Roll Red Roll Nancy Schwartzman, 2022-07-12 **A New York Times Book Review Editor's Choice selection** An incisive narrative about a teen rape case that divided a Rust Belt town, exposing the hostile and systemic undercurrents that enable sexual violence, and spotlighting ways to make change. In football-obsessed Steubenville, Ohio, on a summer night in 2012, an incapacitated sixteen-year-old girl was repeatedly assaulted by members of the “Big Red” high school football team. They took turns documenting the crime and sharing on Facebook, Twitter, and YouTube. The victim, Jane Doe, learned the details via social media at a time when teens didn’t yet understand the lasting trail of their digital breadcrumbs. Crime blogger Alexandria Goddard, along with hacker collective Anonymous, exposed the photos, Tweets, and videos, making this the first rape case ever to go viral and catapulting Steubenville onto the national stage. Filmmaker Nancy Schwartzman spent four years embedded in the town, documenting the case and its reverberations. Ten years after the assault, *Roll Red Roll* is the culmination of that research, weaving in new interviews and personal reflections to take readers beyond Steubenville to examine rape culture in everything from sports to

teen dynamics. Roll Red Roll explores the factors that normalize sexual assault in our communities. Through inter-views with sportswriter David Zirin, victim's rights attorney Gloria Allred and more, Schwartzman untangles the societal norms in which we too often sacrifice our daughters to protect our sons. With the Steubenville case as a flashpoint that helped spark the #MeToo movement, a decade later, Roll Red Roll focuses on the perpetrators and asks, can our society truly change?

Legacy of Mercy Gretchen R. Crowe, 2022-10-24 On May 31, 1999, Rachel Muha experienced a mother's worst nightmare. Her youngest son, Brian, and his friend Aaron Land were taken by force on a journey of about 20 miles, spanning three states, that ended in torture and death. They were roommates and students at Franciscan University of Steubenville, and the murders shocked the campus and the wider community. Even before her son's body was found, Rachel publicly forgave her son's killers. It was a life-changing moment, not just for her but for everyone who heard her powerful act of forgiveness and love. Rachel has continued to choose mercy and forgiveness every day since then, now leading a ministry that serves inner-city children in the hope that they won't choose the same life that Brian's murderers did. *Legacy of Mercy*

tells the story of raising and losing a son; the story of forgiving his murderers; and the story of a mother responding to her son's death not with vengeance or self-pity, but with love and a desire to serve others in need.

SWAT Madness and the Militarization of the American Police

Jim Fisher, 2010-09-02 With the immediacy of a daily newspaper, this book reveals how the irresponsible use of SWAT teams, shock-and-awe policing, and the increasing militarization of American law enforcement is changing the face of the land of the free. In the United States, military-style police enforcement is fast becoming the norm—even the smallest police departments now field costly SWAT units. While the fact that police forces have increased capabilities to deal with urgent or dangerous situations may seem positive, this type of aggressive response is problematic; court settlements regarding excessive SWAT raids cost law enforcement agencies millions of dollars every year, not to mention that these brute-force strategies often traumatize, injure, and kill innocent people. This book takes an unprecedented look into the realities of zero-tolerance, militaristic policing, the tactics and equipment used, the problematic crime warrior mindset at play, and the statistical evidence of its ineffectiveness. The author's

professional experience in criminology and scholarly knowledge of the topic enables him to candidly address common concerns about utilizing paramilitary law enforcement and special weapons and tactics (SWAT) units in routine, low-risk police work, such as the general loss of freedom, the often tragic results of excessive force, and the effects on race relations.

A Ghost a Day Maureen Wood,Ron Kolek,2010-08-18 Can't get enough spooks, spirits, and specters? Now you'll never have to go a day without your ghoulish fix. This ghastly collection features some of the scariest stories of murder, revenge, and suicide ever told—and the spirits that haunt their resting place for all time. As a truly unique convention, each story directly relates to the specific day on which it's found. You'll find shocking stories of: Sightings of the spectral SS Valencia that was lost at sea on January 22nd, 1906 The Thirteen Lost Souls trapped in the burning Jolema Building in Brazil on February 1st, 1974 seen roaming the new

corridors and offices The ghostly mist of the Green Lady in the oldest graveyard in Burlington, Connecticut, which she started haunting on April 12, 1800 Not for the faint of heart, this book delivers tales to terrify you every day of the year!

Army Support During the Hurricane Katrina Disaster James A. Wombwell, 2011 This is a print on demand edition of a hard to find publication. Hurricane Katrina, in Aug. 2005, was the costliest hurricane as well as one of the five deadliest storms in U.S. history. It caused extensive destruction along the Gulf coast from central Florida to Texas. Some 22,000 Active-Duty Army personnel assisted with relief-and-recovery operations in Mississippi and Louisiana. At the same time, all 50 states sent approx. 50,000 National Guard personnel to deal with the storm's aftermath. Because the media coverage of this disaster tended toward the sensational more than the analytical, many important stories remain to be told in a dispassionate manner. This study offers a dispassionate analysis of the Army's response to the natural disaster by providing a detailed account of the operations in Louisiana and Mississippi.

