Delish Ultimate Cocktails Joanna Saltz, 2020-10-13 100+ insanely great cocktail recipes for every occasion including margaritas, mimosas, martinis and more, each with a fresh and fun twist. Plus, super-creative boozy sweets! Delish Ultimate Cocktails provides everything you need to make amazing drinks at home...and then some. Each of the 100+ easy and fun recipes dreamt up by the editors of Delish is an excuse to throw a party. These cocktail recipes will shake things up and elevate your entertaining game with best-ever versions of the classics, like Margaritas, Martinis, Bloody Marys, and Mai Tais; super-fun cocktails for a crowd, like Prosecco Punch and Bourbon Milk Punch; plus inventive new ideas for Jell-O shots and boozy sweets like Banana Pudding Shots and Pina Colada Truffles. Recipes include Strawberry Frosé, Frozen Dark & Stormy, Flamin' Hot Cheetos Bloody Mary, Apple Cider Mimosas, Creamsicle Punch, Negroni Jell-O Shots, Moscow Mule Pops and many more! There's even an assortment of mocktails including Apple Cider Slushies and Cranberry Basil Sangria. Inside, you'll find: A color photograph for every recipe Easy-to-follow recipes for every event imaginable from brunch to girls' night to summer parties and holiday gatherings Recipe servings range from individual drinks to big batch punches, perfect for any sized celebration! Tips on how to stock a bar cart and which glass to use for each drink Drinks inspired by your favorite movies and characters, like Butterbeer Punch and Tiffany Mimosas. Once you've tried just one of these drinks you'll want to know: Why limit happy to an hour!

An Introduction to Pastels Michael Wright, 2014

Six Drawing Lessons William Kentridge, 2014-09-01 Over the last three decades, the visual artist William Kentridge has garnered international acclaim for his work across media including drawing, film, sculpture, printmaking, and theater. Rendered in stark contrasts of black and white, his images reflect his native South Africa and, like endlessly suggestive shadows, point to something more elemental as well. Based on the 2012 Charles Eliot Norton Lectures, Six Drawing Lessons is the most comprehensive collection available of Kentridge's thoughts on art, art-making, and the studio. Art, Kentridge says, is its own form of knowledge. It does not simply supplement the real world, and it cannot be purely understood in the rational terms of traditional academic disciplines. The studio is the crucial location for the creation of meaning: the place where linear thinking is abandoned and the material processes of the eye, the hand, the charcoal and paper become themselves the guides of creativity. Drawing has the potential to educate us about the most complex issues of our time. This is the real meaning of "drawing lessons." Incorporating elements of graphic design and ranging freely from discussions of Plato's cave to the Enlightenment's role in colonial oppression to the depiction of animals in art, Six Drawing Lessons is an illustration in print of its own thesis of how art creates knowledge. Foregrounding the very processes by which we see, Kentridge makes us more aware of the mechanisms—and deceptions—through which we construct meaning in the world.

The Times Guide to the House of Commons, May 1997 Tim Austin, Timothy R. Austin, 1997 This reference guide to the politics and personalities of the coming election contains full constituency-by-constituency results, biographies of MPs and losing candidates, full statistical analysis of the results by county and by region, and complete details of the new government.

The Painterly Approach Bob Rohm, 2008-09-01 Create paintings with feeling The Painterly Approach bridges the gap between what you see as an artist, and what you feel. More than painting an appealing landscape, it's about making your viewer feel the wind, experience the dance of shadows and sunlight, and admire the wondrous intermingling of colors that attracted you to your subject in the first place. In this gorgeously illustrated book, Bob Rohm shows you how to see the world from a painterly perspective and translate it into expressive, poetic paintings that elicit an emotional response from your viewer. Clearly illustrates how to choreograph color, value, composition, texture and other fundamental elements to achieve those elusive qualities of mood and emotion Features 9 step-by-step demonstrations (in oil, pastel and acrylic) on capturing a vivid sense of time and place Covers brushstrokes, painting with a palette knife, edge control, shadows and other advanced art techniques This book focuses primarily on landscape painting but offers valuable lessons for approaching any subject in a personal and engaging way.

Lectures on Ancient Indian Numismatics D. R. Bhandarkar, 1990 This book comprises of 5 lectures given by the author before the public at the university of Calcutta in 1920 21. The lectures are lengthy and scholarly and discuss (i) the importance of the study of Numismatics (ii) Antiquity of coinage in India (iii) Karshapana coins and their antiquity (these are coins which are mentioned in the Jataka tales) (iv) Science of coinage in Ancient India and finally (v) The history of coinage in ancient India. Mr. Dr. Bhandarkar was the son of the great Indologist R.G. Bhandarkar

Lads And Ladettes In School Jackson, Carolyn, 2006-06-01 FIRST PRIZE WINNER of the SOCIETY FOR EDUCATIONAL STUDIES book award 2006 As a practising youth worker and researcher, I found this book a fascinating and engaging read...It provides a useful analysis and exploration of the classed and gendered 'anti-school' ethic in place presently within many schools, and it will provide a meaningful analysis for academics, policymakers and practitioners and anyone with an interest in gender, education and young people. Fin Cullen, Goldsmiths College, Review in Gender and Education I would [therefore] urge everyone concerned with what is happening in schools to read this book, with its fascinating data and nuanced arguments. Heather Mendick, London Metropolitan University - Review in British Journal of Educational Studies This innovative book looks at how and why girls and boys adopt 'laddish' behaviours in schools. It examines the ways in which students negotiate pressures to be popular and 'cool' in school alongside pressures to perform academically. It also deals with the fears of academic and social failure that influence pupils' school lives and experiences. Drawing extensively on the voices of students in secondary schools, it explores key questions about laddish behaviours, such as: Are girls becoming more laddish - and if so, which girls? Do boys and girls have distinctive versions of laddishness? What motivates laddish behaviours? What are the consequences of laddish behaviours for pupils? What are the implications for teachers and schools? The author weaves together key contemporary theories and research on masculinities and femininities with social psychological theories and research on academic motives and goals, in order to understand the complexities of girls' and boys' behaviours. This topical book is key reading for students, academics and researchers in education, sociology and psychology, as well as school teachers and education policy makers.
