Trust Me, I'm Lying Ryan Holiday,2013-07-02 The cult classic that predicted the rise of fake news—revised and updated for the post-Trump, post-Gawker age. Hailed as astonishing and disturbing by the Financial Times and essential reading by TechCrunch at its original publication, former American Apparel marketing director Ryan Holiday's first book sounded a prescient alarm about the dangers of fake news. It's all the more relevant today. Trust Me, I'm Lying was the first book to blow the lid off the speed and force at which rumors travel online—and get traded up the media ecosystem until they become real headlines and generate real responses in the real world. The culprit? Marketers and professional media manipulators, encouraged by the toxic economics of the news business. Whenever you see a malicious online rumor costs a company millions, politically motivated fake news driving elections, a product or celebrity zooming from total obscurity to viral sensation, or anonymously sourced articles becoming national conversation, someone is behind it. Often someone like Ryan Holiday. As he explains, “I wrote this book to explain how media manipulators work, how to spot their fingerprints, how to fight them, and how (if you must) to emulate their tactics. Why am I giving away these secrets? Because I'm tired of a world where trolls hijack debates, marketers help write the news, opinion masquerades as fact, algorithms drive everything to extremes, and no one is accountable for any of it. I'm pulling back the curtain because it's time the public understands how things really work. What you choose to do with this information is up to you.”

Why I Write George Orwell,2021-01-01 George Orwell set out ‘to make political writing into an art’, and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the ‘four great motives for writing’ – ‘sheer egoism’, ‘aesthetic enthusiasm’, ‘historical impulse’ and ‘political purpose’ – and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' – Irish Times

Perennial Seller Ryan Holiday,2017-07-18 The book that Inc. says every entrepreneur should read and an FT Book of the Month selection... How did the movie The Shawshank Redemption fail at the box office but go on to gross more than \$100 million as a cult classic? How did The 48 Laws of Power miss the bestseller lists for more than a decade and still sell more than a million copies? How is Iron Maiden still filling stadiums worldwide without radio or TV exposure forty years after the band was founded? Bestselling author and marketer Ryan Holiday calls such works and artists perennial sellers. How do they endure and thrive while most books, movies, songs, video games, and pieces of art disappear quickly after initial success? How can we create and market creative works that achieve longevity? Holiday explores this mystery by drawing on his extensive experience working with businesses and creators such as Google, American Apparel, and the author John Grisham, as well as his interviews with the minds behind some of the greatest perennial sellers of our time. His fascinating examples include: • Rick Rubin, producer for Adele, Jay-Z, and the Red Hot Chili Peppers, who teaches his artists to push past short-term thinking and root their work in long-term inspiration. • Tim Ferriss, whose books have sold millions of copies, in part because he rigorously tests every element of his work to see what generates the strongest response. • Seinfeld, which managed to capture both the essence of the nineties and timeless themes to become a modern classic. • Harper Lee, who transformed a muddled manuscript into To Kill a Mockingbird with the help of the right editor and feedback. • Winston Churchill, Stefan Zweig, and Lady Gaga, who each learned the essential tenets of building a platform of loyal, dedicated supporters. Holiday reveals that the key to success for many perennial sellers is that their creators don't distinguish between the making and the marketing. The product's purpose and audience are in the creator's mind from day one. By thinking holistically about the relationship between their audience and their work, creators of all kinds improve the chances that their offerings will stand the test of time.

author whom I won't name (okay, me) has abandoned his book and has left his readers hanging out to dry. This is a crime, I admit, but there it is. Most of this book, well, I just haven't written it. And I'm not going to, either. Why? Oh, I have my reasons. Big. Grown up. Author. Reasons. Unfortunately, I can't reveal them yet. Let's just say a life is at stake (mine) and leave it at that. So will you do it? Pretty please? You'll do it? Thank you! But please hurry! Time is of the essence and you can't wait any longer. You must WRITE THIS BOOK!

Blueprint for a Book Jennie Nash, 2021-09 How to write a novel in the most efficient way by tackling the hardest part before you start to write, from top book coach Jennie Nash This process makes me want to write, and it makes what I'm writing better. I read it before every draft. It's that good. -KJ Dell'Antonia, New York Times bestselling author of *The Chicken Sisters* Whether you're writing your first novel or your tenth, there is a temptation to pin it to the page before it disappears. It's such a brilliant idea and you can see the whole thing shimmering in your mind, just out of reach. Maybe you do some work on character development and plotting, but you're a racehorse at the gate, ready to run, ready to write. This book is an argument to stop and define the foundational elements of your story before you keep writing - which means understanding your motivation as a writer, considering your reader's expectations, and making sure your story has a solid structure that will hold up inside and out from beginning to end. This clarity is what gives a novel its power and a writer their confidence. Jennie Nash is the creator of the Book Coach Certification program at Author Accelerator and has taught hundreds of book coaches and thousands of novelists how to use the Blueprint for a Book system--and the Inside Outline at the heart of it - to help them produce their best work in the most efficient way. Jennie Nash turned me into a plotter and changed the way I think about approaching any new project. I'm an Inside Outside outline fan for life! -Alison Hammer, author of *You and Me and Us* and *Little Pieces of Me* If you are about to start writing or revising your novel - hold up! You need this book before putting fingers to keyboard. It's a step-by-step design-your-novel manual that encapsulates the most important aspect of great story-telling: how to reach deep into your writerly heart and into the heart of the story you want to bring to life. - Janet Fox, author of *The Artifact Hunters* I will sing the praises of the Inside Outline forever. It's f*ing genius. -Carla Naumburg, author of *How to Stop Losing Your Sh*t With Your Kids* The Inside Outline is making writing easier. I can focus more on the writing rather than discovering what the scene is about when I'm creating it. Why isn't every writer using it? Instead, people are plonking down good money to be told ten key steps in writing dialogue or setting a scene. I'm so grateful I'm no longer one of them. - Kate Kimball, first time novelist

MFA in a Box John Rember, 2010 Nautilus Book Award Silver Winner. Eric Hoffer Award Grand Prize Short List. Midwest Book Award Finalist/Reference. Witty, audacious and wise. Robin Metz, Winner of the Rainer Maria Rilke International Poetry Award. This should be on every writer's bookshelf. Randy Richardson, President, Chicago Writers Association. By exploring the relationships between the writer and love, grief, place, family, race and violence, Rember helps writers dive deep into their own writing. A big part of writing involves grappling with the terrors and discouragements that come when you have writing skills but can't project yourself or your work into the future, says Rember. My hope is that MFA in a Box will help writers balance the despair of writing with the joy of writing. It's a book designed to help you to find the courage to put truth into words and to understand that writing is a life-and-death endeavor -- but that nothing about a life-and-death endeavor keeps it from being laugh-out-loud funny.