Studio Television Production and Directing Andrew Hicks Utterback, 2023-06-23 This updated third edition of Studio

Forbidden Science J. Douglas Kenyon, 2008-02-11 Reveals the cutting edge of New Science and shows how established science

disallows inquiry that challenges the status quo—even when it produces verifiable results • Contains 43 essays by 19 researchers denoting cutting-edge, heretical, or suppressed scientific research, including Immanuel Velikovsky, Nikola Tesla, Rupert Sheldrake, and Masaru Emoto • Edited by Atlantis Rising publisher, J.

Douglas Kenyon Following the model of his bestselling *Forbidden History* and *Forbidden Religion*, J. Douglas Kenyon has assembled from his bimonthly journal, *Atlantis Rising*, material that explores science and technology that has been suppressed by the orthodox scientific community—from the true function of the Great Pyramid and the megaliths at Nabta Playa to Immanuel Velikovsky's astronomical insights, free energy from space, cold fusion, and Rupert Sheldrake's research into telepathy and ESP. There is an organized war going on in science between materialistic theory and anything that could be termed spiritual or metaphysical. For example, Masaru Emoto's research into the energetics of water, although supported by photographic evidence, has been scoffed at by mainstream science because he has asserted that humans affect their surroundings with their thoughts. The materialism or absolute skepticism of the scientific establishment is detrimental to any scientific inquiry that thinks outside the box. This mentality is

interested in preserving funding for its own projects, those that will not rock the establishment. From Tesla's discovery of alternating current to Robert Schoch's re-dating of the Sphinx, this book serves as a compelling introduction to the true history of alternative and New Science research.

Sexing the Look in Popular Visual Culture Kathy Justice Gentile, 2020-05-15 With dramatic advances in media technology, the practice of sexing or erotically enhancing images has become an increasingly widespread phenomenon. The eroticized "look," as both noun and verb, the thing or image that draws our look, and the look that we bestow on images that elicit our visual, physiological, and emotional attention, is the focus of the essays in this volume. Every day, whether we are out in the world or in the workplace or in the privacy of our homes, we enter visual fields that heighten and distort reality, distortions that often emphasize sexuality and erotic promise. The contributors for this collection look at the sexualization of visual culture from a range of disciplinary perspectives, including literature, film studies, history, philosophy, art history, and media studies, with gender and

sexuality studies providing the encompassing critical framework that binds these essays into a coherent analytical project. The essays in this collection offer new theoretical conceptions of perception and representation, as well as rigorous reconsiderations of the polarized feminist debates over pornographic images. Essays on literature and film range from an interrogation of Baudrillard's theory of seduction that posits femininity as a strategy of illusion and subversion to Bridget Jones's challenge to the prevailing disciplinary regime that prescribes rigid standards for feminine beauty to a reevaluation of the subversive potential of sexy female robots. Other contributors consider the history of nudist images in US periodicals, the proliferation of eroticized images of girls in new digital technologies, gentlemanly masculinity in men's fashion in late Victorian England, and a rape prevention campaign's unintentional reinforcement of persistent heterosexist misconceptions about rape.

The Chicken Runs at Midnight Tom Friend, 2018-10-02

Discover the nearly unbelievable true story of how a goofy catchphrase spoken by a coach's dying daughter inspired the 1992 Pittsburgh Pirates in game seven of the National League Championship Series and later became a sign from heaven to a

grieving family at the end of game seven of the 1997 World Series. As a Major League Baseball coach, Rich Donnelly was dedicated, hardworking, and successful. But as a husband and father, he was distant, absent, and a failure. He'd let baseball take over his life, and as a result, his family suffered--that is, until the day he received some harrowing news. Dad, I have a brain tumor, and I'm sorry. These words from his seventeen-year-old daughter, Amy, turned his world upside down. Now, more than ever, he was determined to put his family first. The time they spent together in the months before Amy's death were moments that Rich and his family will treasure forever, but they'll especially remember the inside joke that became a catchphrase for not only the Donnelly family but also the Pittsburgh Pirates as they played in the National League Championship Series that year: The chicken runs at midnight. This book shares the heartwarming story behind the odd catchphrase--and how it still lives on as a symbol for never giving up--and proves that God can work in any person's life, even despite their mistakes and failures. As you learn more about Amy's incredible story, you'll discover: The life-changing power of forgiveness How to find peace and joy in the midst of loss The gift of God's grace Weaving baseball history with personal memoir, this

