Carolina Built Kianna Alexander,2022-02-22 This “exuberant celebration of Black women’s joy as well as their achievements” (Kate Quinn, New York Times bestselling author) novelizes the life of real estate magnate Josephine N. Leary in a previously untold story of passion, perseverance, and building a legacy after emancipation in North Carolina. Josephine N. Leary is determined to build a life of her own and a future for her family. When she moves to Edenton, North Carolina, from the plantation where she was born, she is free, newly married, and ready to follow her dreams. As the demands of life pull Josephine’s attention away, it becomes increasingly difficult for her to pursue her real estate aspirations. She finds herself immersed in deepening her marriage, mothering her daughters, and being a dutiful daughter and granddaughter. Still, she manages to teach herself to be a businesswoman, to manage her finances, and to make smart investments in the local real estate market. But with each passing year, it grows more and more difficult to focus on building her legacy from the ground up. “Filled with passion and perseverance, Josephine Leary is frankly a woman that everyone should know” (Sadeqa Johnson, author of *Yellow Wife*) and her story speaks to the part of us that dares to dream bigger, tear down whatever stands in our way, and build something better for the loved ones we leave behind.

Lies That Bind Amanda Lamb,2021-05-25 Maddie Arnette has built her whole life around the narrative that her father murdered her mother. When a woman in the grocery store claims that Maddie's father did not kill her mother, the revelation forces the journalist toward a reckoning. Is it possible that her father has sat in prison for almost forty years for a crime he did not commit? And if he didn't do it, who did? Maddie barely has time to absorb this earth-shattering news when she is called to report on what appears to be a suicide. Tilly Dawson is found shot to death on her driveway, a gun by her side. But right away something about the situation doesn't feel right to Maddie. Before long, the tough television reporter finds herself delving once more into a dark world of violence, secrets, and intrigue. This time around Maddie must put her own life on the line to guarantee that the truth will prevail.

The Reagan Moment Jonathan R. Hunt,Simon Miles,2021-12-15 In *The Reagan Moment*, the ideas, events, strategies, trends, and movements that shaped the 1980s are revealed to have had lasting effects on international relations: The United States went from a creditor to a debtor nation; democracy crested in East Asia and returned to Latin America; the People's Republic of China moved to privatize, decentralize, and open its economy; Osama bin Laden founded Al Qaeda; and relations between Washington and Moscow thawed en route to the Soviet Union's dissolution. *The Reagan Moment* places US foreign relations into global context by examining the economic, international, and ideational relationships that bound Washington to the wider world. Editors Jonathan R. Hunt and Simon Miles bring together a cohort of scholars with fresh insights from untapped and declassified global sources to recast Reagan's pivotal years in power. Contributors: Seth Anziska, James Cameron, Elizabeth Charles, Susan Colbourn, Michael De Groot, Stephanie Freeman, Christopher Fuller, Flavia Gasbarri, Mathias Haeussler, William Inboden, Mark Atwood Lawrence, Elisabeth Mariko Leake, Melvyn P. The Innovator's Spirit Chuck Swoboda,2020-05-05 2021 Axiom Business Book Award Winner in Business Intelligence/Innovation Innovation isn't optional—it's imperative Everyone wants to create new

products and services, find new customers and markets, stay ahead of the competition, and work smarter instead of harder. Yet with all the focus and attention on innovation, the term has become an overused buzzword rather than a real, tangible concept. If you want to seriously pursue innovation—you need to strip away the hype. Real innovators need to transcend the existing ideas, rules, and patterns to discover exciting new outcomes. They must step outside the best practice box and get their hands dirty. The spirit of a true innovator is rooted in wanting to do something that has never been done before, to solve problems that have never been solved, and to run through walls and leap over tall buildings to get there. In *The Innovator's Spirit*, author Chuck Swoboda—retired chairman and CEO of Cree, a company that fundamentally changed the way people experience light and drove the obsolescence of the Edison light bulb—explains that innovation is fundamentally about people and shows his readers how to develop a mindset of creativity, risk-taking, and hard work. He also instills in them a belief that there is always a better way.

Deadly Dose Amanda Lamb, 2008-06-03 The crime was unforgivable. The suspected murderer—unbelievable. One man's pursuit of justice—unstoppable. The death of promising young pediatric AIDS researcher Eric Miller stunned the Raleigh, North Carolina, community, largely because of the horrific way he was killed. For months, Eric was slowly tortured as arsenic consumed his body. No one thought that Eric Miller's wife, Ann—an attractive, demure, educated scientist—could be capable of such a horrible crime. No one except for veteran homicide investigator Chris Morgan, a man in the twilight of his career. But from the moment Morgan saw the thirty-year-old widow in the interview room at the police department, he knew he was seeing pure evil. Now, journalist Amanda Lamb details Morgan's dogged investigation—a quest for the truth that would last four years and see another life taken before Ann Miller's tangled web of death and deceit finally came to light.

Creating the Vietnam Veterans Memorial Robert W. Doubek, 2015-06-18 Since its dedication in 1982, the Vietnam Veterans Memorial has become an American cultural icon symbolizing the war in Vietnam--the defining experience of the Baby Boom generation. The black granite wall of names is one of the most familiar media images associated with the war, and after three decades the memorial remains one of the nation's most visited monuments. While the memorial has enjoyed broad acceptance by the American public, its origins were both humble and contentious. A grassroots effort launched by veterans with no

funds, the project was completed in three and a half years. But an emotional debate about aesthetics and the interpretation of heroism, patriotism and history nearly doomed the project. Written from an insider's perspective, this book tells the complete story of the memorial's creation amid Washington politics, a nationwide design competition and the heated controversy over the winning design and its creator.

