Meu Próprio Negócio Meu Próprio Negócio,Negócios,On Line Editora,2017-10-26 Não há dúvidas de que a bola da vez para os empreendedores brasileiros é a rede social Facebook. Enquanto a televisão levou 13 anos para conquistar 50 milhões de telespectadores, a plataforma atingiu esse marco em menos de um ano. A reportagem de capa desta edição reforça sua relevância. A matéria revela que é possível iniciar até despretensiosamente, utilizando a plataforma para divulgar, que, se o produto ou serviço for diferenciado, o público aparece. Nesta edição, você também encontra um especial sobre franchising com donos de franquias bem-sucedidas compartilhando tudo o que sabem sobre transformar um negócio regional em nacional.

Media Discourse in Contemporary India Sudeshna Devi,2022-06-24 This book examines the historical trajectory of the growth of the television news and critically analyzes the role of private television news in framing the nature of public discourse in contemporary India. Set in the context of a

transformed media landscape, the book attempts to understand and analyze the role of two private national news channels, NDTV 24x7 and Aaj Tak, in producing mediatized narratives that offer a commentary on the various social, political, cultural, religious and economic issues in the public domain. This is achieved by critically examining the process and techniques of production, representation and consumption of current affairs programs such as studio debates, panel discussions, audience talk shows and documentaries aired on both the channels. Highlighting some of the key trends that impinge on the structure and mode of operation of television news media in contemporary India, the book offers a simultaneous examination of how the production, representation and consumption of the mediatized discourses shape the nature of public discourse and have social-political ramifications for the functioning of Indian democracy. The book will be of interest to researchers in sociology, media and communication studies, popular culture and South Asian Studies.

Joy 24 X 7 Jeetendra Jain explores Joy with Sadhguru,2008 Joy 24x7 is a very simple but unusual exploration of Joy. There is no religion in this book. There are no rituals prescribed here. There is no deep meditation being described here and neither is there any mention to any spiritual practice. This is not a guidebook. This is not a “self-help” book. It is not going to give you “an instant formula for joy”. But it will surely make you explore your Joy for yourself in a very direct way. The simple, short snippets of daily lives connected with what Sadhguru has to say about Joy, will take you on a wonderful roller coaster ride on Joy with the Master himself. With Sadhguru’s incredible clarity of expression, his brilliant wit and sense of observation, his ability to bring the most profound aspect in a very simple and direct way, this book is for any human being who seeks to be Joyful. No matter who you are, what you are trying to do, Sadhguru’s words will touch a wonderful wave of Joy inside you and you will soon be restless to seek Joy 24x7.
