*Criminal Law in Focus* Alex Kriet, 2021-09-15 *Criminal Law in Focus* (CLIF) provides an updated approach to the first-year criminal law casebook, with coverage and pedagogy that reflects modern criminal law practice. Alongside the traditional justificatory theories of punishment, the book considers punishment as a tool for social control, the rise of mass incarceration, and racial disparities in criminal enforcement. Using compelling cases that clearly articulate legal doctrine, this book covers core traditional offenses (like homicide and rape), as well as those that figure prominently in modern practice, but which have historically been absent from or deemphasized in the criminal law curriculum (like drug possession and property crimes). The Real Life Applications feature following each case poses a series of questions to spotlight important topics that might otherwise be overlooked, such as prosecutorial discretion and plea bargaining. Straightforward exposition helps students navigate their way around the differences and tensions between jurisdictional approaches to defining crimes and defenses. Features: CLIF goes beyond the traditional coverage of most casebooks, (which focus primarily on homicide offenses, rape, and (to a lesser extent) theft crimes). With expanded coverage of property offenses, an entire chapter on drug offenses, and coverage of contemporary issues (such as child pornography offenses and the public authority defense), CLIF reflects a wider, more inclusive perspective on criminal law today. Most criminal law casebooks place extended coverage of the elements of crime (mens rea, actus reus, and causation) at the front of the book, before covering individual criminal offenses—which requires students to grapple with these concepts in the abstract. By contrast, CLIF provides a brief, early introduction to the elements of crime (which can be covered in one class); it then pivots to an integrated discussion of specific criminal offenses and covers principles related to mens rea, actus reus, and causation in the context of those offenses. Chapter 10 also covers the interpretation of criminal statutes. At 550 pages, CLIF is much shorter than most criminal law casebooks, even though it includes topics (e.g., drug crimes) that aren't covered in most criminal law casebooks. Professors and students will benefit from: Coverage of offenses that are either absent from, or deemphasized in, most other casebooks, CLIF helps professors to design a course that improves both bar-exam readiness and practice readiness. The inclusion of issues related to mass incarceration in the first chapter modernizes the traditional “purposes of punishment” material. CLIF retains coverage of justificatory theories of punishment, including the famous case of *Dudley and Stephens*; these theories aim to provide a morally defensible account of punishment and they are important. But they do not fully explain the reality of punishment in the United States today. By covering issues related to the rise of mass incarceration alongside the traditional theories of punishment, CLIF allows for a fuller discussion of the theory and reality of punishment. The book's innovative approach to covering the elements of crimes has a number of benefits. It is much more efficient, from a teaching perspective; it will afford professors time to cover other topics that they can't usually fit into the course (e.g., drug crimes and a more in-depth treatment of property offenses). Professors might spend 4 or 5 (or more) class sessions on the elements of crime before they can begin to cover individual offenses. This is not necessary: Most of these concepts are more effectively covered in the context of specific crimes (e.g., intent and mistakes of fact can both be introduced in the context of larceny; willful blindness can be addressed in the context of drug crimes). Then, after students have learned about these concepts in the context of individual offenses, the concepts can be tied together in 1 or 2 class sessions using the materials in Chapter 10. Covering difficult mens rea and actus reus concepts in depth before covering individual crimes (as most books do) often leaves students confused. They don't have enough context to appreciate how the difficult mens rea problems fit into criminal law doctrine, for example. The structure in CLIF teaches students the basics first. Once they have that foundation, they are better able to grapple with the more complex mens rea questions in Chapter 10. The traditional approach can be frustrating for faculty, as well. It is a bit like trying to teach someone about the broad structure of mathematics before they have learned basic arithmetic. The approach in CLIF more accurately reflects criminal law practice. In a real-world case, the prosecutor and defense do not argue about mens rea or actus reus in the abstract. Instead, the parties are focused on the elements of the specific crime(s) at issue. When difficult mens rea or actus reus questions arise in practice, it is in the context of the elements of a particular crime.

*Dream of a Nation* Tyson Miller, 2011 Across the nation countless individuals and organizations are dreaming a new future. *Dream of a Nation* is a comprehensive resource for any reader interested in gaining critical information and deepening their role as an empowered citizen. This handbook provides statistics and accessible analyses of the many interconnected social and environmental issues we face with compelling stories of individuals and institutions that are creating the changes necessary for our country to be more environmentally oriented, peaceful, equitable, and tolerant. Applicable for readers aged 16+ of all political and religious persuasions and anyone concerned with restoring balance in the world. The issues come alive through four color authentic images, and accessible graphics and illustrations. Contributors include: Alice Walker, Vice President Gore, Time 100

Visionary Geoffrey Canada, NASA Astronaut Jerry Linenger, Frances Moore Lappe, Union of Concerned Scientists, New America Foundation, United for a Fair Economy, Veterans for Peace (and nearly 50 more) Over 60 interconnected issues are explored and organized across twelve chapters including: Building an Equitable and Green Economy, Waging Peace, Citizen Leadership, Strengthening Community, Environmental Stewardship, Ending Poverty, Deepening Democracy, Improving Health, Media Reform, Key Education Innovations, Re-Imagining Business, and Creating a Nation that Shines. Dream of a Nation restores faith that humanity can solve our current looming environmental, economic and societal challenges.

