**Patti Callahan**

Surviving Savannah Patti Callahan,2022-04-05 An atmospheric, compelling story of survival, tragedy, the enduring power of myth and memory, and the moments that change one's life. --Kristin Hannah, #1 New York Times bestselling author of *The Four Winds* [An] enthralling and emotional tale...A story about strength and fate.--Woman's World “An epic novel that explores the metal of human spirit in crisis. It is an expertly told, fascinating story that runs fathoms deep on multiple levels.”—New York Journal of Books It was called The Titanic of the South. The luxury steamship sank in 1838 with Savannah's elite on board; through time, their fates were forgotten--until the wreck was found, and now their story is finally being told in this breathtaking novel from the New York Times bestselling author of *Becoming Mrs. Lewis*. When Savannah history professor Everly Winthrop is asked to guest-curate a new museum collection focusing on artifacts recovered from the steamship Pulaski, she's shocked. The ship sank after a boiler explosion in 1838, and the wreckage was just discovered, 180 years later. Everly can't resist the opportunity to try to solve some of the mysteries and myths surrounding the devastating night of its sinking. Everly's research leads her to the astounding history of a family of eleven who boarded the Pulaski together, and the extraordinary stories of two women from this family: a known survivor, Augusta Longstreet, and her niece, Lilly Forsyth, who was never found, along with her child. These aristocratic women were part of Savannah's society, but when the ship exploded, each was faced with difficult and heartbreak decisions. This is a moving and powerful exploration of what women will do to endure in the face of tragedy, the role fate plays, and the myriad ways we survive the surviving.

*Clean Economy Now* Bob Keefe,2024-04-02 An inspiring look at the Clean Energy Revolution

Combining the instincts of a journalist and the insight of the leader of a national business organization at the forefront of climate policy, Bob Keefe provides the first in-depth look at how the most important climate action in history is reshaping our economy, the way we live, and the future of our planet. He shows how the future long predicted by pundits, policymakers and prognosticators has arrived, and how smart businesses and communities are seizing the opportunities that come with it. Keefe introduces readers to the next generation of clean energy entrepreneurs and innovators, and takes us to places like Kings Mountain, N.C. and Blue Oval City, Tenn., modern-day clean economy frontier towns where battery and electric vehicle factories are sprouting from fallow fields and reinvigorating communities previously bypassed by earlier economic shifts.

**Get Off My Neck** Debbie Hines,2024-03-26 A deeply revealing exposé of the American prosecutorial system and its historic and present racial inequities—and how we can transform the system to one of fairness and justice. In Get Off My Neck, Debbie Hines draws on her unique perspective as a trial lawyer, former Baltimore prosecutor, and assistant attorney general for the State of Maryland to argue that US prosecutors, as the most powerful players in the criminal justice system, systematically target and criminalize Black people. Hines describes her disillusionment as a young Black woman who initially entered the profession with the goal of helping victims of crimes, only to discover herself aiding and abetting a system that prizes plea bargaining, speedy conviction, and excessive punishment above all else. In this book, she offers concrete, specific, and hopeful solutions for just how we can come together in a common purpose for criminal justice and racial justice reform. Get Off My Neck explains that the racial inequities in the prosecutorial system are built into our country's DNA. What's more, they are the direct result of a history that has conditioned Americans to perceive the Black body as insignificant at best and dangerous at worst. Unlike other books that discuss the prosecutor's office and change from inside the office, Hines offers a proactive approach to fixing our broken prosecutorial system through a broad-based alliance of

reform-minded prosecutors, activists, allies, communities, and racial justice organizations—all working together to end the racist treatment of Black people. Told intimately through personal, family, and client narratives, *Get Off My Neck* is not only a deeply sobering account of our criminal justice system and its devastating impact on Black children, youth, and adults but also a practical and inspiring roadmap for how we can start doing better right now.

**Mysterious Georgia** Sherman Carmichael,2021 A plunge into Georgia history offers no shortage of bewilderment. UFOs, haunted bridges, ghost lights and monsters are just a smattering of the unexplained.

At the Jekyll Island Club, a bellhop from the Roaring Twenties does his best to stay busy. A bright golden light hovers above the tracks of Macon and Brunswick Railroad, floating toward spectators before it just...turns off. From the obligatory mountain road 'Squatch sightings to Jimmy Carter's eerie encounter in a stand of Leary pines, Sherman Carmichael leads adventurous readers on a quest through baffling Georgia legends.

**Drive-Thru Dreams** Adam Chandler, 2019-06-25 “This is a book to savor, especially if you’re a fast-food fan.”—Bookpage This fun, argumentative, and frequently surprising pop history of American fast food will thrill and educate food lovers of all speeds. —Publishers Weekly Most any honest person can own up to harboring at least one fast-food guilty pleasure. In *Drive-Thru Dreams*, Adam Chandler explores the inseparable link between fast food and American life for the past century. The dark underbelly of the industry’s largest players has long been scrutinized and gutted, characterized as impersonal, greedy, corporate, and worse. But, in unexpected ways, fast food is also deeply personal and emblematic of a larger than life image of America. With wit and nuance, Chandler reveals the complexities of this industry through heartfelt anecdotes and fascinating trivia as well as interviews with fans, executives, and workers. He traces the industry from its roots in Wichita, where White Castle became the first fast food chain in 1921 and successfully branded the hamburger as the official all-American meal, to a teenager’s 2017 plea for a year’s supply of Wendy’s chicken nuggets, which united the internet to generate the most viral tweet of all time. *Drive-Thru Dreams* by Adam Chandler tells an intimate and contemporary story of America—its humble beginning, its innovations and failures, its international charisma, and its regional

identities—through its beloved roadside fare.

*Bloody Savannah* Derek Smith,2023-04-25 Savannah is one of America's most beautiful and historic cities. Yet underneath the mint juleps, oaks bearded with Spanish moss and the splendor of colonial architecture, there lurks a deadly undercurrent. This is a first-person account of an award-winning newspaper crime reporter's career, covering scores of murders in the Savannah area, including one of the bloodiest eras in the city's history: in 1985, metro Savannah earned notoriety with the nation's highest homicide rate. The author describes a wide range of crimes, including murders over a 14-year-old lover, \$4 for hamburgers or a baby carriage; the grisly murder of a voodoo priest; bound corpses in the waterways

and interstate body dumping grounds; the Scarecrow and Say Cheese Killers, serial killer Wade Sheffield; and many more.
