My Wrangell Mountains Ruedi Homberger, Jona Van Zyle,2011 High atop cascading waterfalls and deep within the lush green depths of the valleys, Swiss photographer Ruedi Homberger has for more than twenty years captured in photographs the majestic beauty of eastern Alaska's Wrangell Mountain range. In addition to summiting some of the Wrangells' loftiest peaks, Homberger has in recent years incorporated a technically challenging new approach into his work. Flying above the mountains in a small plane, Homberger literally goes to new heights to reveal a series of stunning aerial views. The first book-length collection of photographs focusing exclusively on the Wrangell-Saint Elias National Park and Preserve, *My Wrangell Mountains* offers readers a rare opportunity to stand among the giants. Included in this magnificent oversized volume are nearly three hundred full-color photographs and an accompanying selection of sketches by award-winning illustrator Jon Van Zyle.

Natural Resources Law Christine A. Klein, Bret C. Birdsong, Alexandra B. Klass, Eric Biber, David Owen,2022-09-15 The purchase of this ebook edition does not entitle you to receive access to the Connected eBook on CasebookConnect. You will need to purchase a new print book to get access to the full experience including: lifetime access to the online ebook with highlight, annotation, and search capabilities, plus an outline tool and other helpful resources. *Natural Resources Law*, Fifth Edition, continues to emphasize the importance of place through a visually rich text that invites students to consider the passion behind natural resources disputes. Chapters open with a map marking the geographic location of each case and all judicial opinions begin with a context-setting, place-based narrative and photograph. This teachable book groups readings into discrete, assignment-sized chunks and accommodates a wide range of pedagogical approaches. For those who want to focus on cross-cutting themes and policy, each chapter includes thought-provoking article excerpts concludes with a discussion problem that applies the chapter's cases to a contemporary policy issue or dispute. For those who want to get into the nitty-gritty details of the law, each chapter presents statutory and regulatory excerpts in standalone, easily referenced sections, rather than scattered throughout the text. New to the Fifth Edition: New/updated discussion problems, including: access to nature and urban conservation; Dakota Access Pipeline; expanding tribal management of resources; mitigation under Clean Water Act; and climate change and rising seas New cases, including: Wyoming v. DOI; WildEarth Guardians v. Zinke; Center for Biological Diversity v. EPA; Alliance for the Wild Rockies v. U.S. Forest Service; Wetlands America v. White Cloud Nine Ventures; Edwards Aquifer v. Bragg; Butte Environmental Council v. U.S. Army Corps of Engineers New/expanded discussion: Wildfire and state/private forestry regulation Negative impacts on Native Americans of the historical settlement of the public domain and the preservation movement Renewable energy infrastructure on public lands Overlooked and growing relevance of CWA section 404 on streams and wetlands Efforts to recognize "rights of nature" Importance of access to nature; role of urban parks ESA critical habitat; agency policy documents implementing the ESA Water transfers, groundwater regulation, and reserved rights Snowmobile use in Yellowstone National Park; continuing challenges to the Antiquities Act and presidentially designated national monuments Revised chapter on energy and federal lands by national expert Alexandra Klass, including debates over the use of federal lands for continued fossil fuel development and siting of renewable energy infrastructure on public lands Professors and students will benefit from: Place-based approach—conveys passion and drama fueling resource disputes and policy and brings to life judicial analysis and statutory interpretation Broad national coverage—includes both traditional public lands issues and broader natural resource topics of interest to both eastern and western students Factually rich discussion problem at end of each chapter—based on a contemporary dispute or policy issue

Hiking Alaska's Wrangell-St. Elias National Park and Preserve Greg Fensterman,2008-05-01 The first book of its kind for the largest national park in the United States. Six times the size of Yellowstone National Park, Wrangell-St. Elias welcomes 40,000 visitors every year, and each of them will maximize the visit with this all-new guidebook. Detailed information is provided for navigating fifty of the best hiking routes through 13.2 million acres of Alaskan wilderness. The book is organized by type of trip: day hikes, frontcountry treks (starting from road-accessible trailheads), and remote backcountry treks (accessible via fly-in). There are detailed maps and black and white photographs as well as sidebars and narratives about river crossings, navigation, bear safety, wildlife, seasonal changes, and finding the routes.

The Ship, the Saint, and the Sailor Bradley G. Stevens,2018-10-16 The true story about a shipwreck discovery, exciting explorations, broken alliances, and returning a lost piece of Alaskan history. Since its sinking in 1860 while transporting a valuable cargo of ice, the Kad'yak ship had remained submerged underwater and faded in Alaska's memory, covered by the legend of an experienced but perhaps rusty sailor and a broken promise to a saint. At the time the ship had been under command of the well-recognized Captain Illarion Arkhimandritov, who had sailed in Alaskan waters for years. It seemed a simple task

when he was asked to placate superstitions and honor the late Father Herman, or Saint Herman, on his next visit to Kodiak Island. But Arkhimandritov failed to keep his promise, and shortly thereafter the Kad’yak met its demise in the very waters the captain should have been most familiar with—leaving just the mast above the water in the shape of the cross, right in front of the saint’s grave. Presumed gone or else destroyed, it wasn’t until 143 years later that the Kad’yak was found. In this riveting memoir, scientist Bradley Stevens tells all about the incredible discovery and recovery of the ship—deciphering the sea captain’s muddled journal, digging through libraries and other scientists’ notes, boating over and around the wreck site in circles. Through careful documentation, interviews, underwater photography, and historical research, Stevens recounts the process of finding the Kad’yak, as well as the tumultuous aftermath of bringing the legendary ship’s story to the public—from the formed collaborations to torn partnerships to the legal battles. An important part of Alaska’s history told from Stevens’s modern-day sea expedition, *The Ship, the Saint, and the Sailor* reveals one of the oldest known shipwreck sites in Alaska discovered and its continuing story today.

Summit Guide ,1995

National Parks ,2005 The flagship publication of the National Parks Conservation Association, *National Parks Magazine* (circ. 340,000) fosters an appreciation of the natural and historic treasures found in the national parks, educates readers about the need to preserve those resources, and illustrates how member contributions drive our organization's park-protection efforts. *National Parks Magazine* uses images and language to convey our country's history and natural landscapes from Acadia to Zion, from Denali to the Everglades, and the 387 other park units in between.
