Passive and Active Measurement Thomas Karagiannis,Xenofontas Dimitropoulos,2016-03-23 This book constitutes the proceedings of the 17th International Conference on Passive and Active Measurement, PAM 2016, held in Heraklion, Crete, Greece, in March/April 2016. The 30 full papers presented in this volume were carefully reviewed and selected from 93 submissions. They are organized in topical sections named: security and privacy; mobile and cellular; the last mile; testbeds and frameworks; web; DNS and routing; IXPs and MPLS; and scheduling and timing.

SOCIAL MEDIA MUSINGS George Waas,2023-12-19 Since the attack on the Capitol on January 6, 2021, I have posted numerous essays and other commentaries on Facebook. They are of varying length on matters of politics, law, history, personal matters, and other subjects as well. My first book on social musings contains 142 Facebook posts. My second book is a continuation of my posts, an additional 118. My third book adds another 104. My fourth book adds 78 more. My fifth book adds another 85. My sixth book includes another 116 musings. Book 7 adds another 106 for a combined total of 752 musings. As I've said throughout this series of books, I believe in an informed citizenry that relies on facts, logic, critical thinking, and reasoned judgment. At a time when too many people rely too heavily on social media and the misinformation and disinformation from those sources; at a time when anger and rage too often replace common sense and critical thinking; at a time when propaganda is accepted as fact and fact is dismissed if it flies in the face of opinion, it is hoped that the essays and social commentaries in this series of books on social media musings will inspire dialogue and further citizen involvement in their communities.

Digital Crossroads, second edition Jonathan E. Nuechterlein,Philip J. Weiser,2013-07-05 A thoroughly updated, comprehensive, and accessible guide to U.S. telecommunications law and policy, covering recent developments including mobile broadband issues, spectrum policy, and net neutrality. In Digital Crossroads, two experts on telecommunications policy offer a comprehensive and accessible analysis of the regulation of competition in the U.S. telecommunications industry. The first edition of Digital Crossroads (MIT Press, 2005) became an essential and uniquely readable guide for policymakers, lawyers, scholars, and students in a fast-moving and complex policy field. In this second edition, the authors have revised every section of every chapter to reflect the evolution in industry structure, technology, and regulatory strategy since 2005. The book features entirely new discussions of such topics as the explosive development of the mobile broadband ecosystem; incentive auctions and other recent spectrum policy initiatives; the FCC's net neutrality rules; the National Broadband Plan; the declining relevance of the traditional public switched telephone network; and the policy response to online video services and their potential to transform the way Americans watch television. Like its predecessor, this new edition of Digital Crossroads not only helps nonspecialists climb this field's formidable learning curve, but also makes substantive contributions to ongoing policy debates.

Essentials of Organizational Behavior Terri A. Scandura,2017-12-13 Concise, practical, and based on the best available research, Essentials of Organizational Behavior: An Evidence-Based Approach, Second Edition equips students with the necessary skills to become effective leaders and managers. Author Terri A. Scandura uses an evidence-based approach to introduce students to new models proven to enhance the well-being, motivation, and productivity of people in the work place. Experiential exercises, self-assessments, and a variety of real-world cases and examples provide students with ample opportunity to apply OB concepts and hone their critical thinking abilities. New to this Edition A new Emotions and Moods chapter delves into important topics like emotional intelligence, emotional contagion, and affective neuroscience. A new Power and Politics chapter unpacks the most effective influence strategies and helps students develop their political skills. A streamlined table of contents now combines perception and decision making in a single chapter and change and stress in a single chapter. New case studies, including some from SAGE Business Cases for the Interactive eBook, on topics such as virtual teams, equal pay and the gender wage gap, and the use of apps at work introduce timely and relevant discussions to help foster student engagement. The new edition has been rigorously updated with the latest research throughout and includes expanded coverage of Machiavellian leadership, ethical decision making, and organizational design through change. New Best Practices and Research in Action boxes as well as new Toolkit Activities and Self-Assessments have been added to make the text even more hands-on and practical.

The 100 Best Stocks to Buy in 2018 Peter Sander,Scott Bobo,2017-12-05 Recommendations for one hundred stocks which have a history of beating the stock market average and have positive investment potential based on a variety of investment criteria.

