Tom Friend

The Chicken Runs at Midnight Tom Friend,2018-10-02 Discover the nearly unbelievable true story of how a goofy catchphrase spoken by a coach's dying daughter inspired the 1992 Pittsburgh Pirates in game seven of the National League Championship Series and later became a sign from heaven to a grieving family at the end of game seven of the 1997 World Series. As a Major League Baseball coach, Rich Donnelly was dedicated, hardworking, and successful. But as a husband and father, he was distant, absent, and a failure. He'd let baseball take over his life, and as a result, his family suffered--that is, until the day he received some harrowing news. Dad, I have a brain tumor, and I'm sorry. These words from his seventeen-year-old daughter, Amy, turned his world upside down. Now, more than ever, he was determined to put his family first. The time they spent together in the months before Amy's death were moments that Rich and his family will treasure forever, but they'll especially remember the inside joke that became a catchphrase for not only the Donnelly family but also the Pittsburgh Pirates as they played in the National League Championship Series that year: The chicken runs at midnight. This book shares the heartwarming story behind the odd catchphrase--and how it still lives on as a symbol for never giving up--and proves that God can work in any person's life, even despite their mistakes and failures. As you learn more about Amy's incredible story, you'll discover: The life-changing power of forgiveness How to find peace and joy in the midst of loss The gift of God's grace Weaving baseball history with personal memoir, this book is one that will make you thrill to victory, believe in hope, and stand up to cheer for what is good in people's lives. It reminds us that God can work in our lives even when we think it's too late to change--and sometimes he sends us signs from heaven, if we only have eyes to see. Praise for *The Chicken Runs at Midnight*: *The Chicken Runs at Midnight* is a beautiful story of baseball, family, and faith. Tom Friend does a wonderful job of weaving these three themes together and telling you a story that will give you the chills. You will cry; you will laugh; and you will tell the story over and over again--just as I have. --Craig Counsell, manager of the Milwaukee Brewers *The Chicken Runs at Midnight* is the kind of heartwarming story all of us need, not just baseball fans. In our loud, busy world, it's a poignant reminder of what is truly important. --Tom Verducci, bestselling author of *The Yankee Years* and *The Cubs Way*

Glowing After the Darkness Hannah Leasure,2016-04-12 This was supposed to be the happiest and most memorable time in a high school student's career. Who could have imagined I would suddenly succumb to one of the cruelest illnesses existing today? Through this deep and dark trial, I found the strength to rise above adversity and to defy the odds. I developed a closer walk with Christ and a desire to teach and to inspire those who are suffering in their own demise to somehow show them that they can also glow even after the darkness.

Fortune's Favored Child Raouf Mama,2014-06 Raouf Mama is widely beloved by children and adults alike for his books and especially for his African and multicultural storytelling, which incorporates poetry, song, music, and dance. In *Fortune's Favored Child*, the master storyteller tells his own story, beginning in the West African country of Benin. Through a harrowing experience with sickness, an encounter with a clairvoyant traditional healer, and astonishing twists of fortune, the protagonist struggles to uncover his real identity, to get an education, and to make his own way in the world. His journey takes him to the shores of the United States to attend graduate school at the University of Michigan and begin a new chapter in his life. .

Digital Storytelling as Public History Christina Fisanick,Robert O. Stakeley,2020-12-24 Digital Storytelling as Public History: A Guidebook for Educators provides a practical methodology for teaching public history in the digital age. Drawing on a long-standing collaboration, Fisanick and Stakeley examine how and why educators in all arenas should adopt digital storytelling as a means for encouraging interest in local and regional history. The book shows readers how to implement the strategies necessary to help storytellers in a variety of settings create short films that showcase the collections at local and regional historical societies and museums. It also teaches storytellers higher executive functions, such as independent project management, peer and self-critique, and rhetorical savviness. By guiding storytellers through this process of creating public history digital stories, the book enables them to become connected to communities, improve their understanding of regional history, and expand their knowledge of the preservation of historical artifacts. Supported by online handouts and offering a comprehensive methodology for educators, this is the ideal guide for those teaching public history in the digital age across a range of educational settings, including the classroom, museum and community.

The Fervent Embrace Caitlin Carenen,2012 Caitlin Carenen chronicles the American Christian relationship with Israel, tracing first mainline Protestant and then evangelical support for Zionism.

