Fred White, author of The Daily Writer, helps you sort through the plethora of reading material available by providing you with 366 engaging excerpts from ancient poetry to modern science, on topics from allegory to food to writer's block. Each thoughtfully chosen excerpt is followed by a brief reflection and a prompt that allows you to integrate elements from each piece into your own writing. The Daily Reader makes broad reading accessible, invigorates your thirst for the written word, and equips you to put the power of the pros behind your writing.

Own Any Occasion Erik Palmer,2017-10-01 The world is your stage. Own it. Great speaking does not come easy. But even the wallflowers among us can't avoid speaking forever. In Own Any Occasion, speaker and educator Erik Palmer taps into his vast experience to simplify the process of extraordinary speaking, whether you're giving a wedding toast or preparing for a one-on-one sales call. His approach is equal parts preparation and delivery: Never speak unless you have something worth saying, and never let a poor performance diminish a good message. In 11 steps, Palmer shows readers how to craft the perfect message and captivate audiences with exceptional delivery, no matter the circumstance. He demonstrates that the steps to impress when you meet your in-laws for the first time are the same ones that will help you succeed in front of an auditorium full of executives. Whether your audience is large or small, your message personal or professional, Palmer's easy system will help you become the best speaker you can be in any situation. Own Any Occasion is for anyone who wants to master the art of speaking well, from first-time presenters to seasoned pros looking for a new process. Give yourself the tools to impress every listener and develop a more confident you.

Atlantis, the Eighth Continent Charles Berlitz,1984 For thousands of years before the beginning of recorded history -- the legends tell us -- a powerful civilization flourished in the middle of the Atlantic Ocean. This breathtakingly advanced island continent boasted splendid cities, golden temples, crowded seaports from which the far-reaching influence of Atlantis spread to the rest of the world, until its destruction in an overwhelming cataclysm. Now, based on careful study of scientific undersea research, Charles Berlitz proves that Atlantis is not legend but fact -- and unravels a mystery even more startling than the Bermuda Triangle! What message lies buried with the mighty stone structures deep beneath the Atlantic? What profound revelations about Atlantis have come to us from beyond the Earth? Was Atlantis destroyed in an ancient nuclear war? What great centers of Atlantean culture yet await discovery?