Evil Next Door Amanda Lamb, 2010-04-06 A brutal murder. An abundance of DNA evidence. A three-and-a-half year search for a killer who was always so close-yet untouchable. After the rape and murder of Raleigh, North Carolina, resident Stephanie Bennett, police had ample DNA evidence. They also had a suspect: the man next door. But for more than three years, he eluded them by refusing to hand over a DNA sample, wiping down anything he touched and even planting decoy samples. This is the gripping story of how a team of detectives finally tripped him up-and brought closure to an innocent young woman's family.

News for the Rich, White, and Blue Nikki Usher, 2021-07-06 As cash-strapped metropolitan newspapers struggle to maintain their traditional influence and quality reporting, large national and international outlets have pivoted to serving readers who can and will choose to pay for news, skewing coverage toward a wealthy, white, and liberal audience. Amid rampant inequality and distrust, media outlets have become more out of touch with the democracy they purport to serve. How did journalism end up in such a predicament, and what are the prospects for achieving a more equitable future? In *News for the Rich, White, and Blue*, Nikki Usher recasts the challenges facing journalism in terms of place, power, and inequality. Drawing on more than a decade of field research, she illuminates how journalists decide what becomes news and how news organizations strategize about the future. Usher shows how newsrooms remain places of power, largely white institutions growing more elite as journalists confront a shrinking job market. She details how Google, Facebook, and the digital-advertising ecosystem have wreaked havoc on the economic model for quality journalism, leaving local news to suffer. Usher also highlights how the handful of likely survivors—well-funded media outlets such as the New York Times—increasingly appeal to a global, “placeless” reader. *News for the Rich, White, and Blue* concludes with a series of provocative recommendations to reimagine journalism to ensure its resiliency and its ability to speak to a diverse set of issues and readers.

Futureface Alex Wagner, 2019-01-08 From the host of MSNBC's *Alex Wagner Tonight*, “a rich and revealing memoir” (*The New York Times*) about her travels around the globe to solve the mystery of her ancestry, confronting the question at the heart of the American experience of immigration, race, and identity: Who are my people? “A thoughtful, beautiful meditation on what makes us who we are . . . and the values and ideals that bind us together as Americans.”—Barack Obama The daughter of a Burmese mother and a white American father, Alex Wagner grew up thinking of herself as a “futureface”—an avatar of a mixed-race future when all races would merge into a brown singularity. But when one family mystery leads to another, Wagner's post-racial ideals fray as she becomes obsessed with the specifics of her own family's racial and ethnic history. Drawn into the wild world of ancestry, she embarks upon a quest around the world—and into her own DNA—to answer the ultimate questions of who she really is and where she belongs. The journey takes her from Burma to Luxembourg, from ruined colonial capitals with records written on banana leaves to Mormon databases, genetic labs, and the rest of the twenty-first-century genealogy complex. But soon she begins to grapple with a deeper question: Does it matter? Is our enduring obsession with blood and land, race and identity, worth all the trouble it's caused us? Wagner weaves together fascinating history, genetic science, and sociology but is really after deeper stuff than her own ancestry: in a time of conflict over who we are as a country, she tries to find the story where we all

belong. Praise for Futureface “Smart, searching . . . Meditating on our ancestors, as Wagner’s own story shows, can suggest better ways of being ourselves.”—Maud Newton, *The New York Times Book Review* “Sincere and instructive . . . This timely reflection on American identity, with a bonus exposé of DNA ancestry testing, deserves a wide audience.”—*Library Journal* “The narrative is part Mary Roach–style participation-heavy research, part family history, and part exploration of existential loneliness. . . . The journey is worth taking.”—*Kirkus Reviews* “[A] ruminative exploration of ethnicity and identity . . . Wagner’s odyssey is an effective riposte to anti-immigrant politics.”—*Publishers Weekly*

The Year of the Perfect Christmas Tree Gloria Houston, 2009-07-10 Ruthie and her mother wonder how they will fulfill their obligation of getting the perfect Christmas tree to the town for the holiday celebration, since Papa has left the Appalachian area to go to war.

Escaping Viet Nam Harriet Hill, H'Yoanh Buonya, 2013 A naturalized U.S. citizen, H'Yoanh Ksor Buonya was a Montagnard refugee from the Central Highlands of Vietnam, near the Jarai village of Cheo Reo. *Escaping Viet Nam - H'Yoanh's Story* is a survival saga beyond the imagination. Shortly after childbirth, her mother died, and relatives cared for her until she was four, when they placed her in a Catholic orphanage/school. Education became most important in her life, but in 1975, at the age of 16, she found it necessary to follow other Montagnards into the jungles of the Highlands to escape persecution by the North Vietnamese Army/Viet Cong. From 1975 to her arrival in North Carolina in November 1986, H'Yoanh faced starvation, danger, death and incredible hardships resulting from the potential capture by Pol Pot's genocidal regime. Even though her faith was tested, she believes that angels were with her through the darkest of times.