The Polish Hearst Anna D Jaroszynska-Kirchmann,2015-04-30 Arriving in the U.S. in 1883, typesetter Antoni A. Paryski founded a publishing empire that earned him the nickname The Polish Hearst. His weekly Ameryka-Echo became a defining publication in the international Polish diaspora and its much-read letters section a public sphere for immigrants to come together as a community to discuss issues in their own language. Anna D. Jaroszynska-Kirchmann mines seven decades' worth of thoughts expressed by Ameryka-Echo readers to chronicle the ethnic press's long-overlooked role in the immigrant experience. Open and unedited debate harkened back to homegrown journalistic traditions, and The Polish Hearst opens the door on the nuances of an editorial philosophy that cultivated readers as important content creators. As Jaroszynska-Kirchmann shows, ethnic publications in the process forged immigrant social networks and pushed notions of education and self-improvement throughout Polonia.

The Optimistic Food Addict: Recovering from Binge Eating Christina Fisanick Greer,2016 The Optimistic Food Addict explores the author's journey through recovery from binge eating disorder. Inspirational, honest, and motivating, this book is guaranteed to contribute significantly to the recovery of readers who also suffer from food addiction as they feel the gritty, raw truth behind the author's words.

Dead Reckoning Caitlin Rother,2011-02-01 Good Couple Happy and retired, Tom and Jackie Hawks lived a charmed life in sunny Southern California. They were delighted when former child star Skylar Deleon and his pregnant wife Jennifer offered cash to purchase their 55-foot yacht The Well Deserved. . . Bad Couple But a trial voyage turned into a nightmare. Out at sea, the Hawkses begged for their lives as they were forced to sign everything over to Skylar. In return, they were tied to the ship's anchor and thrown overboard--alive. . . Dead Couple Skylar and Jennifer's twisted story became even more shocking

when Skylar's unusual sexual motivations were revealed in court. After killing a man while out of jail on work furlough, he reportedly tried to hire hits from prison on four witnesses, including his father. . . For this former child actor, the answer to *Where Are They Now?* is *Death Row*. A thrilling account of murder and mayhem. --M. William Phelps A chilling read by a writer at the top of her game. --Gregg Olsen A breathless tale of unthinkable events that no true crime fan should miss. --Katherine Ramsland 16 Pages Of Shocking Photos!

The Culture of Punishment Michelle Brown, 2009-10-15 America is the most punitive nation in the world, incarcerating more than 2.3 million people—or one in 136 of its residents. Against the backdrop of this unprecedented mass imprisonment, punishment permeates everyday life, carrying with it complex cultural meanings. In *The Culture of Punishment*, Michelle Brown goes beyond prison gates and into the routine and popular engagements of everyday life, showing that those of us most distanced from the practice of punishment tend to be particularly harsh in our judgments. *The Culture of Punishment* takes readers on a tour of the sites where culture and punishment meet—television shows, movies, prison tourism, and post 9/11 new war prisons—demonstrating that because incarceration affects people along distinct race and class lines, it is only a privileged group of citizens who are removed from the experience of incarceration. These penal spectators, who often sanction the infliction of pain from a distance, risk overlooking the reasons for democratic oversight of the project of punishment and, more broadly, justifications for the prohibition of pain.

Historical Geographies of Prisons Karen M. Morin, Dominique Moran, 2015-06-12 This is the first book to provide a comprehensive historical-geographical lens to the development and evolution of correctional institutions as a specific subset of carceral geographies. This book analyzes and critiques global practices of incarceration, regimes of punishment, and their corresponding spaces of corrections from the eighteenth to twenty-first centuries. It examines individuals' experiences within various regulatory regimes and spaces of punishment, and offers an interpretation of spaces of incarceration as cultural-historical artifacts. The book also analyzes the spatial-distributional geographies of incarceration, particularly with respect to their historical impact on community political-economic development and local geographies. Contributions within this book examine a range of prison sites and the practices that take place within them to help us understand how regimes of punishment are experienced, and are constructed in different kinds of ways across space and time for very different ends. The overall aim of this book is to help understand the legacies of carceral geographies in the present. The resonances across space and time tell a profound story of social and spatial legacies and, as such, offer important insights into the prison crisis we see in many parts of the world today.

