with the achievement of world class competitiveness by major international companies. It is the story of creating success where failure was endemic and demonstrating that so-called Japanese management techniques can be applied elsewhere by other western companies to attain market supremacy. It is a book based on personal experience but related to theory and thus is of use to the reader trying to change where they work for the better as well as providing answers to a number of commonly asked questions: * Why are the Japanese so consistently successful? * Can we compete and become World Class using our culture and Japanese management techniques? * Is there a manufacturing future for the UK and Europe in the face of competition from the Pacific Basin? * How do we achieve world class competitiveness? How do you start this in your business?

World Class David James,Ian Warwick,2017-08-04 Every school is different, but all schools face very similar challenges. Drawing on their combined teaching experience of over fifty years in both independent and state schools, educationalists David James and Ian Warwick have chosen ten questions that tackle the most difficult challenges that face schools today, and invited leading education experts to address them in stimulating and accessible essays, which are each under a thousand words. With contributions from John Hattie, David Blunkett, Doug Lemov, Anthony Seldon, Sandy Speicher, Tim Hawkes and many more, this insightful and engaging book features exclusive essays with some of the world's most well-known and well-respected thinkers and speakers in education, business and politics, accompanied by thought-provoking introductions. The contributors provide new perspectives on some of the issues that occupy educationalists today; they challenge conventional wisdom and, above all, put

forward practical, workable, evidence-based solutions that can transform teaching and learning. World Class is a powerful manifesto for change that nobody interested in education today can ignore.

World Tourism Cities Alastair M. Morrison,Cristina Maxim,2021-11-08 World Tourism Cities: A Systematic Approach to Urban Tourism is a unique and contemporary textbook that addresses the particular situation of urban tourism destinations in the 2020s by reviewing key issues, trends, challenges and future opportunities for urban tourism destinations worldwide, as well as city destination management. The book is divided into four parts, with Part I providing background chapters on world tourism cities. It begins by clearly defining world tourism cities and explaining the impacts of globalisation and urbanisation on these cities. The subsequent chapter explains the urban tourism phenomenon and traces its growth. Part II presents city destination management, planning and development and the marketing and branding of cities, offering practical solutions and approaches. Part III discusses major issues and trends in world tourism cities including resident well-being and quality of life, sustainability, smart tourism, crises and the rise of tourism in Asian cities, and the final part identifies the future opportunities for city tourism. Written in a student-friendly tone, the book is richly illustrated and contains several engaging features, including Sweet tweets (snippets of information on cities) and Short breaks (detailed case studies on cities). This will be essential reading for all tourism students.
