**The Last Lecture** Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of

others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

**The Gettysburg Address** Abraham Lincoln,2009-08-27 The Address was delivered at the dedication of the Soldiers' National Cemetery in Gettysburg, Pennsylvania, on the afternoon of Thursday, November 19, 1863, during the American Civil War, four and a half months after the Union armies defeated those of the Confederacy at the decisive Battle of Gettysburg. In just over two minutes, Lincoln invoked the principles of human equality espoused by the Declaration of Independence and redefined the Civil War as a struggle not merely for the Union, but as a new birth of freedom that would bring true equality to all of its citizens, and that would also create a unified nation in which states' rights were no longer dominant. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

**When They Go Low, We Go High** Philip Collins,2018-07-17 Can a good speech save democracy? “Anyone interested in the past, present and future of speeches and speechwriting will find [this] a fascinating read.” —The Spectator When First Lady Michelle Obama approached the podium at the 2016 Democratic National Convention, nobody could have predicted that her rousing line “When they go low, we go high” would become the motto for the political left and an anthem for opponents of oppression worldwide. It was a speech with the kind of emotional pull rarely heard these days, joining a long list of addresses that have made history. But what was it that made this speech so great? *When They Go Low, We Go High* explores the most notable speeches in history, analyzing the rhetorical techniques to uncover how the right speech at the right time can profoundly shape the world. Traveling across continents and centuries, political speechwriter Philip Collins reveals what Thomas Jefferson owes to Cicero and Pericles; who really gave the Gettysburg Address; and what Elizabeth I shares with Winston Churchill. In telling the stories of famous and sometimes infamous speeches—including those from Lincoln, Woodrow Wilson, JFK, Martin Luther King, Jr., Disraeli, Hitler, Elie Wiesel, Margaret Thatcher, and Barack and Michelle Obama—Collins breathes new life into words you thought you knew well, telling the story of democracy. Whether it’s the inaugural addresses of presidents or the revolutionary writings of Castro, Pankhurst, and Mandela, Collins illuminates and contextualizes these moments with sensitivity and humor. *When They Go Low, We Go High* examines the power of public speaking and serves as an urgent reminder that words can change the world. “Hits on three unassailable truths: rhetoric and democracy must go hand-in-hand; democracy, for all of its flaws, is superior to tyranny; and democracy is currently under assault.” —Paste “Collins . . . understands intimately the mechanics of rhetoric. He believes that we, as human beings, possess the capacity to extract ourselves from the swamp in which we have sunk.” —The Times