Dark Tourism and Crime Derek Dalton, 2014-11-20 Dark tourism has become widespread and diverse. It has passed into popular culture vernacular, deployed in guide books as a short hand descriptor for sites that are associated with death, suffering and trauma. However, whilst books have been devoted to dark tourism as a general topic no single text has sought to explore dark tourism in spaces where crime - mass murder, genocide, State sanctioned torture and violence - has occurred as an organising theme. *Dark Tourism and Crime* explores the socio-cultural contours of this unique type of tourism and explains why spaces/places where crime has occurred fascinate and attract tourists. The book is marked by an ethics of respect for the suffering a place has experienced and an imperative to learn something tangible about the history and legacy of that suffering. Based on empirical ethnographic research it takes the reader from the remnants of Auschwitz concentration camp to the tranquil Australian island of Tasmania to explore precisely what things a dark tourist might encounter - architecture, art installations, gardens, memorials, physical traces of crime - and how these things invoke and evoke past crimes. This volume furthers

understanding of dark tourism and will be of interest to students, researchers and academics of criminology, tourism and cultural studies.

A Country Called Prison Mary D. Looman, John D. Carl, 2015 The United States is the world leader in incarceration. We imprison 716 people out of every 100,000 - compare that to Canada (118), France (101), Mexico (210), Japan (51)... even Russia can only manage a prison population rate of 472. The total US prison population is over 2.25 million, greater than the population of 100 different countries. In fact, if the US prison system were a country, it would be the 142nd most populous nation on earth, falling between Jamaica and Namibia. But besides comparisons based on sheer numbers, what might we learn if we viewed prison as a country? In *A Country Called Prison*, Mary Looman and John Carl will use this question as the starting point for a novel thought experiment--

Notes from the Cosmos Gordon Michael Scallion, 1997 *Notes From the Cosmos* is the story and prophecies of Gordon-Michael Scallion, considered by some to be the modern day Nostradamus.

Prison Jacqueline Z. Wilson, 2008 *Prison: Cultural Memory and Dark Tourism* discusses decommissioned Australian prisons currently or potentially functioning as tourist attractions. In particular, it addresses a fundamental question: Do the interpretations and presentations of the sites include and fairly represent the personal stories and experiences associated with those prisons? The author argues that the conventional understanding of most of Australia's historical prisons fosters a radical othering of inmates, and with it the exclusion, distortion and historical neglect of their narratives. This book examines avenues via which neglected narratives may be glimpsed or inferred, presenting a number of examples. This remedies the imbalance in some degree - and tests such avenues' potential as resources for inclusive interpretations by public historians and curators. The book also focuses on the influence of celebrity prisoners, whose links to the penal system are exploited as promotional features by the sites and in some cases by the individuals themselves. Their narratives provide broad, if unwitting, support for the system and for the othering of the more general inmate population. The ramifications of the above with regard to aspects of Australian identity mean that certain facets of the Australian character traditionally held to be emblematic are affected. These effects have subtle but tangible consequences for modern Australians' collective memory and deleterious consequences for current popular attitudes to penal practice.--BOOK JACKET.

Runaway Devil Robert Remington, Sherri Zickefoose, 2010-09-07 Marc and Debra seemed to have it all—a lovely home in the Prairie town of Medicine Hat, fulfilling careers, a supportive marriage, and two beautiful children: eight-year-old Jacob and twelve-year-old JR. After years of struggle to reach this point, they finally felt their future held promise. But on April 23, 2006, their bodies were discovered in their basement, covered in savage stab wounds. Upstairs, Jacob lay dead on his bed, his toys spattered with blood. Investigators worried for JR's safety, but unknown to them, the pretty honour roll student had been developing a disturbing alter ego online. *Runaway Devil* professed a fondness for a darker world of death metal music, the goth subculture, and a love for Jeremy Steinke, a twenty-three-year-old high-school dropout who lived in a rundown trailer park. Soon, shocking evidence in JR's school locker—printed here for the first time—led police to believe the girl was a suspect in her family's murders. The case horrified parents everywhere. Journalists Robert Remington and Sherri Zickefoose have been covering it from the beginning, and in *Runaway Devil*, they reveal what really happened: the unlikely young love, the teenage rebellion, a troubling world of adolescent drifters, and a small community torn apart by an unthinkable crime. A modern cautionary tale, *Runaway Devil* is also a chilling portrait of an approval-seeking man smitten with a manipulative young girl—who would stop at nothing to get what she wanted.