book is one that will make you thrill to victory, believe in hope, and stand up to cheer for what is good in people's lives. It reminds us that God can work in our lives even when we think it's too late to change--and sometimes he sends us signs from heaven, if we only have eyes to see. Praise for *The Chicken Runs at Midnight*: *The Chicken Runs at Midnight* is a beautiful story of baseball, family, and faith. Tom Friend does a wonderful job of weaving these three themes together and telling you a story that will give you the chills. You will cry; you will laugh; and you will tell the story over and over again--just as I have. --Craig Counsell, manager of the Milwaukee Brewers *The Chicken Runs at Midnight* is the kind of heartwarming story all of us need, not just baseball fans. In our loud, busy world, it's a poignant reminder of what is truly important. --Tom Verducci, bestselling author of *The Yankee Years* and *The Cubs Way*

How to Communicate Effectively With Anyone, Anywhere Dan Bullock, Raul Sanchez, 2021-03-01 Doing business nowadays often means globally, whether with clients, customers, or business partners. Communicating your message effectively—online or in person—has become a must. If you want the best outcome, you must serve the growing need for cultural training that links awareness to action. “A masterclass in authentic global

communication. Full of specific frameworks and actionable tips, it is a must-read for anyone looking to bolster or refine their professional communication toolkit.”—Elizabeth Owens Skidmore, Sponsorship Specialist, Bell Canada

In our increasingly interconnected world, effective communication is the formula for success in any industry. Whether you’re speaking in public, writing an email, or navigating an important negotiation, how you present yourself through language is all-important in today’s global business world. In *How to Communicate Effectively with Anyone, Anywhere*, two New York University professors reveal a new approach to global communication across key performance areas, including effective emailing, public speaking, and negotiation. *How to Communicate Effectively with Anyone, Anywhere*, with key illustrations, is part instructional text, part empowering workbook, containing practical and proven strategies that can be put to immediate use, along with exercises designed to impart valuable self-discovery and position you as an effective global communicator. You will gain not only the practical skills essential for operating across cultural settings but also a firm foundation for managing global transactions, international relationships, and worldwide innovation. We all know how to email, right? But

contacting counterparts in China, Brazil, or Germany with success requires us to upgrade our skills with key strategies for an expanded and productive network of global interaction. Each chapter contains a practical, easy-to-implement framework that functions as a “blueprint” for global communication and how each skill can best be used virtually in remote work scenarios. For professionals looking to take their skill set to the next level, this book’s approach is the key to connecting professional skills to a larger practice of global understanding, ultimately leading to you communicating effectively and impactfully with anyone, anytime, and anywhere.

How Can I Help? Sherrie Dunlevy, 2016-12-28 Your Go-to Guide for Helping Loved Ones through Life’s Difficulties When tragedy strikes someone you love, you will have to decide what kind of friend you will be: one who is there every step of the way or one who looks the other way. The tips and suggestions offered in this book are some of the most helpful you’ll find anywhere. That’s because the answers come from people who have actually gone through very difficult experiences. They have suffered the loss of children, spouses, parents, and siblings. They have been diagnosed with chronic and terminal illnesses. They have lost jobs,

gotten divorced, or survived sudden changes in their lives due to accidents, crime, or natural disasters. If you really feel a calling to help someone in need but are at a loss for what to do, or you're afraid that what you do or say might somehow be wrong-causing them to feel worse than what they're already feeling-this book was written for you! After reading *How Can I Help?*, I knew exactly what to say to someone who unexpectedly lost her best friend after a seventy-year relationship. Thank you, Sherrie, for showing us how to support others in the simplest, kindest way possible. Your words are timely and important. -Jennifer Read Hawthorne, coauthor, #1 New York Times best sellers *Chicken Soup for the Woman's Soul* and *Chicken Soup for the Mother's Soul* Sherrie Dunlevy's guide for helping others is remarkable for its clarity, good advice, and common sense. This book will change the way I deal with such situations in the future. -William Neal, M.D., Professor Emeritus, Pediatrics, West Virginia University, and Past National Chair, Children's Miracle Network After decades of interviewing hundreds of authors, I know the two ingredients that make the best 'help' books: personal passion and simplicity. Sherrie Dunlevy brings both to *How I Can Help?* -Howard Monroe, Watchdog Radio Network

Historic Tales of the Upper Ohio Valley Paul Zuros, 2023-04-10

Local historian Paul J. Zuros weaves a rich narrative of the region, reliving these tales as only a local can. The Upper Ohio River runs along the border between West Virginia and Ohio, where the cities of Weirton and Steubenville face each other across the flowing water. The history of these two municipalities has been intertwined from their earliest days. Discover stories of the early pioneers on both sides of the river and what they learned about their Native American predecessors. Tales of bygone celebrations will entertain, and rumors of local haunts will chill readers to the bone. The stories of these industrial centers as well as their preindustrial past will intrigue and delight young and old.
