This book is sure to delight fans of both authors, graphic novels, and Minecraft. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. In particular, this adventure series is created especially for readers who love the fight of good vs. evil, magical academies like Hogwarts in the Harry Potter saga, and games like Minecraft, Terraria, and Pokemon GO. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

But teamwork is a new skill for two people used to working alone. If they want to make it home, they will have to learn to work together—or risk losing everything.

The Bone Doll's Twin Lynn Flewelling, 2009-10-21 Sometimes the price of destiny is higher than anyone imagined.... Dark Magic, Hidden Destiny For three centuries a divine prophecy and a line of warrior queens protected Skala. But the people grew complacent and Erius, a usurper king, claimed his young half sister's throne. Now plague and drought stalk the land, war with Skala's ancient rival Plenimar drains the country's lifeblood, and to be born female into the royal line has become a death sentence as the king fights to ensure the succession of his only heir, a son. For King Erius the greatest threat comes from his own line — and from Illior's faithful, who spread the Oracle's words to a doubting populace. As noblewomen young and old perish mysteriously, the king's nephew — his sister's only child — grows toward manhood. But unbeknownst to the king or the boy, strange, haunted Tobin is the princess's daughter, given male form by a dark magic to protect her until she can claim her rightful destiny. Only Tobin's noble father, two wizards of Illior, and an outlawed forest witch know the truth. Only they can protect young Tobin from a king's wrath, a mother's madness, and the terrifying rage of her brother's demon spirit, determined to avenge his brutal murder....

Hidden Warrior Lynn Flewelling,2008-11-26 A trick of magic, a twist of fate. As the orphaned nephew of the king, trusted companion to his cousin, and second heir to the throne of Skala, Prince Tobin's future is clear. But not as clear as the spring in which a hill witch shows him his true face--and his secret destiny.... Now Tobin carries a burden he cannot share with even his closest friend, Ki, his squire. He is to rule--not as he is but as he was born: a woman. Given the shape of a boy by dark magic, Tobin is the last hope of the people of Illior--those who desperately seek a return to the old ways, when Skala was ruled by a line of warrior queens. They still believe that only a woman can lift the war, famine, and pestilence that have run rampant through the land since the king usurped his half sister's throne. It is these outlaw wizards and witches who protect Tobin--and it is for them that Tobin must accept his fate. With the unsuspecting yet fiercely loyal Ki at his side, Tobin must turn traitor against the only blood ties he has left. He must lift the masks of Skala's rulers to show their true colors--before he can reveal the power of the woman within himself.

Diecraft Shane Windham,2014-08-12 From the mind which brought you Table Games, Humans Against Everything, Pinions, and many more timeless gaming experiences comes Diecraft; a labor of love for fans of both Minecraft and the role-playing genre in general. With a lower learning curve and clearer objectives than the majority of RPG's currently on the market, Diecraft sets out to give users an addictive experience that can be enjoyed by

almost anyone. Games which have typically taken entire nights to play can now be enjoyed in a matter of hours. Your characters will level up from one game to the next, their objectives (as well as their starting points) will often change, and the path to winning is unlikely to ever be the same. If you've tried other RPG's and love their basic premise, but sometimes wish for something with more of the focus on destination than it tends to be on dialogue, then this game may just be the one for you. And if you like fun reasons to roll dice, then this game is definitely the one for you! Please note that this product is a guide book more than it is a complete game. The product in question does not include all things required to play Diecraft; namely a set of polyhedral dice, various printed materials, and pencils. What this book aims to do is provide the foundation one would need to play Diecraft once they had the aforementioned gaming essentials.

Minecraft Daniel Goldberg,Linus Larsson,2013-11-05 Three years ago, 32-year-old Markus Notch Persson of Stockholm was an unknown and bored computer programmer. Today, he is a multi-millionaire international icon. Minecraft, the virtual Lego game Markus crafted in his free time, has become one of the most talked about activities since Tetris. Talked about by tens of millions of people, in fact. It is the story of unlikely success, fast money, and the power of digital technology to rattle an empire. And it is about creation, exclusion, and the feeling of not fitting in. Here Markus opens up for the first time about his life. About his old Lego-filled desk at school. About the first computer his father brought home one day. But also about growing up in a family marked by drug abuse and conflict. But above all it is the story of the fine line between seeming misfit and creative madman, and the birth of a tech visionary. Minecraft: The Unlikely Tale of Markus Notch Persson and the Game that Changed Everything is a Cinderella story for the Internet age.

But will her people, her army—and the friends she was forced to deceive—accept her? Worse, will the crown's rival heir, friend to Tobin, turn foe to Tamír, igniting civil war in a fierce battle for Skala?