Competition in the Media and Entertainment Distribution Market United States. Congress. House. Committee on the Judiciary,2010

An Incredible Dream William Novak,2012

Media Models to Foster Collective Human Coherence in the PSYCHecology Schafer, Stephen Brock,2019-06-14 Modern populations are superficially aware of media potentials and paraphernalia, but recent events have emphasized the general ignorance of the sentient media. Advertising has long been suspected of cognitive manipulation, but emergent issues of political hacking, false news, disinformation campaigns, lies, neuromarketing, misuse of social media, pervasive surveillance, and cyber warfare are presently challenging the world as we know it. Media Models to Foster Collective Human Coherence in the PSYCHecology is an assemblage of pioneering research on the methods and applications of video games designed as a new genre of dream analogs. Highlighting topics including virtual reality, personality profiling, and dream structure, this book is ideally designed for professionals, researchers, academicians, psychologists, psychiatrists, sociologists, media specialists, game designers, and students hoping for the creation of sustainable social patterns in the emergent reality of energy and information.

Handbook of Research on Global Media's Preternatural Influence on Global Technological Singularity, Culture, and Government Schafer, Stephen Brock,Bennet, Alex,2022-02-11 Trends of the last few years, including global health crises, political division, and the ongoing threat to social-environmental survival, have been continually obscured by disinformation and misinformation and therefore created a need for stronger global technological media policy. It is no longer acceptable or moral to support a global communication network based only on market factors and propaganda. The Handbook of Research on Global Media's Preternatural Influence on Global Technological Singularity, Culture, and Government views preternatural healing of the media-sphere from a variety of perspectives on the dynamic of heart-coherent entertainment. Specifically, it addresses the subject of a healthy media from a variety of fractal perspectives. Covering topics such as collective unconscious, mediated reality, and government media trust, this major reference work is an essential resource for librarians, media specialists, media analysts, sociologists, government employees, communications specialists, psychologists, researchers, educators, academicians, and students.

Digital Media Law Christopher S. Reed,2022-10-18 Digital Media Law offers a practical guide to the law of media and communication, focusing on digital channels, models, and technologies. It draws together the aspects of media law that are most critical for those engaged in the production and distribution of digital media, from traditional broadcasters and internet-based services to major internet platforms. As an expert scholar and educator in media law, Christopher S. Reed brings considerable experience as an in-house lawyer for a U.S.-based media company with extensive news, sports, and entertainment operations. This blend of practical and scholarly insight delivers a textbook which packs foundational principles and concepts into the context of the digital environment, focusing on how those doctrines are applied in the face of rapidly evolving newsgathering, production, and distribution technologies. Key features include: In the News sections that tie the legal principles to real-world events or situations An integrated fictional case study of a media enterprise Insights into digital media policy This accessible textbook is the ideal companion for advanced undergraduate and graduate students as well as practitioners interested in law, journalism, and media studies.

Hispanic Marketing Felipe Korzenny,Sindy Chapa,Betty Ann Korzenny,2017-06-14 Hispanic Marketing: The Power of the New Latino Consumer focuses on using cultural insights to connect with Latino consumers. Now in its third edition, the book provides marketers with the skills necessary to perform useful Hispanic market analysis and thus develop effective integrated marketing communication strategies. Brought to you by three leaders in the field of Hispanic Marketing, this third edition now includes: twenty-seven new case studies which emphasize digital marketing applications theories and discussions on recent changes to Hispanic culture and society concepts of social identity, motivation, cognitive learning, acculturation, technology adaptation and the influence of word of mouth in relation to the Hispanic market a brand new companion website for course instructors with PowerPoint slides, videos, testbank questions and assignment examples Replete with marketing strategies that tap into the passion of Hispanic consumers, this book is the perfect companion for anyone specializing in Hispanic marketing who aims to build a meaningful connection between their brand and target markets.

Digital Entertainment Superguide , Audio and video content is all around us. And these days much of it comes not from TV cables, satellite dishes, and radio antennas, but from our digital devices around the house, streaming over the Internet and local networks. And that's why we created the Digital Entertainment Superguide, a primer with everything you need to know to get started. This book walks you through how to set up your home network and choose the right hardware—set-top boxes, smart TVs, media center computers, streaming speakers, remote controls, and more—for your needs. Like to watch TV shows and movies but not sure where to find what? We've got you covered with a guide to streaming video sources for your TV or mobile devices.We don't leave music lovers out either, as we help you choose the best streaming audio service. Do you want Mog, Rdio, Rhapsody, Slacker, or Spotify? How much does each service cost? Which sounds best? We answer all those questions and more in the pages that follow. Finally, if you're wondering how to move audio and video around the house—stream music wirelessly from an iPhone to an AirPlay speaker in the living room or send video from a computer to your beautiful wall-mounted HDTV—you've come to the right place. We'll even show you how to use your smartphone or tablet to control it all. So read on, and let the fun begin!
