**Wicked Captain, Wayward Wife** Sarah Mallory,2010-10-01 When young widow Evelina Wylder comes face-to-face with her dashing captain husband—very much alive—she's shocked, overjoyed...and furious! So, whatever his explanation for his outrageous deception, she'll keep Nick firmly out of their marriage bed. Eve's sheltered innocence bewitched Nick, but it's her fiery anger that captures this adventurer's soul! Now the daring war hero faces his biggest challenge yet—proving to Eve that his first duty is to love and cherish her, for always!

**The Performance of Law** Randy Gordon, 2022-08-19 This book considers how law is always enacted, or performed, in ways that can be analyzed in relation to fiction, theatre, and other dramatic forms. Of necessity, lawyers and judges need to devise techniques to make rules respond situationally. The performance of law supplements, or it extends the reach of, the law-as-written. And, in this respect, the act of lawyering is in many ways an instantiation of acts often associated with, for example, literature and the plastic and performing arts. Combining legal theory and legal practice, this book maintains that the modes of enquiry found in, and applied to, novels, paintings, and plays can help us understand how things like legal arguments and trials work—or don't. As such, and through the examination of a wide range of both historical and fictional legal cases, the book pursues an interdisciplinary analysis of how law is performed; and, moreover, how legal performances can be accomplished ethically. This book will appeal to scholars and students in sociolegal studies, legal theory, and jurisprudence, as well as those teaching and training in legal practice.

Quando a jovem viúva Evelina Wylder foi colocada frente a frente com seu marido supostamente falecido, um elegante capitão, por sinal bem vivo, ficou ao mesmo tempo chocada, alegre... e furiosa! Por isso, qualquer que fosse a explicação dele para o ultrajante engano, ela não mais o aceitaria no leito conjugal. A corajosa inocência de Eve havia enfeitiçado Nick, mas a sua fúria ardente o conquistara! Agora, ele teria de encarar seu maior desafio: provar a Eve que sua primeira missão era amá-la e respeitá-la para sempre!

**How Women Decide** Therese Huston,2016-05-10 “An authoritative guide to help women navigate the workplace and their everyday life with greater success and impact” (Forbes). So, you’ve earned a seat at the table. What happens next? We all face hard decisions every day—and the choices we make, and how others perceive them, can be life changing. There are countless books on how to make those tough calls, but How Women Decide is the first to examine a much overlooked truth: Men and women reach verdicts differently, and often in surprising ways. Stress? It makes women more focused. Confidence? Caution can lead to stronger resolutions. And despite popular misconceptions, women are just as decisive as men—though they may pay for it. Pulling from the latest science on decision-making, as well as lively stories of real women and their experiences,

cognitive scientist Therese Huston teaches us how we can better shape our habits, perceptions, and strategies, not just to make the most of our own opportunities, but to reform the culture and bring out the best results—regardless of who’s behind them.

A Field Guide to the Apocalypse Athena Aktipis,2024-04-09 A common sense field guide to understanding, surviving, and thriving in our time of complex chaos and crises. Is this finally it? The end times?Because from COVID-19 to climate catastrophe to the looming AI revolution—not to mention the ever-growing background hum of rage, fear, and anxiety—it’s starting to feel like the party we call civilization is just about over. The good news? It’s always felt that way. Drawing on evolutionary psychology, history, brain science, game theory, and more, cooperation theorist (and, coincidentally, zombie expert) Athena Aktipis reassuringly explains how we, as a species, are hardwired to survive big existential crises. And how we can do so again by leveraging our innate abilities to communicate and cooperate. Pack a ukulele in your prep kit. Practice your risk-management skills. Enlist your crew into a survival team. And embrace the apocalypse. You might just enjoy it. Plus, it will help us build a better and more resilient future for all humankind.

**Facebook Nation** Newton Lee,2022-02-02 This book explores total information awareness empowered by social media. At the FBI Citizens Academy in February 2021, I asked the FBI about the January 6 Capitol riot organized on social media that led to the unprecedented ban of a sitting U.S. President by all major social networks. In March 2021, Facebook CEO Mark Zuckerberg, Google CEO Sundar Pichai, and Twitter CEO Jack Dorsey appeared before Congress to face criticism about their handling of misinformation and online extremism that culminated in the storming of Capitol Hill. With more than three billion monthly active users, Facebook family of apps is by far the world's largest social network. Facebook as a nation is bigger than the top three most populous countries in the world: China, India, and the United States. Social media has enabled its users to inform and misinform the public, to appease and disrupt Wall Street, to mitigate and exacerbate the COVID-19 pandemic, and to unite and divide a country. Mark Zuckerberg once said, We exist at the intersection of technology and social issues. He should have heeded his own words. In October 2021, former Facebook manager-turned-whistleblower Frances Haugen testified at the U.S. Senate that Facebook's products harm children, stoke division, and weaken our democracy. This book offers discourse and practical advice on information and misinformation, cybersecurity and privacy issues, cryptocurrency and business intelligence, social media marketing and caveats, e-government and e-activism, as well as the pros and cons of total information awareness including the Edward Snowden leaks. Highly recommended. - T. D. Richardson, Choice Magazine A great book for social media experts. -

Will M., AdWeek Parents in particular would be well advised to make this book compulsory reading for their teenage children... - David B. Henderson, ACM Computing Reviews