*Beyond Reality* Kenneth J. Varnum, 2019-07-03 The current price of virtual reality headsets may seem out of economic reach for most libraries, but the potential of “assisted reality” tools goes well beyond merely inviting patrons to strap on a pair of goggles. Ranging from enhanced training to using third-party apps to enrich digital collections, there is a kaleidoscope of library uses for augmented, virtual, or mixed reality. In this collection, Varnum and his hand-picked team of contributors share exciting, surprising, and inspiring case studies from a mix of institution types, spotlighting such topics as collaborative virtual reality for improved library instruction, education, and learning and teaching; 3D modeling using virtual reality; virtual reality as collaboration space, from gaming to teleconferencing; balancing access with security, and other privacy issues; future possibilities for augmented reality in public libraries; and augmented reality for museums and special collection libraries. A perfect introduction to the topic, this book will encourage libraries to look beyond their own reality and adapt the ideas inside.

*Carry A. Nation* Fran Grace, 2001-07-20 Carry A. Nation Retelling the Life Fran Grace The story of one of America's most notorious and misunderstood women. Carry Nation was 54 when she smashed her first saloon, but her life before she started her infamous hatchet crusade has been little known until now. In this first scholarly biography of Nation, Fran Grace unfolds a story that often contrasts with the image of Nation as Crazy Carry, a bellicose, blue-nosed, man-hating killjoy. Using newly available archival materials and placing Nation in her various historical and cultural contexts, Grace retells the crusader's tumultuous life. Brought up in antebellum Kentucky, Nation lived through the devastation of the Civil War and endured a failed marriage to an alcoholic physician. In her early 20s, a single mother and a destitute widow, she experienced a spiritual crisis. Her second marriage, to a much-older David Nation, grew strained under the failure of their Texas farm, her exploration into Holiness religion, and her attempts to work outside the home. When the couple moved to Kansas, Nation's disappointments translated into an agenda for social reform. Frustrated by the rampant violations of the state's prohibition law and empowered by a sense of divine mission, Nation responded with rocks, crowbars, and hatchets. Though much of her last two decades was spent on stage or in jail and in battles with other family members over the future of her unstable adult daughter, she edited two newspapers and founded several homes for abused and needy women. This complexly woven and delightfully written biography adds depth to the popular image of Carry Nation, situating her at the center of major cultural currents in her time. Fran Grace is Assistant Professor of Religious Studies at the University of Redlands. Religion in North America Catherine L. Albanese and Stephen J. *White Plains in the 20th Century* Ben Himmelfarb and Elaine Massena, 2019 White Plains, located about 25 miles north of New York City, is the county seat of Westchester County and the birthplace of New York State. Its central location in Westchester made White Plains the hub of 18th-century stagecoach roads that ran from New York City to upstate New York and Connecticut. After the Revolutionary War and a famous battle, White Plains continued to grow into a large village connected to the city by train; its population exploded in the first decade of the 20th century thanks to European immigrants. In the 1920s, the population grew again, with professionals and commuters filling the new house and apartment developments created during a real estate boom. The city's last growth spurt was during the post-World War II baby boom, when urban renewal transformed the city into an imposing urban landscape. Through it all, White Plains has been a city with a diverse population in an affluent suburban county with strong governmental, business, educational, cultural, and commercial institutions.

*Transport, Demand Management and Social Inclusion* Fiona Rajé, 2017-05-15 Social inclusion/exclusion has only recently emerged in transport-related discourse. Despite the apparent absence of a transport policy framework for social inclusion/exclusion, there has been some movement towards a greater understanding of the social aspects of transport in the research sphere. This book brings together some of this research, focusing on ethnicity - an area that has, so far, had little discussion in the traditional transport literature, thereby contributing to the exploration of the interface between transport and social exclusion. In particular, it examines the contribution that demand management measures can make to the reduction of the negative impacts of road-based transport. It

questions whether methods such as road user charging and work place parking can be used as instruments for social inclusion, and analyses the potential negative impacts of these schemes if sufficient attention is not paid to ethnicity issues.

Amy Levy Naomi Hetherington, Nadia Valman, 2010-04-06 Amy Levy has risen to prominence in recent years as one of the most innovative and perplexing writers of her generation. Embraced by feminist scholars for her radical experimentation with queer poetic voice and her witty journalistic pieces on female independence, she remains controversial for her representations of London Jewry that draw unmistakably on contemporary antisemitic discourse. Amy Levy: Critical Essays brings together scholars working in the fields of Victorian cultural history, women's poetry and fiction, and the history of Anglo-Jewry. The essays trace the social, intellectual, and political contexts of Levy's writing and its contemporary reception. Working from close analyses of Levy's texts, the collection aims to rethink her engagement with Jewish identity, to consider her literary and political identifications, to assess her representations of modern consumer society and popular culture, and to place her life and work within late-Victorian cultural debate. This book is essential reading for undergraduate and postgraduate students offering both a comprehensive literature review of scholarship-to-date and a range of new critical perspectives.
