Brain & Body Relationship John Loeff, 2021-04-05 The objective of this book is to point out some individuals who need some help; lots of it. How many medical problems do you have? What is the reason for these issues? Are loneliness, anger management, or procrastination perhaps part of the picture? How do you deal with feelings and emotions? Do they control you or vice versa? Another

major factor could be stress management. How do you relax once in a while? Have you ever thought about your self-esteem? What self-esteem. Here is one philosophical question. What are your goals in life and how many do you reach? Be honest. Do happiness and success show up on your resume as well? Why not? Is it possible that you are dealing with psychosomatic problems? To find some solutions to your issues, read my book and pay attention to holistic medicine. Good luck.
